No. F.-4-III/27-P.—The following Statute is published for general information :—

THE WORKMEN'S COMPENSATION (TRANSFER OF FUNDS) ACT, 1927.

(17 AND 18 GEO. 5. CH. 15.)

CHAPTER 15.

AN ACT TO MAKE SUCH AMENDMENTS OF THE WORKMEN'S COMPENSATION ACT, 1925, AS ARE NECESSARY TO GIVE EFFECT TO A CERTAIN RESOLUTION ADOPTED BY AN IMPERIAL CONFERENCE HELD IN LONDON IN THE YEAR NINETEEN HUNDRED AND TWENTY-SIX.

[*29th July 1927.*]

WHEREAS at an Imperial Conference held in London in the year nineteen hundred and twenty-six, a resolution was adopted recommending that arrangements should be made between the different parts of the Empire whereby sums awarded under the law relating to workmen's compensation in one part of the Empire to beneficiaries resident or becoming resident in another part of the Empire may, at the request of the authority by which the award is made, be transferred to and administered by a competent authority in that part of the Empire in which such beneficiaries reside, and inviting the several Governments of the Empire to take such steps by way of legislation or otherwise as each may consider necessary and appropriate for the purpose of promoting such arrangements :

Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled and by the authority of the same, as follows :—

Amendment of 15 and 16 Geo. 5 c. 84 as to powers of making rules of court.

1. For the purpose of giving effect to the said resolution, the Workmen's Compensation Act, 1925, shall be amended as follows :—

Rules of court under the said Act may provide, in the event of any such arrangement as is mentioned in the said resolution being made between Great Britain and any other part of His Majesty's dominions—

(*a*) for the transfer, in such manner as may be provided by the arrangement, to the part of His Majesty's dominions with which the arrangement is made of any money paid into court under the said Act and rules made thereunder, as applicable for the benefit of any person resident in or about to reside in the part of His Majesty's dominions with which the arrangement has been made ;

(*b*) for the receipt and administration by a county court of any money which under any such arrangement has been transmitted from the part of His Majesty' dominions with which the arrangement has been made as money applicable for the benefit of any person resident or about to reside in Great Britain.

Short title and construction.

2. (1) This Act may be cited as the Workmen's Compensation (Transfer of Funds) Act, 1927, and shall be construed as one with the Workmen's Compensation Act, 1925.

(2) For the purposes of this Act "His Majesty's dominions" includes territories under His Majesty's protection and such, if any, of the territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Majesty as His Majesty may by Order in Council direct shall be treated as if they were included in His Majesty's dominions for the purposes of this Act.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 24th August, 1927 :—

L. A. BILL NO. 39 OF 1927.

A Bill further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as follows :— XLV of 1860. V of 1898.

Short title.

1. This Act may be called the Criminal Law Amendment Act, 1927.

Insertion of new section 295A, in Act XLV of 1860.

2. After section 295 of the Indian Penal Code the following section shall be inserted, namely :— XLV of 1860.

Other actions intended to insult religion or outrage religious feelings of any class.

"295A. Whoever by words, either spoken or written, or by signs, or by visible representations, or otherwise, intentionally insults or attempts to insult the religion, or intentionally outrages or attempts to outrage the religious feelings, of any class of His Majesty's subjects shall be punished with imprisonment of either description for a term which may extend to two years or with fine, or with both."

Amendment of Act V of 1898

3. In the Code of Criminal Procedure, 1898, the following amendments shall be made, namely :— V of 1898.

(*i*) in sub-section (*1*) of section 99A, after the words "His Majesty's subjects" the words "or which is intended to insult the religion or outrage the religious feelings of any such class" shall be inserted, and after the figures and letter "153A" the words, figures and letter "or section 295A" shall be inserted ;

(*ii*) in section 196, after the word, figures and letter "section 294A" the words, figures and letter "or section 295A" shall be inserted :

(*iii*) in the Second Schedule, after the entry relating to section 295 of the Indian Penal Code, the following entry shall be inserted, namely :— XLV of 1860.

295A ...	Insulting the religion or outraging the religious feelings of any class.	Shall not arrest without warrant.	Warrant	Not bailable.	Not compoundable.	Imprisonment of either description for 2 years, or fine, or both.	Presidency Magistrate or Magistrate of the first class";

and

(*iv*) in the same Schedule, for the entries in the third fourth, fifth, sixth and eighth columns relating to section 296 of the Indian Penal Code, the following entries shall be substituted, respectively, namely :— XLV of 1860.

"May arrest without warrant	Summons ...	Bailable ...	Not compoundable.	Presidency Magistrate or Magistrate of the first or second class"

STATEMENT OF OBJECTS AND REASONS.

The prevalence of malicious writings intended to insult the religion or outrage the religious feelings of various classes of His Majesty's subjects has made it necessary to examine the existing provisions of the law with a view to seeing whether they require to be strengthened. Chapter XV of the Indian Penal Code, which deals with offences relating to religion, provides no penalty in respect of writings of the kind described above. Such writings can usually be dealt with under section 153A of the Indian Penal Code as it is seldom that they do not represent an attempt to promote feelings of enmity or hatred between different classes. It must be recognized, however, that this is only an indirect way of dealing with acts which may properly be made punishable themselves, apart from the question whether they have the further effect of promoting feelings of enmity or hatred between classes. Accordingly it is proposed to insert a new section in Chapter XV of the Indian Penal Code, with the object of making it a specific offence intentionally to insult or attempt to insult the religion or outrage or attempt to outrage the religious feelings of any class of His Majesty's subjects. Certain amendments are also proposed in the Code of Criminal Procedure in pursuance of the object of the Bill.

23. In Item No. 153, for the figures and letter "51, 51A" the figures and letters "18A, 18D" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to the decision of the Government of India to remove the import duties on certain machinery and mill stores as announced in paragraph 12 of their Resolution No. 341-T. (27), dated the 7th June 1927, on the report of the Tariff Board (Cotton Textile Industry Enquiry).

2. It is considered undesirable to retain the 2½ per cent. *ad valorem* duty on printing machinery and material when the duty on other machinery is being removed. It is accordingly proposed to remove the duty on the articles included in Item 54 of the Import Tariff Schedule, as well as the duty on articles included in Items 51, 51-A and 51-B.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 18th August, 1927 :—

L. A. BILL NO. 37 OF 1927.

A Bill further to amend the Indian Tariff Act, 1894, in order to safeguard the manufacture of cotton yarn in British India.

WHEREAS it is expedient further to amend the Indian Tariff Act, 1894, in order to safeguard the cotton textile industry in British India against competition in cotton yarn produced under industrial conditions which enable such yarn to be produced at a cost below that at which it can be produced in British India ; It is hereby enacted as follows :— VIII of 1894.

Short title.

1. This Act may be called the Indian Tariff (Cotton Yarn Amendment) Act, 1927.

Amendment of of the Second Schedule to Act VIII of 1894.

2. (*1*) In Item No. 44 of the Second Schedule to the Indian Tariff Act, 1894, after the figure and words " 5 per cent. " the figure and words " or 1½ annas per pound, whichever is higher " shall be added. VIII of 1894.

(*2*) The amendment made by sub-section (*1*) shall have effect up to the 31st day of March, 1930.

STATEMENT OF OBJECTS AND REASONS.

The Tariff Board which was appointed to inquire into the depression in the cotton textile industry reported that, owing to the double shift working rendered possible by the night work of women, the Japanese mills producing cotton yarn possessed an unfair advantage over the Indian mills, and that this advantage amounted to 10 per cent. of the selling price at the time the Report was submitted. This advantage is only partially neutralised by the existing 5 per cent. duty. In the opinion of the Board, the Japanese mills will retain their unfair advantage until June 30th, 1929, when the night work of women will be prohibited by law.

2. More than half the total imports of yarn are of counts from 31*s* to 40*s* and about 80 per cent. of the imports of these counts are from Japan. The Board found that the unfair advantage of a mill spinning an average of 20*s* was 10 pies per pound, if a reasonable return on capital was taken into account, and of a mill spinning an average of 32*s* 16·55 pies per pound. On the basis of these figures, a duty of one and-a-half annas a pound on counts from 31*s* to 40*s* and a duty of one anna a pound on lower counts would suffice to neutralise the unfair competition of the Japanese mills. The imports of counts of yarn below 31*s* are, however, less than 5 per cent. of the total imports, and for administrative reasons it is not considered advisable to vary the rate of duty according to the count. It is, therefore, proposed in the Bill that up to the 31st March, 1930, the 5 per cent. duty on cotton yarn should be subject to a specific minimum of one and-a-half annas a pound. The effect will be that duty will be leviable on all imported yarn at the rate of one and-a-half annas a pound, unless the value exceeds Rs. 1-14-0 a pound, when the duty will be levied at five per cent. *ad valorem*.

3. For protective purposes, a specific duty is preferable to an *ad valorem* duty, the amount of which varies with the price and is highest when protection is least needed and lowest when the industry most requires assistance. It is for this reason that the specific minimum duty of one and-a-half annas a pound has been proposed and not an increase in the *ad valorem* rate.

4. The night work of women in the Japanese mills will terminate, it is expected, on the 30th of June, 1929, but yarn produced under double shift conditions will still be on the market for some months afterwards. For this reason, it is proposed that the specific minimum duty should continue in force until the 31st March, 1930.

RESOLUTION—No. 642T.R.

READ—

The Final Report on the Survey and Settlement Operations in the district of Bankura.

Letter No. XXV-4—753, dated the 17th November 1926, from the Director of Land Records and Surveys, Bengal, submitting the report.

Bankura is one of the poorest and most backward districts in the province. A distinctive feature of the population is the preponderance of the Sonthals and other aboriginal tribes in the western part of the district. Physically also this tract has a distinctive character showing the beginning

of those rocks and dense forests which overspread the Sonthal Parganas and Chota Nagpur. The settlement of the district was taken up largely with a view to protect these primitive tribes who were being ousted from their lands. The Bengal Tenancy Amendment Act of 1918 (Act II of 1918) imposes restrictions on the alienation of land by the Sonthals and Bhumijes, but the Act in question was passed too late to save a large proportion of these aborigines whose lands had already passed into the hands of Bengali Mahajans. Even in the subsequent period it has hardly had the effects anticipated from it, partly because it was not accompanied by the other reforms advocated in Mr. McAlpin's report which led to the passing of the Act, viz., the establishment of grain *golâs* to lend rice instead of money to the Sonthals and the regular appointment of Sonthal-knowing officials. The story is a tragic one, but the report of Mr. F. W. Robertson, I.C.S., the Settlement Officer, shows that the ruin of the Sonthals is mainly due to the fact that owing to their illiteracy, improvidence and simplicity they can never cope with their more intelligent and shrewd neighbours with a higher standard of culture and literacy. Those who lost their lands either migrated to other districts or were reduced to the status of bhagidars and under-raiyats.

2. The area of the district is 2,617 square miles of which about one-fifth is covered by jungle. The population according to the Census of 1921 is 10,19,941 or 385 souls per square mile against the total of 11,38,670 or 434 souls per square mile according to the Census of 1911. This alarming decrease of 10 per cent. of the population in course of a decade has been attributed partly to the influenza epidemic of 1918-19 which caused unprecedented loss of life, but mainly to malaria. The ravages of this disease are certainly increased by the extremely insanitary condition of the villages and the Governor in Council trusts that with the introduction of the Rural Public Health Organisation scheme it will be possible to effect an appreciable improvement in this direction.

3. Of the total population, 8,05.170 souls or 79 per cent. depend upon the land, 67 per cent. being actual cultivators and their dependants. But of the total area of the district only 47 per cent. is culturable, and even this moiety suffers so much from drought and unequal distribution of rainfall that a partial or total failure of crops occurs every third or fourth year. Even in a normal year, the Settlement Officer calculates that the total yield of paddy is barely sufficient to provide 84 per cent. of the population with two meals a day. The improvement of the economic position of the district seems to depend on the reafforestation of the higher plains and the provision of ample irrigation facilities for the remainder. Both subjects have been receiving the anxious consideration of the departments concerned, and also of various local associations. Since the settlement operations were completed many co-operative credit societies have been formed for the excavation and maintenance of irrigation tanks and wells. The Irrigation Department of Government have just opened a new division at Bankura with a wholetime Executive Engineer. The Governor in Council hopes that the joint and concerted endeavours of these two progressive departments will not take long to effect a real improvement of the situation. In the meantime arrangements have been made by the Agriculture and Industries Department to start co-operative grain *golâs*.

4. Though not a single plot of land has been recorded as proprietor's private land under chapter XI of the Bengal Tenancy Act it is surprising to find that very nearly half of the area of the district is in direct possession of the landlords and the other half is held by the cultivating raiyats and under-raiyats, the latter holding only 4 per cent. of the area 16 per cent. of the area is held by raiyats on produce rent and 9 per cent on mixed cash and produce rent, *i.e.*, one-fourth of the whole area of the district is held on produce rent in some shape. This abnormal disparity in the distribution of land and the large proportion of produce rent tenancies are the direct effects of alienation of lands by the aborigines who are now reduced to the status of mere labourers. This state of things is undoubtedly wrong, but it is probably too late to devise any practicable remedy.

5. Over 10 per cent. of the area is held by the raiyats at fixed rates and most of the under-raiyats have got occupancy rights by custom and even fixity of rent. The incidence of rent of occupancy raiyats is only Rs. 1-12 7 per acre. This is perhaps the lowest on record in Bengal, but it is partly due to the general unproductivity of the soil.

6 Traverse survey began in 1914-15, but the operations were stopped on account of the great European War and restarted in 1917-18. They were completed in the year 1924-25. The subdivision of Asansol in the district of Burdwan was included in the operations to meet the wishes of the Mining and Geological Institute for accurate 4" maps of the coal area. The total cost of the operations was estimated at Rs. 28,62,218, but the Settlement Officer is to be congratulated on managing to complete the operations at a cost of Rs 28,39,894 despite the increase of prices due to the war Recovery of costs was satisfactory and only about half per cent. of the recoverable amount had to be remitted. The Governor in Council desires to place on record his high appreciation of the services of Mr. F. W. Robertson, I.C.S., who inspite of many difficulties organised and carried through the operation in this back ward and inhospitable district with efficiency. The good services rendered by the Assistant Settlement Officers specially commended by the Settlement Officer will be brought to the notice of the Appointment Department.

By order of the Governor in Council,

F. A. SACHSE,

Secretary to the Government of Bengal.

FINAL FORECAST OF THE JUTE CROP, 1927.

Consolidated statement for Bengal, Bihar and Orissa, and Assam.

Area. The estimated area for the three Provinces is 3,371,000 acres, a decrease of 476,000 acres, as compared with last year's revised returns

Yield. It is estimated that the crop will yield 10,230,000 bales of jute, *i.e* less than last year's revised total by 1,958,000 bales.

Remarks. Last year's estimates for the three Provinces of Bengal, Bihar and Orissa and Assam have been revised by the respective Directors of Agriculture

The consolidated returns are as follows :—

Province	Area in acres			Yield in bales		
	1926 *	1927.	Difference.	1926 *	1927.	Difference.

DEPARTMENT OF AGRICULTURE, ASSAM.

Final Forecast of the Jute Crop of Assam, 1927.

[NOTE.—On the average of the five years ending 1925-26, the area under jute in Assam represents 5.1 per cent. of the total area under jute in British India.]

The character of weather during the season has been generally unfavourable for the cultivation and growth of the crop. The weather after the issue of the preliminary forecast improved slightly in the Surma Valley and the districts of Darrang and Sibsagar while in Kamrup and Garo Hills it became worse. The crop suffered to some extent from heavy rains in places Some damage has been done to the crop by floods in all districts and also by insects in Goalpara, Kamrup, Darrang and Nowgong.

The total area under jute as estimated by the District Officers is 168,000 acres against 186,000 acres (revised) of last year and 177,900 acres shown in the preliminary forecast of this year. The decrease as compared with the final figures for last year is in the districts of Cachar, Sylhet, Goalpara and Darrang and is due to the fall in price of jute during last year and the unfavourable weather at sowing time. The decrease as compared with the preliminary forecast is only in the district of Goalpara due to the revision of area by the Deputy Commissioner. The figures shown in the preliminary forecast have been raised in three districts and reduced in one only.

The average outturn of jute fibre per acre has been estimated to be 78 per cent. of the normal against 85 per cent. of last year. Taking 3·5 bales (of 400 lbs.) as the normal yield per acre the total outturn of the province comes to 458,300 bales against 599,000 bales in 1926 (now revised), or a decrease of about 24 per cent.

Final forecast of the jute crop of Bengal, 1927.

District.	Estimated area under jute, in acres.		Estimated outturn as a percentage of the normal yield per unit of area.		Estimated total yield in bales of 400 lbs.		Date by which harvesting generally commenced and whether that date was early, normal or late.	Remarks by District Officers.

1	2	3	4	5	6	7	8	9
	Acres.	Acres.			Bales.	Bales.		
24-Parganas ..	76,000	62,000	71	96	172,400	191,000	Second week of September. Late.	The high percentage of yield this year is due to favourable weather condition during the growing period. The late harvest is due to scarcity of water for steeping.
Nadia ..	97,000	79,000	87	83	268,600	211,000	End of August. Normal.	In some places the crop was damaged by insects and drought also affected the crop to some extent. Much difficulty is being felt at present for steeping for want of sufficient water and unless there be good showers within the next few days, the estimated yield will fall far below the estimate.
Murshidabad ..	41,000	33,000	70	84	91,800	89,000	Middle of September. Late.	The general decrease in comparison with last year is due to drought and to poor price obtained last year. The harvesting is being delayed for want of water for steeping.
Jessore ..	132,000	107,000	73	100	307,800	342,000	August. Late ..	Want of rain has affected the steeping but the recent showers have supplied the deficiency. The insufficient rain did not affect the growth very seriously. Steeping in bad water may affect the quality.
Khulna ..	48,000	39,000	105	93·7	161,200	117,000	End of August. Normal.	....
Burdwan ..	5,000	5,000	77	88	12,300	14,000	First week of September.	Drizzling rain made the jute grow well. But slight damage due to insects was done in some places though it did not amount to any appreciable loss.
Midnapore ..	11,000	9,000	80	93·75	28,000	27,000	Middle of September. Normal.	The decrease in area is due to low price of jute obtained last year. Some damage was done by insects and floods.
Hooghly ..	34,000	31,000	53	112·5	58,200	111,000	End of August ..	The weather being very favourable all through, the yield expected is above the normal. There may, however, be difficulty in steeping in many places.
Howrah ..	15,000	12,000	93	91	44,800	35,000	Third week of August. Normal.	The condition and prospects of the crop are quite fair.
Rajshahi ..	126,000	105,000	91	86	399,600	315,000	Beginning of August. Late.	The weather was not favourable at the time of sowing. Subsequently, however, the condition improved and the plants thrived well. But owing to continuous drought the tanks, the ditches and *khals* have become dry and great difficulty is being experienced in steeping. As a matter of fact many cultivators are not cutting the plants for difficulty of steeping. The yield would therefore be necessarily far less than that of the previous year.
Dinajpur ..	83,000	73,000	89	81	258,600	208,000	By the end of August. Late.	The low outturn is due to short rainfall during the growing period of the crop.
Jalpaiguri ..	56,000	48,000	96	79	188,000	133,000	Normal ..	The damage done by hailstorms in April and subsequent heavy rains gave the crop a non-uniform growth throughout the district. Subsequent favourable weather could not improve it much.
Darjeeling ..	3,700	3,700	69	69	9,000	9,000	Last week of August.	The condition of the crop is fairly good.
Rangpur ..	352,000	309,000	99	87	1,220,000	944,000	Lowlands—July, Normal. Highlands—Beginning of September. Late.	The decrease in outturn is due to unfavourable weather.
Bogra ..	104,000	105,000	85	85	308,900	312,000	End of June ..	Owing to scarcity of rain there was no water sufficient for steeping and washing jute. The quality of the fibre is therefore very poor and many cultivators have not harvested their crop.

Pabna	178,000	156 000	90	90	558,500	486,000	Sadar Middle of August Late Sirajganj Middle of July. Normal	The decrease in area is due to abnormally low price of jute last year. Want of rain at sowing time and about a month after sudden rise of rivers in June affected the growth to some extent Want of rain and fall of river subsequently affected the steeping to some extent in August but rise of the rivers *Padma* and *Jamuna* have removed the difficulty to a great extent from the beginning of September
Malda	49 000	45,000	65	51	111 900	77,000	Beginning of September. Late	The prolonged drought has affected the outturn and also caused the harvesting to be late There is already difficulty of water for steeping and if there be not more rain shortly much of the crop may remain unharvested and in that case the outturn will be still less.
Dacca	379,000	350,000	86	83	1,20 ',100	1,080 000	July Normal .	The weather was favourable at sowing time. Sudden rise of water level in April and hailstorms damaged a small area Growth was retarded by deficiency in rainfall especially in August Hence the outturn falls below the normal.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

Final Forecast of the Jute Crop of Bihar and Orissa, 1927.

[NOTE.—On an average of the five years ending 1925-26, the area under jute, to which the Bihar and Orissa forecast relates, represents about 9.0 per cent. of the total area under jute in British India.]

Acreage.—The final district returns of the seven jute growing districts of the province show an area under jute of 193,200 acres, as against the finally revised figure of 297,000 acres last year. But these estimates have proved to be very much too low in recent years and I have reason to believe that the area sown in the current year will be approximately 241,000 acres. There has been a noticeable decrease in area in Purnea district due to the fact that the crop fetched a very low price last year.

Weather conditions.—In March light rain fell in all the jute districts, the fall being above the normal everywhere except in Cuttack and Balasore. In April light to moderate rain fell in Balasore and scanty showers in other jute districts. In May rain fell in all districts; the fall was above the normal in Champaran and Purnea only. In June moderate rain fell in all the districts. In July rain fell in all the districts, but the fall was below the normal in Champaran, Purnea and the Santal Parganas. In August rain fell in all the districts, the fall was above the normal in Santal Parganas, Cuttack and Balasore but much below normal in Purnea and other jute districts. In Purnea Sadar, the growth of the crop was retarded for want of sufficient rain. Floods have done some damage to the crop in Cuttack and Balasore.

Outturn.—In the important jute districts of Purnea and Cuttack, the outturn of the crop has been estimated as 70 and 84 per cent. of normal respectively. Champaran reports a normal crop, *i.e.*, 100 per cent. Bhagalpur and Santal Parganas report 93 and 90 per cent., respectively, and Muzaffarpur and Balasore report 60 and 40 per cent., respectively.

On the basis of the area and percentage outturn reported by the District Officers the total gross outturn of the crop for the province this year comes to 412,900 bales, but on the assumption that the area approximates 241,000 acres, as suggested in the preliminary forecast, and taking the normal outturn as 3·17 bales per acre, the total gross outturn of the province will approximately be 667,000 bales against 763,500 bales. the revised final estimate for last year.

The import of jute from Nepal, estimated at 50,000 bales brings the total for the province to 717,000 bales.

I have no reason to believe that the reports as to the condition of the crop are pessimistic.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Jute Crop of Bengal, 1927.

[NOTE.—On an average of the five years ending 1925-26, the area under jute in Bengal, to which this forecast relates, represents some 84.7 per cent. of the total area under jute in British India.]

Season.—Early weather conditions were generally exceptionally favourable and on this account sowings were probably larger than otherwise might have been the case. On the whole later conditions have also been favourable for growth, though excessive rain caused damage in Noakhali, and a part of Tippera, also in parts of Northern Bengal, including Jalpaiguri and Cooch Behar. In many tracts the crop may be regarded as unusually well-grown; but during July, August and the beginning of September there was considerable anxiety regarding steeping water. Good rain and a recent marked rise of the Brahmaputra river system has eased the retting situation in Eastern Bengal, but there is still difficulty in Northern Bengal and in the Presidency and Burdwan Divisions. It is even apprehended in some parts that it may not be possible to steep a portion of the crop. Such conditions are likely to adversely affect the quality of fibre produced.

Condition of the crop.—The area under jute is 2,962,100 acres, as against 3,363,900 acres (revised) last year. Since the preliminary forecast Darjeeling and Bogra have increased their jute area, while Noakhali, Cooch Behar and Tripura States have reduced theirs.

Outturn.—As in former years. the percentage figures are calculated on the basis of divisional normals which remain as follows :—

Dacca and Chittagong Divisions—3·7 bales per acre.

Rajshahi Division—3·5 bales per acre.

Presidency and Burdwan Divisions—3·2 bales per acre.

The total outturn of the crop is estimated at 9,054,700 bales of 400 lbs. as against 10,769,200 bales (revised) last year, a decrease of 1,714,500 bales.

Stocks of old jute.—It is advisable to remark that stocks of old jute carried over from last season appear to be appreciably greater than usual.

Director of Agriculture, Bengal.

	Acres.	Acres.	Acres.			Bales.	Bales.		
Cachar ..	300	500	300	75	80	1,300	800	Latter part of August. Normal.	The weather was unfavourable at the beginning of the season on account of heavy rain but it improved afterwards and the prospects of the crop appear to be somewhat satisfactory. There was a fall in the price of jute. The flood in April damaged the crop to some extent.
Sylhet ..	20,000	22,000	19,000	75	80	57,700	53,200	End of July. Normal.	There was heavy rain during the early part of the season which was subsequently followed by drought. The season was on the whole not quite favourable. The increase in the cultivation of rice and the fall in price of jute also account for the decrease in area. The increase in area as compared with the preliminary forecast is due to the revised estimate in the Habiganj Subdivision. The early flood caused certain damage to the crop.
Goalpara ..	60,000	68,100	52,000	90	75	214,500	136,500	First part of July. Early.	The season has been unfavourable for the cultivation and growth of the jute crop and this with the low price of jute last year is responsible for the decrease in area. The area shown in the preliminary forecast which was based on the estimates of the Thana officers is not correct. Damage has been reported by insects in some places and by floods in low lands.
Kamrup ..	15,000	11,700	11,700	90	80	36,000	32,800	15th August. Normal.	The weather at the time of sowing was generally favourable. Since then it became unsatisfactory affecting growth to a certain extent. Damage to some extent was caused by flood and insects. The area reported in the preliminary forecast has been revised.
Darrang ..	12,000	20,000	19,300	85	75	61,300	50,700	Middle of July. Early.	The sowing time was not favourable owing to inadequate rain. The weather however improved afterwards by subsequent rains and was beneficial for growth of the crop. The heavy rain in June interfered with growth to some extent. On the whole the season has not been favourable. Some damage has been done to the crop by flood and insects. The area now reported has been more carefully estimated than that shown in the preliminary forecast.
Nowgong ..	40,000	57,000	59,500	85	80	169,600	166,600	7th July. Early.	The increase in area is due to gradual extension of cultivation. The weather has been unfavourable throughout the season owing to irregular rains. Floods and insects caused some damage to the crop.
Sibsagar ..	300	300	300	80	80	800	800	Middle of August. Normal.	The weather was not favourable at the beginning. It became favourable afterwards but the sudden flood in the middle of the season damaged the crop considerably.
Lakhimpur ..	200	600	700	86	95	1,800	2,300	Ditto ..	There was extension of cultivation mainly by the influx of Mymensingh settlers in the North Lakhimpur subdivision. The season was generally satisfactory although there was heavy rainfall at sowing time. The heavy flood in July caused some damage to the crop.
Garo Hills (plains).	3,800	5,200	5,200	70	80	12,700	14,600	Middle of July. Normal.	The weather was favourable during the first part of the season but unsatisfactory in the latter part. Flood damaged the crop to some extent

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 28th September 1927.

Summary.—During the week the rainfall was generally light excepting in parts of 24-Parganas and some North and East Bengal districts where it was heavy. Transplantation of winter paddy seedlings and harvesting of autumn crops are nearly over. More rain is still wanted for the growth of the standing crops and for the steeping of jute in some places, especially in Birbhum, Bankura, Murshidabad, Burdwan, Rajshahi, Malda and Dinajpur and in the Bhola subdivision of Bakarganj. The present outlook of the standing crops is generally fair except in parts of the districts mentioned above, where the condition of the paddy crops is reported to be poor. Distress continues to prevail in parts of Birbhum, Malda and Dinajpur. Test relief works continue at Mororoi, and Nalhati in Birbhum, where 821 persons worked on the 24th September, and also at Porsha and Patnitola in Dinajpur where 2,619 persons are working daily. The average price of common rice for the province has practically remained the same as compared with that of the previous week.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[TO BE INTRODUCED IN THE COUNCIL OF STATE.]

A Bill further to amend the Indian Limitation Act, 1908.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for the purposes hereinafter appearing; It is hereby enacted as follows :— I of 1908

Short title and commencement.

1. (*1*) This Act may be called the Indian Limitation (Amendment) Act, 192 .

(*2*) It shall come into force on the 1st day of January, 1929.

Amendment of section 10, Act IX of 1908

2. In section 10 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the following paragraph shall be inserted, namely :— IX of 1908.

"For the purposes of this section any property comprised in a Hindu, Muhammadan or Buddhist religious or charitable endowment shall be deemed to be property vested in trust for a specific purpose, and the manager of any such property shall be deemed to be the trustee thereof."

Amendment of First Schedule to Act IX of 1908.

3. In the First Division of the First Schedule to the said Act,—

(*a*) after Article 48, the following Article shall be inserted, namely :—

"48A. To recover moveable property conveyed or bequeathed in trust, deposited or pawned, and afterwards bought from the trustee, depositary or pawnee for a valuable consideration. *Explanation.*—For the purposes of this article any property comprised in a Hindu, Muhammadan or Buddhist religious or charitable endowment is deemed to be property conveyed in trust, and the manager of any such property is deemed to be the trustee thereof".	Three years.	When the sale becomes known to the plaintiff.

(*b*) Article 133 shall be omitted ; and

(*c*) in Article 134—

(*i*) after the entry in the first column, the following *Explanation* shall be inserted, namely :—

" *Explanation.*—For the purposes of this Article any property comprised in a Hindu, Muhammadan or Buddhist religious or charitable endowment is deemed to be property conveyed in trust, and the manager of any such property is deemed to be the trustee thereof";

(*ii*) for the entry in the third column the entry " When the transfer becomes known to the plaintiff " shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

In paragraph 16 of Chapter 41 of their Report the Civil Justice Committee recommend—

(1) that articles 133 and 134 of the First Schedule to the Indian Limitation Act, 1908, should be revised with reference to recent decisions ; and

(2) that in particular the alienation of property vested in the head of a religious institution should be specifically provided for.

2. It is understood that the first recommendation relates to the difficulties which have arisen with regard to the interpretation of articles 133 and 134 mainly as a result of the Full Bench ruling of the Madras High Court in Seeti Kutti *versus* Kunhi Pattuma (I. L. R , 40, Madras, 1040). In this case two of the Judges held that the words in column 3 must be given their literal meaning and that time must run from the date of transfer from the trustee or the original mortgagee and the date when possession was taken was immaterial ; one Judge held that the article only applies when the transferee from the trustee or the original mortgagee took possession on the date of transfer ; and the remaining two Judges held that time under the article only runs from the date when possession is obtained. The result was that the view of the first two Judges that the article operated to bar the particular suit by limitation failed. This case was considered by Richardson J. in Narsindas *versus* Abdur Rahim (I. L. R., 47, Calcutta, 866). Richardson J., held that limitation under the article begins to run from the date on which the property or the title was transferred by the trustee or the original mortgagee to the transferee. The other Judge, however, who decided that case, Shams-ul-Huda J., did not come to any final conclusion as to the effect of the article. In a later case reported in I. L. R., 50, Calcutta, page 62, Mookerjee J., said that the article referred to a case where the transfer by the trustee was accompanied by delivery of possession to the transferee, but it is not definitely clear that he intended to suggest that under the article possession must be taken on the date of transfer, and accordingly it is not certain which of the views held in the Madras Full Bench in the decision referred to above was favoured by him. These cases refer to article 134, and no cases dealing with article 133 have been traced, but the same general principle would presumably apply to both articles.

3. The Committee's second recommendation refers, it is understood, to the decisions of the Privy Council in Vidyavaruthi *versus* Balusami (I. L. R., 44, Madras, 831) and Abdur Rahim *versus* Narain Das (I. L. R., 50, Calcutta, 329). As a result of these two rulings it is now settled law that a *Dharmakarta*, *Mahant* or manager of a Hindu endowed religious property, or the *Mutwalli or Sajjadanashin* in whom the management of Muhammadan endowments is vested are not trustees within the meaning of the word as used in section 10 of the Indian Limitation Act for the reason that the property does not vest in them. The result is that when a suit is brought against a person, not being an assign for valuable consideration, endowments of this nature are not protected.

4. The Committee's two recommendations are therefore:

(1) that it should be made clear whether articles 133 and 134 mean what they say, viz., that limitation runs from the date of purchase or of transfer, as the case may be, and that the date of obtaining possession is immaterial;

(2) that section 10 of the Act should be amended so as to put Hindu and Muhammadan religious endowments on the same footing as other trust funds which definitely vest in a trustee.

After consulting the Local Governments the Government of India have come to the following conclusions: -

(1) that in the case of both the articles the period of limitation should run from the date when the sale or transfer, respectively, becomes known to the plaintiff;

(2) that the period in the case of article 133 should be reduced from twelve to three years;

(3) that Hindu, Muhammadan and Buddhist religious as well as charitable endowments should be included within the scope of both these articles as also of section 10 of the Act.

The Bill gives effect to these conclusions.

The 26th July 1927. S. R. DAS.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[AS INTRODUCED IN THE LEGISLATIVE ASSEMBLY.]

A Bill further to amend the Indian Income-tax Act, 1922, for certain purposes.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— XI of 1922.

Short title and commencement.

1. (*1*) This Act may be called the Indian Income-tax (Second Amendment) Act, 1927.

(*2*) It shall come into force on the 1st day of April, 1928.

Amendment of section 2, Act XI of 1922

2. In section 2 of the Indian Income-tax Act, 1922 (hereinafter referred to as the said Act), XI of 1922.

(*a*) after clause (*6*) the following clause shall be inserted, namely :—

"(*6A*) 'firm', 'partner' and 'partnership' have the meanings assigned to them in the Indian Contract Act, 1872" ; and IX of 1872.

(*b*) for clause (*14*) the following shall be substituted, namely :—

"(*14*) 'registered firm' means a firm registered under the provisions of section 39A ;".

Amendment of section 23, Act XI of 1922.

3. In sub-section (*4*) of section 23 of the said Act, after the word "judgment" the words "and, in the case of a registered firm, may cancel the registration and assess it as if it were unregistered" shall be added.

Insertion of new section 23A in Act XI of 1922.

Power to assess individual members of certain firms, associations and companies.

4. After section 23 of the said Act, the following section shall be inserted, namely :—

"23A. (*1*) Where any firm or other association of individuals formed for the purpose of carrying on any business, other than a Hindu undivided family or a company, is such that only one member thereof is competent to bind the firm or association by his acts, the Income-tax Officer may, with the previous approval of the Assistant Commissioner, pass an order that no assessment on the firm or association as such shall be made, and may thereupon include in the total income of each individual member thereof for the purpose of his assessment his share in the profits and gains of the firm or association.

(*2*) Where a company—

(*a*) restricts the right to transfer its shares, or

(*b*) limits the number of its members (exclusive of persons who are in the employ of the company) to fifty or less, or

(*c*) prohibits or makes no provision for any invitation to the public to subscribe for any share or debentures of the company,

and the Income-tax Officer is satisfied that the company is under the effective control of not more than five members, he may, with the previous approval of the Assistant Commissioner, pass an order that no assessment on the company as such shall be made, and may thereupon include in the total income of each individual member thereof for the purpose of his assessment his share in the profits and gains of the company."

Amendment of section 28, Act XI of 1922.

5. For section 28 of the said Act, the following section shall be substituted, namely :—

Penalty for concealment of income or improper distribution of profits.

"28. (*1*) If the Income-tax Officer, the Assistant Commissioner or the Commissioner, in the course of any proceedings under this Act, is satisfied that an assessee has concealed the particulars of his income or has deliberately furnished inaccurate particulars of such income, and has thereby returned it below its real amount, he may direct that the assessee shall, in addition to income-tax payable by him, pay by way of penalty a sum not exceeding the amount of the income-tax which would have been avoided if the income so returned by the assessee had been accepted as the correct income.

(*2*) If the Income-tax Officer, the Assistant Commissioner or the Commissioner, in the course of any proceedings under this Act, is satisfied that the profits of a registered firm have not been distributed in accordance with the shares of the partners as shown in the instrument of partnership registered under this Act, or with any declaration made under this Act as to the time of distribution of such profits, and that any partner has thereby returned his income below its real amount, he may direct that such partner shall, in addition to the income-tax payable by him, pay by way of penalty a sum not exceeding the amount of income-tax which would have been avoided if the income returned by such partner had been accepted as his correct income; and no refund or other adjustment shall be claimable by any other partner by reason of such direction.

(*3*) No order shall be made under sub-section (*1*) or sub-section (*2*), unless the assessee or partner, as the case may be, has been heard, or has been given a reasonable opportunity of being heard.

(*4*) No prosecution for an offence against this Act shall be instituted in respect of the same facts on which a penalty has been imposed under this section.

(*5*) An Assistant Commissioner or a Commissioner, who has made an order under sub-section (*1*) or sub-section (*2*), shall forthwith send a copy of the same to the Income-tax Officer."

Amendment of section 30, Act XI of 1922.

6. In section 30 of the said Act,—

(*a*) in sub-section (*1*) after the words "Income-tax Officer", where they occur for the second time, the words "and any firm objecting to an order of an Income-tax Officer refusing registration under sub-section (*3*) of section 39A" shall be inserted; and

(*b*) in sub-section (*2*) after the words "under section 27", the words "or to register the firm under sub-section (*3*) of section 39A" shall be inserted.

Amendment of section 31, Act XI of 1922.

7. In sub-section (*3*) of section 31 of the said Act, between clause (*c*) and the proviso, the following words and clause shall be inserted, namely :—

"or, in the case of an order under sub-section (*3*) of section 39A,

(*d*) confirm such order, or cancel it and any proceedings in relation to the assessment of the firm which the Income-tax Officer may have taken subsequent thereto, and direct the Income-tax Officer to make a fresh assessment, and the Income-tax Officer shall thereupon proceed to make such fresh assessment."

Amendment of section 32, Act XI of 1922.

8. At the beginning of sub-section (*1*) of section 32 of the said Act, the words "Any firm, association or company objecting to an order passed by an Income-tax Officer under section 23A, and" shall be inserted.

Insertion of new section 39A in Act XI of 1922.

Procedure in registration of firms

9. After section 39 of the said Act, the following section shall be inserted, namely :—

"39A. (*1*) Application may be made to the Income-tax Officer on behalf of any firm, constituted under an instrument of partnership specifying the individual shares of the partners, for registration for the purposes of this Act and of any other enactment for the time being in force relating to income-tax or super-tax.

(*2*) The application shall be made by such person or persons, and at such times, and shall contain, in addition to a declaration as to the time of distribution of the profits of the firm, such other particulars and shall be in such form as may be prescribed; and it shall be dealt with by the Income-tax Officer in such manner as may be prescribed.

(*3*) The Income-tax Officer may inquire into the incidents of the partnership, and may refuse to register any association of individuals which, in his opinion, is not a firm."

Amendment of section 54, Act XI of 1922.

10. In sub-section (*2*) of section 54 of the said Act, after the first proviso, the following proviso shall be inserted, namely :—

"Provided, further, that nothing in this section shall apply to the production by a public servant before a Court of any document, declaration or affidavit filed, or the record of any statement or deposition made in a proceeding under section 39A, or to the giving of evidence by a public officer in respect thereof."

Insertion of new section 66B in Act XI of 1922.

Statement of case by Commissioner to High Court in cases arising under section 23A.

11. After section 66A of the said Act, the following section shall be inserted, namely :—

"66B. (*1*) Nothing in sub-section (*2*) or sub-section (*3*) of section 66 shall apply to an order under section 32 whereby the Commissioner decides an appeal against an order of an Income-tax Officer under section 23A.

(*2*) In such cases the firm, association or company may, by application accompanied by a fee of one hundred rupees, require the Commissioner to refer to the High Court any question of fact or law arising out of the order, and the Commissioner shall, within one month of the receipt of such application, draw up a statement of the case and refer it with his own opinion thereon to the High Court, together with all documentary or oral evidence produced before him, and the High Court shall decide thereon all questions of fact and law raised thereby.

(*3*) The provisions of sub-sections (*4*), (*5*), (*6*), (*7*) and (*8*) of section 66 shall, as far as may be, apply to such references, and for this purpose the term "assessee" shall be deemed to include an applicant firm, association or company and the term "assessment" to include any assessment made on an individual consequent upon the original order of the Income-tax Officer.

(*4*) The provisions of section 66A shall apply to references to the High Court under this section :

Provided that nothing in this sub-section shall be deemed to authorise an appeal to His Majesty in Council on a question of fact."

STATEMENT OF OBJECTS AND REASONS.

The Government have been considering for some time, in consultation with the commercial community and the officers of the Income-tax Department, the best methods of rendering illegal certain practices, now legal, which are adopted by persons desirous of evading the payment of income-tax and super-tax, and this Bill proposes to give the taxing authorities the necessary powers to check such evasion.

2. Broadly speaking, the proposals in the Bill are—

(1) to define a 'firm', 'partner' and 'partnership' in the same sense as in the Indian Contract Act, 1872;

(2) to give discretion to the Income-tax Officer to treat as separate assessees the individuals comprising any association carrying on business, of which only one member is competent to bind the association by his acts;

(3) to give the Income-tax Officer discretion to treat the members of a company as separate assessees if the company restricts the right to transfer shares or limits the number of shareholders, exclusive of employees, to 50, or does not invite, or permit subscription to its shares or debentures by the public; and is under the control of not more than five members;

(4) to permit the production by public servants before a Court of all documents or information relating to the registration of firms;

(5) to impose penalties for failure actually to distribute shares of the profits of a firm in accordance with the provisions of the deed of partnership registered under the Income-tax Act; and

(6) to give discretion to the Income-tax Officer to treat a registered firm as an unregistered firm if it fails to make a return of its income or to produce accounts or other documents called for by the Income-tax Officer.

3. The powers under (2) and (3) in paragraph 2 above will be exercised by the Income-tax Officer, with the previous approval of the Assistant Commissioner, and an appeal will lie against the orders of the Income-tax Officer to the Commissioner of Income-tax. Against the appellate order of the Commissioner, it is proposed to allow a reference to the High Court both on questions of fact and on questions of law instead of on questions of law only as in all other matters arising under the Income-tax Act.

CORPORATION OF CALCUTTA.

NOTICE

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following bye-laws under clause 34 of section 478 of the said Act regarding stables, cattle-sheds and cow-houses:—

Draft Bye-laws under section 478 (34) regarding stables, cattle-sheds and cow-houses.

1. (*a*) **Definition.**—Cow-house means a place where milch cattle are kept and includes the sheds for milking keeping milk and milk, vessels and all other out-houses, structures and open spaces used as part of and situate within the same premises or the same boundaries.

(*b*) Cattle-shed means a place where cattle, beasts of draught or burden and carts are kept, and includes the places within the said boundaries where the owners of the animals and servants belonging to the cattle-shed live, also all other out-houses, structures and open spaces used as part of or intended for use as appertaining to the said cattle-shed.

"Stable means a place where a horse is kept and includes the place where a carriage is kept and the owner of the animal, syce or coachman lives situated within the same premises as the stable proper and also all other out-houses, structures and open spaces used as part of or set apart or used for any of the purposes appertaining to the stables and situated within the same boundaries."

2. (i) **Type-plan.**—"Every cow-house, cattle-sheds or stable constructed, altered or licensed after these Bye-laws come into force must conform to the standard type-plans.

(ii) Copies of the said type-plans shall be supplied at the municipal office to any applicant on payment of one rupee for each copy.

3. **Passage.**- The central passage in such a cattle-shed or cow-house must be at least four feet wide.

4. **Paving.**- Every stable, cattle-shed and cow-house must be paved with bricks-on-edge with cement pointing or some other suitable impervious material approved by the Health Officer.

5. (1) **Inclination of floor.**—The floor of every stable, cattle-shed and cow-house must be so constructed as to have an easy gradient of at least 1 in 48 towards a pucca cemented saucer shaped surface drain constructed with some impervious material or saucer-shaped artificial stone channel properly jointed at least 6" in width just outside the stable cattle-shed, cow-house or building and draining through a vertical grating fixed at its end into a yard gully connected with the sewer."

"Provided that in an unsewered area

(*a*) Such surface drain or channel shall drain directly into a cess-pit similarly situated and easily accessible to the sullage carts of the Corporation and as near the public street as possible and having an access from such public street by a passage at least 8 feet wide."

(*b*) "The walls and floors of such cess-pit shall be constructed of bricks set in cement and rendered impervious with cement plaster."

(2) **Floor.**—The floor surface of every stable, cattle-shed or cow-house shall be at least one foot higher than the mean level of the surrounding open space.

The floor must be so constructed as to have an easy gradient of at least 1 in 48 towards the pucca surface drain.

6. **Roof and walls.** Walls of all stables, cattle-sheds and cow-houses up to 4 feet from floor level shall be made of masonry and thickly plastered with cement both inside and outside and provided with sufficient openings to allow the washings of the floor to flow into the surface drain or channel.

7. **Lighting and ventilation.**- Every stable, cattle-shed and cow-house shall have for purposes of light and ventilation, an opening on all sides of not less than 18" in width below the junction of the eaves and the walls of the buildings, as shown in the type-plan.

8. **Upper storeys lofts and sleeping places.**—Every stable, cattle-shed and cow-house must have one storey only, and there shall be no construction, arrangement or fixture permitting of any lofts or sleeping places, either over the roof or over the stalls for animals.

Provided that (*a*) the Chief Executive Officer will sanction the erection of a second storey, if the floor thereof be constructed of impervious material to his satisfaction, and

(*b*) an appeal shall lie to the Public Health Committee in any case in which the Chief Executive Officer refuses such sanction.

9. (1) **Space for each animal.** The internal structures of every stable, cattle-shed or cow-house shall be so constructed and placed as to leave—

(*a*) *in the case of a stable*—

(i) a floor space of at least 10 feet in width for each row of animals in case there is more than one row ;

(ii) a clear superficial floor space of at least 48 square feet for each animal (excluding the space occupied by the trough or drain) ;

(iii) a clear lateral space of at least 6 feet ;

(iv) and that the said superficial floor space shall be fenced off either by strong railings or by 5" thick masonry wall (cemented on either side) not less than 3½ feet high.

(*b*) *in the case of a cattle-shed or cow-house*—

(i) a floor space of at least 10 feet in width for each row of animals in case there is more than one row;

(ii) a clear superficial floor space of at lest 48 square feet in the case of a buffalo or an up-country cow and of at least 40 square feet in the case of any other cow (excluding the space occupied by the trough or drain);

(iii) a clear lateral space of at least 6 feet in the case of a buffalo or an up-country cow and 5 feet in the case of any other cow ;

(2) Such additional accommodation shall be provided for calves as may be approved by the Health Officer.

10. **Height.**—The minimum internal height of every stable, cattle-shed or cow-house must be at least 8 feet from the level of the floor to the junction of the eaves with the walls. In case of flat roof, such minimum height shall be 10 feet.

11. **Storage of milk and milk vessels:—**

(1) No cow-house shall be so constructed as to provide for the storage of milk vessels therein.

(2) For every cow-house in which milch cows or milch buffaloes are kept, there shall be provided a separate shed or place for the temporary storage of milk and milk vessels.

(3) Every such shed or place shall have a masonry platform (cemented on all sides) at least 2 feet above the ground level.

(4) Such shed or place shall not communicate directly with any stable, cattle-shed or cow-house or any other place referred to in section 386 of the Calcutta Municipal Act (Bengal Act III of 1923), or any cesspool, dung bin or dust bin, or connected privy or urinal and shall not, without the special permission of the Chief Executive Officer, be placed within a distance of 15 ft. from any connected privy, or 25 ft. from any service privy, urinal, cesspool, dung bin, dust bin or any other place referred to in section 386 of the Calcutta Municipal Act (Bengal Act III of 1923).

(5) Such shed or place shall not be used for sleeping or any other domestic purposes.

(6) The milk vessels and receptacles for milk used in such shed or cow-house shall be of such pattern and design as shall conform to the bye-laws framed under section 478 (*ss*) of the Calcutta Municipal Act (Bengal Act III of 1923).

12. (1) Every cattle-shed, stable or cow-house shall have a receptacle with cover for the temporary deposit of the dung of the animals.

(2) Every such dung bin shall be cleaned every day and the contents thereof deposited into a municipal dust bin or cart for removal or into any public receptacle, depôt or place for the temporary deposit or final disposal of offensive matter.

(3) No dung bin shall communicate directly with any room used for domestic purpose or shall be placed in such a way as to pollute or likely to pollute any filtered water tap or receptacle for filtered water or any place where food or drink for human consumption is kept or stored.

(4) Every dung bin shall be constructed in such a manner and of such impervious material and to be maintained at all times in such a condition as to prevent any overflow or escape of the contents thereof or any leakage or soakage therefrom into the ground or into the wall of any building or into any street or drain.

13. No place in which milch cattle are kept shall communicate directly with a stable, cattle-shed or any other place referred to under section 381 of the Calcutta Municipal Act (Act III of 1923) or any cesspool, dung bin or dust bin or connected privy or urinal and shall not, without the special permission of the Chief Executive Officer, be placed within a distance of 15 feet from any connected privy, or 25 feet from any service privy, urinal, cesspool, dung bin, dust bin or any other place referred to in section 306 of the Calcutta Municipal Act (Act III of 1923).

14. **Open space on all sides.**—(*1*) Every stable, cattle-shed and cow-house shall have a minimum clear open space of 10 ft. on all sides within its own boundaries. All such open spaces shall be properly paved and cemented.

Provided that if any side of any stable, cattle-shed or cow-house abuts on a street, square or any other open place dedicated to public use and not likely to be built upon, the width of such street, square or open place shall be taken into account in calculating the necessary 10 ft. space on that side.

(*2*) The Chief Executive Officer may relax or modify this bye-law in the case of an irregular site or in the case of a stable, cattle-shed or cow-house licensed before 1st April 1923.

15. **Water supply and sanitary convenience.**—"All cattle-sheds and stables shall be supplied with an adequate supply of water for the use of the animals therein and for flushing the floor and drains.

16. **Washing places.**—"The owner of stables, etc., shall provide sufficient space on which horses, carriages, cattle, etc., can be washed. Such space may be provided in the open space mentioned in bye-law 14 (1) and shall be properly drained."

17. **Municipal dung bin.**—The owner or occupier of a stable shall provide upon (or in some convenient place in the immediate neighbourhood of the premises) a suitable movable receptacle or receptacles for the removal of dung manure, soil, filth or other offensive or noxious matter accumulating upon the premises. Such receptacles shall have an aggregate internal space proportionate to the number of animals kept in the premises of not less than 1½ cubic feet for each horse.

Such receptacle must be constructed in such a manner and of such materials and be maintained at all times in such a condition as to prevent any escape of the contents thereof or any leakage or soakage therefrom into the ground or into the wall of any building.

18. (1) **Plan with application.**—Every person who intends to construct any stable, cattle-shed or cow-house or to make any substantial addition to or alteration in a stable, cattle-shed or cow-house affecting half of the cubical contents thereof, shall send to the Health Officer, an application for permission to execute the work together with a site-plan of the land, plan of the whole building, complete elevations and sections of the work and specification of the work.

(2) Every application made under the aforesaid by-law shall be written on a printed form (to be supplied by the Health Officer free of charge), and shall state the position of the site, the number assigned to it in the assessment-book and its dimensions, the description of the building and its dimensions, and such other particulars as may be prescribed by the Health Officer.

(3) The site-plan sent with such an application shall be drawn to a scale of not less than one-fiftieth of an inch to the foot, shall be sent in triplicate, and shall show—

(*a*) the boundaries of the site and of any contiguous land belonging to the owner thereof ;
(*b*) the position of the site in relation to neighbouring streets ;
(*c*) the name of the street in which the building is proposed to be situated ;
(*d*) all existing buildings standing on the site ;
(*e*) the position of the buildings, and of all other buildings (if any) which the applicant intends to erect upon his contiguous land referred to in clause (*a*) in relation to—

(*i*) the boundaries of the site, and in a case where the site has been partitioned, the boundaries of the portion owned by the applicant and also of the portions owned by the other owners,

(*ii*) all adjacent streets, buildings and premises within a distance of forty feet of the site and of the contiguous land (if any) referred to in clause (*a*) and

(*iii*) (if there is no street within a distance of forty feet of the site) the nearest existing street or some street projected under section 305 or sanctioned under section 314 ;

(*f*) the means of access from the street to the building, and to all other buildings (if any) which the applicant intends to erect upon his contiguous land referred to in clause (*a*) ;
(*g*) the position and the number of storeys of all other buildings within forty feet of the site ;
(*h*) the position, form and dimensions of kitchens, staircases, privies, urinals, drains, cesspools, stables, cattle-sheds, cow-houses, wells and other appurtenances of the building ;
(*i*) free passage or way in front of the building ;
(*j*) space to be left about the building to secure a free circulation of air, admission of light and access for scavenging purposes ;
(*k*) the width of the street (if any) in front, and of the street (if any) at the side or rear, of the building ; and
(*l*) such other particulars as may be prescribed by the Health Officer.

(4) The plans of the building and the elevations and sections accompanying such an application shall be properly coloured and neatly and accurately drawn to a scale of not less than one-eighth of an inch to the foot and shall be sent in triplicate ; and the said plans shall show—

(*a*) the levels and width of the foundation of the building ;
(*b*) the level of all courtyards and open spaces and the plinth-level of the building, with reference to the level at the centre of the nearest street ;
(*c*) the dwelling places (if any) for the men belonging to the stable, cattle-shed or cow-house, if the same be situated within the boundary of the stable, cattle-shed or cow-house, shed for storing fodder, shed for keeping livery and harness in case of stable and all other out-houses belonging thereto and their distance from the stable, cattle-shed or cow-house.

(5) The specification accompanying such an application shall comprise full information as to the following particulars, namely—

(*i*) the materials and method of construction to be used for external walls, foundations, roofs and floors ;
(*ii*) the manner in which the roof and house drainage and the surface drainage of land will be disposed of ;
(*iii*) the manner (if any) in which it is proposed to pave the courtyards and open spaces, and the slope to which the surface is to be made in each case ;
(*iv*) the means of access that will be available to scavengers ;
(*v*) the purpose for which it is intended to use the building ;
(*vi*) the means of ingress and egress to and from such buildings and such other particulars as may be prescribed by the Health Officer.

19. (1) **Inspection.**—The Health Officer or any person authorised by him in this behalf may at any time by day or by night, without notice, inspect a stable, cattle-shed or cow-house in respect of which a license is to be taken under section 386 of the Calcutta Municipal Act, 1923, for the purpose of satisfying himself as to whether any provision of the said Act or any rule or any bye-law made under the Act at the time in force is being contravened thereat.

(2) The Health Officer or any person authorised by him in this behalf may at any time between sun rise and sun set only without notice inspect any other stable, cattle-shed or cow-house not so licensed.

(3) The Health Officer or any person authorised by him in this behalf shall not use any force for the purpose of effecting an entry unless —

(*i*) such entry cannot otherwise be effected,

(*ii*) there is reason to believe that an offence is being, or has been committed against any provision of this Act or any rule or bye-law made thereunder.

(4) No claim shall lie against any person for compensation for any damage necessarily caused by an entry made under the aforesaid clause, or by the use of any necessary force under the aforesaid clause.

20. All stables, cattle-sheds and cow-houses shall be kept and maintained neat and clean and free from rubbish, sewage and offensive matter.

21. (1) All stables, cattle-sheds and cow-houses licensed under section 386 of the Calcutta Municipal Act, 1923, shall have a signboard hung up in a conspicuous part thereof showing :—

(*i*) the name of the licensee and the municipal number of the place and also the address of the licensee if he lives elsewhere,

(*ii*) the number of animals for which license has been granted and the period of that license, and

(*iii*) any other special condition under which license has been granted.

(2) All stables, cattle-sheds and cow-houses shall not be used for any purpose other than that for which the license has been granted.

(3) No milch cattle shall be kept in any stable or cattle-shed and no draught cattle in a stable or cow-house and no horse in a cow-house or cattle-shed.

22. (1) No stable, cattle-shed or cow-house shall be so constructed or altered or used as to contravene any of the provisions of these bye-laws.

(2) The Chief Executive Officer may, by written notice, require the owner or lessee of any stable, cattle-shed or cow-house, whether constructed before or after the commencement of the Calcutta Municipal Act, 1923, or the owner of the land on which they are situated, to bring it in conformity with any or all of these bye-laws or to discontinue the breach of any of these bye-laws.

23. If any stable, cattle-shed or cow-house is not constructed or maintained in the manner prescribed in these bye-laws the Health Officer may, by written notice, direct that the same shall no longer be used as a stable, cattle-shed or cow-house.

24. The Health Officer may, by written notice, require the owner or lessee of any stable, cattle-shed or cow-house to comply with the provisions of these bye-laws or any of the provisions of the Calcutta Municipal Act, 1923, within the time to be specified therein.

25. These bye-laws may be relaxed by the Chief Executive Officer in the case of *bonâ fide* private owners who keep not more than three cows or two horses for domestic purposes.

A printed copy of the above bye-laws is open to public inspection free of charge and may be obtained on payment of a fee of annas two at the Secretary's Office in the Central Municipal Office on any working day between the hours of 11 A.M. and 4 P.M.

Objections, if any, to the proposed bye-laws will be received by the undersigned up to Wednesday, the 23rd November 1927, after which the proposed bye-laws will be further proceeded with.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 5th October 1927.

Summary.—During the week the rainfall was generally moderate to heavy. It has been greatly beneficial to the growth of the standing crops and to the steeping and washing of jute, but more rain is still needed, especially in parts of some West and North Bengal districts. Transplantation of winter paddy seedlings and harvesting of autumn crops are nearly finished. The present outlook of the standing crops is generally fair. Distress continues to prevail in parts of Birbhum, Malda and Dinajpur. Test relief works continue at Mororoi and Nalhati in Birbhum, where 393 persons worked on the 30th September, and also at Patnitola and Porsha police-stations in Dinajpur where 1,512 persons are working. The average price of common rice for the province has practically remained the same as compared with that of the previous week.

REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT, BENGAL, FOR THE YEAR 1926-27.

NOTIFICATION.

No. 632T.—A.I.—The 26th September 1927.—The following extracts from the report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal, during the year 1926-27, are published for general information.

R. N. REID,
Secretary to the Government of Bengal.

No. 3430 E., dated Calcutta, the 1st August 1927.

From—RAI BAHADUR S. K. RAHA, Commissioner of Excise and Salt, Bengal (offg.),

To—The Secretary, Government of Bengal, Department of Agriculture and Industries.

I have the honour to submit the following report on the administration of the Excise Department in the Presidency of Bengal for the year 1926-27.

I held charge of the department throughout the year, except from the 1st to the 5th April 1926 during which period Mr. G. P. Hogg, I.C.S., was in charge.

4. **Administrative changes and reforms.**—(1) With a view to secure more popular control over the determination *of the number and sites* of excise and opium shops, the local Excise Advisory Committees in the districts of the 24-Parganas, Dacca, Rangpur and Chittagong were replaced by Excise Licensing Boards, with a non-official majority on each, on the same lines as in Calcutta. These Boards were empowered to decide the number of licenses and the location of shops for the retail sale of intoxicating liquors, hemp drugs and opium (Government Notifications Nos. 422Ex. and 423Ex., dated the 21st January 1927).

(2) With a view to check the excessive consumption of country spirit amongst the tea-garden coolies in the Duars of the district of Jalpaiguri, the following steps were taken during the year:—

(*i*) In several shops situated in *hâts*, orders were issued to close the shops on *hât* days at 4 P.M. Excessive indulgence in liquor generally used to happen after this hour.

(*ii*) The duty and retail sale price of 75° U. P. liquor were increased from Re. 1-5 and Rs. 2-11 to Rs. 2-5 and Rs. 3-11 respectively per bulk gallon in all the shops on the east side of the Teesta.

(*iii*) Steps were taken by the Deputy Commissioner to make such alterations in the location of shops as appeared to be feasible.

The measures taken have been successful (Government Notifications Nos. 1159 Ex. and 1160 Ex., dated the 23rd February 1927).

(3) There was excessive indulgence in opium amongst the *Magh* settlers in the colonization area in the *Sunderbans* in the district of Bakarganj, and steps were taken to stop the evil. Out of 6 shops in the area, 3 were abolished with effect from 1st April 1927, and the legal limit of retail sale was reduced from 3 tolas to ¼ tola. At the same time, the limit of retail sale throughout the other areas in the district was reduced from 3 tolas to 1 tola.

(4) The system of issuing licenses for the home-brew of *pachwai* to the members of the aboriginal tribes at an annual fee of Rs. 2 per household was extended to the district of Bakarganj, to meet the requirements of the aboriginal settlers in the district, with effect from the 1st June 1926 (Government Notification No. 118 T.A.I., dated the 11th May 1926).

(5) The Bengal fixed fee system of licensing of *pachwai* shops was introduced throughout the district of Murshidabad, with effect from the 1st April 1927.

(6) The privilege of free home-brew of *pachwai* (country beer) was withdrawn from the town of Darjeeling with effect from the 1st April 1927, with a view to check the illicit sale of the article, as well as the illicit manufacture of country spirit therefrom. The limit of retail sale from the *pachwai* shops in the Darjeeling Municipality was also, at the same time, reduced from 12 to 6 seers of undiluted *pachwai*.

(7) In the district of Darjeeling the sale strengths of country spirit were reduced from 25° U.P. and 55° U.P. to 30° U.P. and 60° U.P., the retail sale prices remaining the same, with effect from the 1st April 1927. This measure was partly intended to control the increase in consumption in the district (Government Notifications Nos. 1789Ex. and 1790 Ex., dated the 24th March 1927).

* * * *

(9) The closing hour of the foreign liquor, country spirit, *tari* and *pachwai* shops within the Bansberia Municipality of Hooghly district and of the foreign liquor shops at Kanchrapara in the 24-Parganas district was fixed at 8 P.M., to meet the requirements of the consumers working in the jute mills in the former place and in the railway workshops at the latter place (Government Notifications Nos. 958 T.A.I., dated the 22nd October 1926, and 1511 Ex., dated the 8th March 1927).

* * * *

(12) The concession of obtaining duty-free spirit has been extended—

(*i*) to private hospitals, dispensaries and other medical institutions, which are not under Government supervision but which may be specially permitted by the Excise Commissioner on the certificate of the Surgeon-General;

(*ii*) to veterinary hospitals, when the indents are countersigned by the the Director or the Assistant Directors of the Veterinary Department (Government Notifications No. 3064 Ex., dated the 13th July 1926, and No. 1602 Ex., dated the 14th March, 1927).

(13) The export of the following drugs from Bengal by sea to a maritime State in India, or to any place beyond the limits of India, is now permitted to be made only from the port of Calcutta, and under an export authorisation granted by the Collector of Customs, Calcutta (Government Notifications Nos. 1072 T.A.I., 1073 T.A.I. and 1074 T.A.I., dated the 8th November 1926):—

(*i*) Intoxicating drugs.

(*ii*) Morphia drugs and medicinal opium.

(*iii*) Cocaine.

(*iv*) Indian hemp, including *charas*, *ganja* and *bhang*.

(*v*) Galenical preparations of Indian hemp.

(14) Certain medicinal preparations containing cocaine, opium or morphia, which were previously exempt from excise restrictions, have been brought under the import certificate system (Government Notifications Nos. 5983, 5985 and 5986, dated the 16th December 1926).

(15) The special concession hitherto allowed to foreign horse-dealers and travellers of rank or position, about the importation and possession of opium produced out of India or intoxicating drugs prepared therefrom, has been withdrawn (Government Notification No. 407Ex., dated the 20th January 1927).

* * * *

5. **Temperance movements.**—Reports of temperance movements during the year under review were received from the following districts as in the preceding year:—

(*i*) In *Calcutta* the various temperance organizations, and specially the Calcutta Temperance Federation, continued to take keen interest in the problem of temperance.

(*ii*) *Chittagong.*—The temperance movement organised by the Mugh community at Cox's Bazar, Teknaf and Nilla continued during the year. The leading

Mughs of Teknaf have introduced a system of social boycott on people keeping *chandu* or opium smoking dens. The result is beneficial.

(*iii*) *Dinajpur.*—Some workers of the *Sudhi movement* devoted their attention to effect moderation in the indulgence of drink among the aboriginal settlers in the district.

(*iv*) *Jalpaiguri.*—The only temperance movement in the district was the one which was noticed in the preceding year's report, among the Christian Santal colony at Samuktolla, where total prohibition was enforced in return for the advantages of residence within the colony.

(*v*) *Darjeeling.*—The local Christian missionary gentlemen and the local Temperance Association devoted some attention to the cause of temperance.

It does not appear that there was any sustained temperance movement in any of the mufassal districts, though in particular centres, interest was shown in the problem by individual workers.

6. **Licensing Boards.**—The *Calcutta Licensing Board* held 6 meetings, and took the measures indicated below:—

(*a*) The following licensed shops were abolished with effect from the 1st April 1927:—3 country spirit, 1 *ganja*, and 2 *tari*. One *tari* shop was abolished with effect from the 1st December 1926. The privilege of "On" vend was withdrawn from 3 country spirit shops from the 1st April 1927.

(*b*) Transfer of sites was approved in the following cases, *viz.*—3 country spirit, 2 opium, 3 foreign liquor public "Off" and 1 hotel.

(*c*) One new foreign liquor public "Off" license was sanctioned with effect from 1st April 1927.

(*d*) Objections made against the existing location of the following premises were rejected, *viz.*—4 country spirit, 1 foreign liquor "On", 1 foreign liquor public "Off", 2 *tari* and 1 restaurant.

(*e*) Two applications for conversion of country spirit "Off" licenses into "On" and "Off" licenses, 5 applications for new foreign liquor public "Off" licenses, 5 applications for new restaurant liquor licenses and 2 applications for reconsideration of the Board's previous orders abolishing two country spirit licenses were rejected by them.

The *Licensing Boards for the Municipalities of Howrah and Bally each* held one meeting during the year.

The *Howrah Board* sanctioned the abolition of 1 country spirit, 1 *tari*, 1 *ganja*, and 1 opium shop with effect from the 1st April 1927, and sanctioned the transfer of sites of 1 country spirit, 1 *tari*, and 1 combined drug shop. The Board discussed and passed a resolution to the effect that steps should be taken to improve the sanitary condition of the drink shops within the municipality, and action was taken by the department in this direction during the year. The Board rejected an application for a new combined opium and *ganja* license.

The *Bally Board* effected no changes in the number and location of shops during the year.

The *Sadar Licensing Board of the 24-Parganas district* held two meetings. Applications for new licenses for the year 1927-28 were not considered by the Board, as public opinion could not be invited thereon in time. One *tari* shop was abolished by the Board, and on a motion for the abolition of one country spirit and one *tari* shop, amendments were moved and carried, to the effect that the shops be retained until other suitable sites could be found for them.

The *Barrackpore Licensing Board* held two meetings. The Board made no alteration in the number and location of the existing licensed premises for the year 1927-28.

The *Dacca Licensing Board* held two meetings. The number and sites of the existing shops, as well as applications for new shops, were considered. The Board made no changes in the number of licenses, but directed change of sites of one *tari* and one country spirit shop. The Board rejected all applications for new licenses.

The *Rangpur Licensing Board* held one meeting and directed the abolition of 3 *ganja* shops, 1 combined *ganja* and opium shop, 1 *bhang* shop and 2 *tari* shops, and the change of site of 1 country spirit shop, with effect from 1st April

1927. The Board sanctioned one new foreign liquor "Off" license with effect from the above date.

The *Chittagong Licensing Board* held one meeting and directed the abolition of 1 country spirit, 1 foreign liquor, 1 *tari*, and 3 *ganja* shops, and the change of sites of 2 country spirit, 1 opium and 2 *pachwai* shops, with effect from 1st April 1927. The Board considered a large number of petitions for new opium and *ganja* shops at different places, and held that no increase of licenses for the sale of these drugs during 1927-28 were necessary.

I have watched the proceedings of the various Boards during the year, and would note that all of these evinced moderation and judgment in their work.

7. **Excise Advisory Committees.**—In areas other than those mentioned in paragraph 6 above, the local Excise Advisory Committees advised the Collectors as regards the number and location of excise and opium shops. All their recommendations were carefully considered, and most of them were accepted.

In accordance with their recommendations, 6 country spirit, 3 *tari*, 14 *pachwai* and 6 opium shops were abolished, the sites of 16 country spirit, 7 *tari*, 13 *pachwai*, 4 opium, 4 *ganja* and 3 *bhang* shops were changed, and 1 *tari*, 2 *pachwai*, 1 opium and 2 *ganja* shops were newly opened with effect from 1st April 1927.

The various Advisory Committees generally showed due discretion and appreciation of existing conditions in their recommendations. None recommended total abolition of all excise and opium shops in its jurisdiction.

8. **Total revenue and charges.**—The excise revenue and charges of the Presidency for the last five years are shown below:—

Period.	Revenue.	Refunds
1	2	3
	Rs.	Rs.
1922-23	2,01,17,030	28,305
1923-24	2,09,66,085	14,639
1924-25	2,15,58,443	75,072
1925-26	2,28,44,009	43,961
1926-27	2,25,55,658	39,281
Difference of the past two years ..	−2,88,351	−4,680

Period.	Expenditure (after deducting contribution of Rs 2 lakhs from the Government of India).	Net revenue.	Percentage of charges. (Percentage of columns 3 and 4 to column 1.)
	4	5	6
	Rs.	Rs.	
1922-23 ..	14,06,092	1,86,82,638	7·13
1923-24 ..	12,10,190	1,97,32,247	5·88
1924-25 ..	11,45,051	2,03,32,720	5·66
1925-26 ..	25,68,190	2,02,31,858	11·43
1926-27 ..	24,10,226	2,01,06,151	10·85
Difference of the past two years	−1,57,964	−1,25,707	−0·58

Excluding the cost price of opium which is being included in the revenue of the department from 1925-26, the figures for 1925-26 and 1926-27 are as follows:—

Period.	Revenue.	Refunds.
1	2	3
	Rs.	Rs.
1925-26	2,17,18,633	43,961
1926-27	2,14,19,014	39,281
Difference of the past two years ..	−2,99,619	−4,680

Period.	Expenditure (after deducting contribution of Rs. 2 lakhs from the Government of India).	Net revenue.	Percentage of charges. (Percentage of columns 3 and 4 to column 1.)
	4	5	6
	Rs.	Rs.	
1925-26 ..	12,51,714	2,04,22,958	5·96
1926-27 ..	13,29,926	2,00,49,807	6·39
Difference of the past two years	+78,212	−3,73,151	+·43

The decrease in revenue was mainly due to closure of shops in Calcutta during April, May and June 1926 on account of the communal riots, and also to subsequent closure of shops on certain festive occasions to prevent communal riots.

9. **Actual receipts.**—Deducting the advance collections (Rs. 1,21,230) for 1927-28 and adding the revenue (Rs. 85,143) which was collected in advance in 1925-26, the actual receipts on account of 1926-27 were Rs. 2,25,19,571, against Rs. 2,28,34,518 (after similar adjustment) of the preceding year.

10. **Excise charges.**—The total expenditure of the Excise and Salt Department, excluding the cost price of opium payable to the Government of India, was Rs. 15,29,926 during the year, against Rs. 14,51,714 during 1925-26.

11. **Revenue under different heads.**—The largest increase of revenue (Rs. 4,17,138) occurred under "hemp drugs." Opium came next with an increase of Rs. 1,85,665, followed by receipts from "Commercial spirits," including medicated wines (Rs. 44,516). Receipts under "Miscellaneous" showed an increase of Rs. 17,822. The largest decrease (Rs. 5,68,107) occurred under the head "Country spirit," followed by a decrease of Rs. 1,92,555 from "*Pachwai*" and Rs. 50,440 from "*Tari*."

12. **Demand and collection.**—Of the gross demand of Rs. 2,26,08,108, a sum of Rs. 2,25,55,658, or 99·7 per cent., was realized. Rupees 31,750 was remitted as irrecoverable The incidence of excise revenue per head of population was 7 annas 8 pies, against 7 annas 9 pies in the previous year.

SECTION II.—Country Liquor.

* * * *

COUNTRY SPIRIT.

14. **Systems of supply and sale.**—There were no changes in the systems of supply and sale.

15. **Retail licenses.**—The number of licenses for the sale of country spirit was 938, against 948 in 1925-26, showing a decrease of 10 licenses.

16. **Consumption.**—The total consumption of country spirit in the Presidency amounted to 6,27,962 L.P. gallons, as compared with 6,32,351 L.P. gallons in the preceding year, showing a decrease of 4,389 L.P. gallons. Consumption increased in 16 districts and decreased in 11 districts. A large increase of 24,698 L.P. gallons, or 53·9 per cent., occurred in the district of Jalpaiguri, while Calcutta showed an appreciable decrease of 28,955 L.P. gallons, or 15·8 per cent. Steps taken by the Government, before the close of the year, to check the excessive consumption of liquor in the district of Jalpaiguri have been dealt with by me in paragraph 4(2) above. The principal reason for the fall in consumption in Calcutta has been explained in paragraph 17.

There was a general decrease in most of the districts of the Burdwan Division, due to the higher price of rice in the division almost throughout the year and to slump in the coal trade in the Burdwan district.

There was an increase of consumption in many of the districts in North and East Bengal which was due to the influx of upcountry men in connection with jute and other business and a general increase in the wages of the labouring classes in business centres.

17. **Total revenue from country spirit.**—The total revenue (license and distillery fees and duty) from country spirit was Rs. 90,58,373, against Rs. 96,26,480—a decrease of Rs. 5,68,107. The revenue derived from duty and distillery fees decreased by Rs 5,19,588 and that from license fees decreased by Rs. 48,519.

The fall in the revenue was solely due to the fall in the consumption in Calcutta, brought about by the communal disturbances in the city and the necessity of closing down country spirit shops on most of the festive occasions for the preservation of peace.

18. **Convictions for drunkenness, and action taken against licensees for permitting it.**— * * * * * * In Calcutta 3,241 persons were convicted of drunkenness, as compared with 3,968 persons in the previous year, but no statistics were taken to show what proportions of these cases were due to country spirit, *tari* and foreign liquor respectively. The Commissioner of Police, Calcutta, has attributed the decrease principally to the closure of shops referred to above.

19. **Distilleries and warehouses.**—There was no change in the number of distillers. The rates fixed for cost price of spirit from 1st July 1926 were—(1) Messrs. Carew & Co., Re. 1-12 per L.P. gallon, (2) Messrs. D. Waldie & Co., Re. 1-10-3 per L.P. gallon, (3) Messrs. Hajee Ismail Sait & Son, Re. 1-7-3 per L.P. gallon. These rates continued till the 30th June 1927.

The spirit warehouse at Jalpaiguri was abolished from the 1st April 1927.

Adequate supply of liquor was generally maintained throughout the year from the distilleries to the bonded warehouses, and though on several occasions the stock fell below the prescribed minimum, the issues to the "retail" premises were not affected.

TARI.

20. **General.**—During the year under report, licenses for the retail sale of fermented *tari* were settled by auction in the "tree-tax" as well as in the other areas of the Presidency.

21. **The tree-tax system in Hooghly, Howrah, the 24-Parganas and Calcutta.**—The first introduction of the tree-tax system in Calcutta met with serious difficulty in the beginning of the year, on account of heavy rains in March 1926, preventing proper preparation of the trees in time, and subsequently on account of the communal disturbances, necessitating constant closure of *tari* shops. Compensation had to be granted to the licensees, and easy instalments for payment of license fees and tree-tax were permitted. The new system has, however, been started fairly satisfactorily, both in Calcutta and in the 24-Parganas.

The system continued to work well in the other two districts.

22. **Statistics.**—The total receipts under the head "*Tari*" decreased from Rs. 8,84,892 to Rs. 8,34,452. The number of retail licenses decreased from 543 to 537. The bulk of the *tari* revenue was derived as in previous years from the Burdwan and Presidency Divisions and the district of Malda, which altogether contributed Rs. 7,97,453 out of the total revenue under this head of Rs. 8,34,452. The decrease in revenue was mainly due to the closure of shops in Calcutta referred to above, and to the issue of a less number of tree-tapping licenses for domestic consumption in the districts of Hooghly and Howrah.

PACHWAI.

23. **Licenses.**—The total number of licenses issued for "retail sale," "home-brew (annual)," and "manufacture of *pachwai* on special occasions" was 54,952, as compared with 37,326 in 1925-26.

	Number of licenses issued.	
	1925-26.	1926-27.
Retail sale	1,203	1,201
Home-brew (annual) ..	34,365	52,992
Manufacture on special occasions	1,758	759

The increase in the number of licenses permitting home-brew of *pachwai* was solely due to the revised system of issue of such licenses by the managers of tea-gardens in the district of Jalpaiguri, sanctioned in Government Order No.1152 T.A.I., dated the 17th October 1925 The revised measures were introduced to prevent the extensive illicit brew of *pachwai* amongst the tea-garden coolies in the district, and have been successful, specially owing to the co-operation of the managers of the gardens.

24. **Revenue.**—The revenue in license fees from "retail vend shops" decreased from Rs. 12,14,396 to Rs. 10,05,382. The decrease was marked in Burdwan (Rs.1,59,990), Birbhum (Rs. 33,330) and Bankura (Rs. 20,691). The large decrease in revenue in Burdwan was principally due to the prevailing higher rate of the price of rice, causing a corresponding reduction in license fees, and partly to the slump in the coal trade which caused some reduction in the consumption. In Birbhum the decrease was solely due to the higher rate of the price of rice, while in Bankura the decrease was partly due to the higher rate of the price of rice, and partly to a temporary movement among the Santhals in the western part of the district to stop coming to the licensed shops, in the hope of obtaining the concession of free home-brew.

25. **Consumption.**—The licit consumption in the districts of Burdwan, Birbhum, Bankura and Hooghly, where the Bengal fixed fee system was in operation and accurate figures of consumption from the licensed shops were available, amounted to 199,418 maunds of rice, against 2,05,064 maunds of rice during the previous year, as detailed below:—

	Maunds of rice.	
	1925-26.	1926-27.
Burdwan	107,932	97,501
Birbhum	58,459	62,663
Hooghly	10,928	12,522
Bankura	27,745	26,732
Total ..	205,064	199,418

Since the beginning of the current year, the fixed fee system has been introduced in all the licensed shops (78) in the district of Murshidabad.

Out of 1,201 licenses in the Presidency for the manufacture and vend of *pachwai*, 938 are now working under the fixed fee system.

26. **Control over manufacture and sale of pachwai and of bakhar.**—The measures adopted by Government for further regulation and control over the manufacture and sale of *pachwai*, mentioned in paragraph 25 of the report for the year 1925-26, have been effective in improving the quality of *pachwai* in all the districts where they were introduced.

The Collector of Burdwan has reported that the system of testing diluted *pachwai* with the ebullioscope introduced during the year has proved a success—*both as a safeguard against leakage of revenue, as well as a protection to the consumer against unauthorised adulteration.* Several of the worst cases of misbehaviour amongst licensees were dealt with by cancellation or non-renewal of the licenses. The Collector of Birbhum has reported that there has been a satisfactory improvement in the quality of *pachwai* now sold by the retail vendors. Rice used at present is better, arrangements have been made for purer water-supply, and there has been a general improvement in all the operations connected with the manufacture of *pachwai*. The proper control of the manufacture and supply of *bakhar*, which is one of the main problems in this connection in the district of Birbhum, also received adequate attention.

27. The number of licenses issued for the manufacture and sale of *bakhar* during the year were as follows:—

District.	Number of licenses issued.	
	Manufacture and sale of *bakhar*.	Sale of *bakhar*.
Burdwan	9	30
Birbhum	32	10
Bankura	14	10
Midnapore	64	..
Hooghly	..	3
Murshidabad	4	6

The number of licenses issued in Birbhum for the manufacture and sale of *bakhar* was considerably curtailed during the year, as a result of the investigations into the subject which were carried on during the year under report, as well as in the preceding year. Detailed regulations were also introduced for regular accounts of manufacture and supply.

The Superintendent of Excise, Birbhum, Mr. D. N. Mukherjee, who has been conducting experiments in regard to the manufacture of *bakhar*, has come to the conclusion that several of the suspicious herbs and roots which were being used by *bakhar* manufacturers were not essential for the manufacture of the article, and several of such herbs were prohibited from use in its manufacture during the year, in accordance with the advice of the Chemical Examiner. Efforts are now being made for the preparation of a standard *bakhar*, free from all herbs, roots or seeds which are of a poisonous or suspicious character.

SECTION III.—Foreign Liquor.

* * * *

I.—POTABLE LIQUORS.

* * * *

31. **Import from foreign countries and clearances.**—The following statistics furnished by the Collectors of Customs show clearances of foreign liquor on payment of duty from the Customs Houses in Calcutta and Chittagong :—

Name.	1925-26.		1926-27	
	Calcutta (Liquid gallons).	Chittagong (Liquid gallons).	Calcutta (Liquid gallons).	Chittagong (Liquid gallons).

Spirits (other sorts)	9,172	..	2,845	..
Total .	307,050	7,725	299,381	9,037

The Collector of Customs, Calcutta, has commented on the statistics for the Port of Calcutta in 1926 27 as follows . --

" *Ale, beer and porter.*—British beers have again advanced at the expense of German brands. Japanese, however. show an increase of nearly 25 per cent. and imports from the Netherlands continued to expand. Compared with imports from the United Kingdom, which totalled 576,772 gallons, both these classes are of comparative insignificance.

Brandy and whisky.—In spite of a less favourable rate of exchange during the greater part of the year, imports of brandy showed a further increase. Whisky declined to the extent of 20,000 gallons, or 10 per cent.

Rum.—Imports of rum, denatured on arrival, reached the high figure of 356,333 gallons.

Consumption.—Brandy increased slightly, while whisky fell off. Wines of all kinds were consumed in slightly larger quantities. Vermouth, however, was somewhat less popular than in the previous year."

The following statistics show imports and issues of spirits in L. P. gallons at the Calcutta Custom House :—

Year.	Brandy, whisky, rum and gin.	Java arrack.	White and rectified spirit.	Total.
Imported	(L. P. gallons).	(L. P. gallons).	(L. P. gallons).	(L. P. gallons).

32. **Import and manufacture of Indian-made brandy, whisky, gin and rum.**—The figures below show the total quantity of spirit used in the manufacture of brandy, whisky, gin and rum in Bengal, as well as the imports thereof from other provinces :—

Total ..	7,133	18,600	25,733
Figures of 1925-26 ..	6,600	26,807	33,467

Besides the above, 38·5 L. P. gallons of rum were imported from the Dyer Distillery, Lucknow.

Manufacture of beer.—Of the two breweries licensed during the year under report, only the Victoria Brewery at Sonada worked and had an outturn of 19,889 gallons of beer, of which 14,715 gallons were sold to the military authorities, 5,199 gallons to the public and 181 gallons to the provinces outside Bengal.

Duty on Indian-made potable foreign liquors and beer.—The receipts from duty on potable spirits and beer manufactured in India amounted to Rs. 5,90,177, against Rs. 7,53,882 and Rs. 8,53,342 in the two previous years respectively. The preference shown to cheap imported brandy and whisky by consumers who are habituated to drink this sort of liquor was the principal cause of this decrease in duty.

33. **Licenses and fees.**—The total number of licenses issued for " trade " and " public " vend was 1,582, against 1,623 in the preceding year. The decrease occurred under " Trade " (3), " Public 'Off' " (4), " temporary bars " (26), " Late closing " (14), while increase occurred under the head " Railway refreshment room " (6).

The total receipts from license fees on foreign liquor licenses, levied under the

Bengal fixed fee system, were as follows :—

	Rs.
1922-23	242,667
1923-24	274,698
1924-25	305,907
1925-26	295,784
1926-27	309,946

MEDICATED WINES.

34. **Licenses and revenue.**—The number of licenses for the retail sale of medicated wines was 189, as compared with 175 in the previous year. The revenue from license fees was Rs. 10,615, against Rs. 7,075 in the preceding year.

II.—INDUSTRIAL SPIRITS (EXCLUDING DENATURED SPIRITS).

* * * *

35. **Revenue.**—The total revenue derived from rectified spirit and absolute alcohol used for medicinal, scientific or other industrial purposes in the Presidency was Rs. 5,00,895.

* * * *

36. **Issue of rectified spirit from distilleries and warehouses.**—The following quantities of rectified spirit were issued during the year for medicinal, industrial and scientific purposes from distilleries and excise warehouses in Bengal :—

Place of manufacture.	Duty-free issues to Government Departments, colleges, etc. (L. P. gallons).	For manufacture of tinctures and other medicinal preparations. (L. P. gallons).	
		In bonded laboratories.	By permit-holders.
1	2	3	4
Asansol ..	1,659	85,368	5,070
Konnagar ..	226	17,231	8,604*
Russa ..	8	8,650	1,280
Bahir-Mirzapur ..	5,499	14,732	1,124
Total ..	7,392	125,981	16,078

*Besides 73·1 L.P. gallons of rectified spirit were taken by permit-holders in United Provinces and 157·4 L.P. gallons of rectified spirit were taken for medicinal purposes in Assam.

Besides the above, 119·8 L. P. gallons of rum were issued duty-free from the Konnagar Distillery for use in hospitals.

Duty-free issues (column 2) of rectified spirit were made to the following institutions :—

(1) Medical Store-keeper.
(2) The Zoological Surveyor of India.
(3) The Botanical Surveyor of India.
(4) The Officer in charge, Mathematical Instrument Office.
(5) The School of Tropical Medicine and Hygiene.
(6) The Calcutta Corporation.
(7) The Presidency College.
(8) The Bethune College.
(9) The Dacca University.
(10) The Indian School of Mines, Dhanbad.
(11) The Scottish Churches College.
(12) The Zoological Laboratory.
(13) The Controller of Stationery and Stamps.
(14) The Military Food Laboratory, Kasauli, Punjab.
(15) The Director of Agriculture, Sabour.
(16) The Manager, Government Photo. Zinc Office, Poona.
(17) The Calcutta Research Tannery.
(18) The Principal, Mymensingh College.

37. **Manufacture of Tinctures and medicines.**—Six bonded laboratories in Calcutta and one in Konnagar continued to manufacture tinctures and medicines during the year under report Duty was paid on 60,466 L. P. gallons of spirit contained in tinctures and medicinal preparations issued from the seven laboratories, while medicinal preparations containing 25,281 L. P. gallons of spirit were issued duty-free to the charitable dispensaries and hospitals in the various provinces. Besides, 6,356 L. P. gallons of rectified spirit and 1,359 L. P. gallons of absolute alcohol were issued duty-free to the charitable dispensaries and hospitals in the various provinces, and 150·2 L.P. gallons of rectified spirit and 24·5 L.P gallons of absolute alcohol were issued duty-free to (1) the University College of Science, (2) the Calcutta Research Tannery, (3) the Corporation of Calcutta, and (4) the Scottish Churches College. The duty realized on tinctures issued from bonded laboratories at Rs. 5 per L. P. gallon on the spirit contents was Rs. 3,02,330, against Rs. 2,70,535 in the last year.

Permit-holders in Bengal (column 4) took issue of 16,078 L. P. gallons of rectified spirit on payment of Rs. 80,390 as duty.

The gradually increasing control of the department over the manufacture of spirituous medicinal preparations has resulted in a steady improvement in the quality of the preparations, as under Government orders all bonders as well as permit-holders were required to manufacture spirituous medicinal preparations appearing in the British Pharmacopœa strictly in accordance with directions laid down therein. In the case of preparations other than B. P., manufacturers were required to submit formulæ for the approval of the department, and they were made to adhere to the recipe in respect of which sanction was given. A sample of every preparation was required to be sent to the Chemical Examiner for analysis. In all the laboratories the Analytical Branch was improved to test the alkaloids, and the manufacture, bottling, storage, etc., of poisonous and non-poisonous preparations were completely and effectively separated.

One new bonded laboratory was opened in Calcutta for the manufacture of spirituous medicinal preparations in bond by the Union Drug Company, Limited, in April 1927.

38. **Issues of rectified spirit and absolute alcohol from bonded laboratories and distilleries for medicinal industrial and other purposes on payment of full duty.**—Four thousand, six hundred and ninety-eight L. P. gallons of rectified spirit and absolute alcohol were sold on payment of full duty from the bonded laboratories and 1,611 L.P. gallons of rectified spirit were sold from distilleries to licensed retail vendors of rectified spirit and to chemists and druggists for medicinal and other industrial purposes.

SECTION IV.—Hemp Drugs.

* * * *

GANJA.

44. **Retail licenses.**—The total number of licenses issued in the Presidency for the retail sale of *ganja* was 1,218, against 1,215 in 1925-26. The following new shops were opened during the year, with the approval of the local Excise Advisory Committees, to meet legitimate local demand, *viz.*—Burdwan (1), Birbhum (1), Jessore (1), Khulna (1), Dacca (2), and Chittagong (1).

Four shops were abolished as being unnecessary, *viz.*—Midnapore (1), and Calcutta (3).

45. **Consumption.**—The total quantity of *ganja* consumed in the Presidency amounted to 1,691 maunds and 38 seers, against 1,786 maunds and 33 seers - a net decrease of 94 maunds and 35 seers or 5·3 per cent. The sole reason for this decrease in consumption was the increase in retail price from Rs. 87-8 to Rs. 97-8 per seer, ordered by Government with effect from 1st April 1926.

The consumption fell off in 20 districts and increased in 7 districts, *viz.*, Dacca, Mymensingh, Faridpur, Tippera, Bogra, Rajshahi and Khulna. The increase in Rajshahi and Khulna was nominal, while in the other districts it ranged from 2 per cent. to 5 per cent.

46. **Total revenue.**—The receipts for the year amounted to Rs. 47,67,560, against Rs. 43,60,085 in the previous year, the net increase being Rs. 4,07,475. The revenue from license fees decreased by Rs. 1,41,991, and the gola rent by Rs. 166 and that from duty increased by Rs. 5,49,632. The increase in revenue, in spite of the decrease in consumption, was due to the increase in duty from the beginning of the year.

47. **Incidence of taxation.**—The incidence of license fee per seer of *ganja* consumed was Rs. 36·7, and that of duty Rs. 32. The total taxation was Rs. 68·7 per seer, as compared with Rs. 58·7 in the previous year.

* * * *

50. **Cultivation and outturn of ganja at Naogaon in Rajshahi.**—The following figures indicate the position regarding the operations of *ganja* cultivation in Naogaon in Rajshahi district during the last 6 years:—

Year.	Number of cultivators licensed.	Area licensed.	Total Outturn.	Average outturn per bigha.		Total exports from Naogaon.
		Bighas.	Mds.	Mds.	Seers.	Mds.
1921-22 ..	2,858	2,790	5,330	1	13	4,885
1922-23 ..	3,033	2,899	4,761	1	25	4,723
1923-24 ..	3,681	2,892	8,641	2	33	3,935
1924-25 ..	3,310	2,002	6,089	3	13	4,202
1925-26 ..	3,099	1,701	4,508	2	24	4,961
1926-27 ..	2,996	1,800	5,256	2	36	4,722

The area sanctioned for cultivation during the year 1926-27 was 1,800 bighas, and this was based on the principle explained by me in detail in paragraph 50 of the report for the year 1925-26. The average outturn per bigha was

more satisfactory than during the preceding year and assurance of a proper price has increased the interest of individual cultivators to get as good an outturn as possible from the area cultivated.

There was no case of surrender of any license, and no license was cancelled during the year. The area actually cultivated was 1,812 bighas, 11 cottahs and 1 chittak, against 1,755 bighas, 17 cottahs and 13 chittaks of the last year.

The condition of the crop was uniformally favourable till the 3rd week of January. During the latter part of January and the beginning of February, however, some damage was done to the crop by insects and by plant diseases commonly known as "Gorejala" and "Ambala."

* * * *

BHANG.

55. **Licenses and revenue.**—There were 316 retail licenses for the sale of *bhang* in the year under review, against 318 in the previous year. Three new licenses were granted in the 24-Parganas and one in Burdwan, with the approval of Excise Advisory Committees, to meet ascertained local demand, while 4 licenses were abolished in Calcutta and 1 each in the districts of Midnapore and Murshidabad.

The total number of druggists' permits issued was 518, as compared with 470 of the preceding year.

The total revenue from license fees and duty amounted to Rs. 1,85,310, as compared with Rs. 2,12,745 in 1925-26—a decrease of Rs. 27,435—with a decrease in consumption by 29 maunds and 18 seers.

56. **Consumption.**—The principal demand for *bhang* as in the previous years was confined to most of the West Bengal districts. In most of the districts of East Bengal, the demand for its use as an intoxicant is very small. The total consumption in the Presidency amounted to 407 maunds and 19 seers, as compared with 436 maunds and 37 seers in the previous year—a decrease of 29 maunds and 18 seers. The most noticeable fluctuation was a decrease of 29 maunds and 31 seers in Calcutta, as compared with the figure of the previous year. This decrease was principally due to the temporary exodus of many upcountry men (who are the principal consumers of the drug) from the metropolis, on account of the communal troubles last year.

57. **Exports.**—Three maunds and 10 seers of duty-paid *bhang* were exported from Hooghly to French Chandernagore, against 3 maunds and 30 seers in the previous year. Twenty-one seers of duty-paid *bhang* were supplied from Comilla to the adjacent state of Tripura, against 25 seers in the previous year.

58. **Abuse.**—The abuse of medicinal preparations prepared from *bhang* like Madanananda Modak, Kameswar Modak, etc., received very salutary check during the year, on account of the restrictive measures introduced by Government and referred to in paragraph 4 (7) of the report for the year 1925-26.

CHARAS.

59. **Licenses and revenue.**—The total number of retail licenses was 34, against 35 in the previous year, one shop having been abolished in Calcutta. The total number of wholesale licenses was 3, against 3 in the previous year. The total receipts amounted to Rs. 3,03,105, as compared with Rs. 2,66,007 in 1925-26—an increase of Rs. 37,098. There was a fall of Rs. 14,024 under the head "License fees" due to fall in the consumption of the drug in retail shops, but there was an increase of Rs. 51,122 under the head "Duty," owing to the enhancement of duty on the drug from Rs. 30 to Rs. 50 per seer with effect from the 1st April 1926.

60. **Import, export and consumption.**—The total quantity of *charas* imported into the Presidency was 65 maunds and 30 seers, against 69 maunds and 17 seers in the preceding year. The drug was, as usual, imported by the wholesale dealers of Calcutta and Birbhum direct from the Punjab and supplied to the retail vendors in the districts. The total issue to retail shops in the Presidency amounted to 64 maunds and 18 seers, as compared with 68 maunds and 31 seers in the preceding year, while the consumption in Calcutta amounted to 40 maunds and 32 seers, against 45 maunds and 21 seers in the previous year.

One maund and 4 seers of *charas* were exported to French Chandernagore during the year, against 6 seers exported during the previous year.

SECTION V.—Opium.

* * * *

61. **Restricted supply of opium.**—There was no change in the system of restricted supply of opium to shops in several districts in the Presidency.

62. **Consumption.**—The consumption of excise opium during the year under report was 994 maunds and 32 seers, as compared with 998 maunds and 25 seers in the preceding year, showing a decrease of 3 maunds and 33 seers.

Analysing the figures for the year, it appears that the increase in the retail price of opium in the four metropolitan districts of Calcutta, the 24-Parganas, Hooghly and Howrah, referred to in paragraph 62 of my report for the year 1925-26, was still effective to keep down consumption in the above areas, and the figures further went down by 858 seers, which represented a decrease of 4 per cent.

The consumption showed decrease in three other districts, while it increased in the rest of the Presidency by 736 seers, which represented an increase of 4·7 per cent. The increase was not, however, excessive in any district, and was due to better economic conditions and stricter supervision over shops.

The question of opium consumption in the Presidency underwent further examination towards the close of the year on receipt of a despatch from the Secretary of State for India in which he referred to the fact that there were certain areas in which the rate of consumption very largely exceeded the League of Nations' standard of six seers per 10,000 of population per annum, and suggested that Committees of Enquiry be appointed to investigate the causes of excessive consumption in the worst areas. In seventeen districts in the Presidency the consumption was less even than the League of Nations' standard; in others it was in excess: in Calcutta and the neighbouring industrial areas of Serampore and Barrackpore the consumption was more than five times the standard.

Government have, since the close of the year, appointed a Committee composed of two officials and two non-officials to investigate more fully into the reasons for high consumption in the above areas, and to submit its recommendations regarding further steps which may be taken to check the abuse of the drug in these areas, so far as it may exist. It may here be noted, however, that the consumption of other intoxicants too, *viz.*, liquor, and other drugs like *ganja*, *charas* and *bhang*, is also relatively higher in the above areas than in the rest of the urban or rural areas in the Presidency.

63. **Licenses for retail sale.**—The total number of licenses issued for the retail sale of excise opium was 861, as compared with the same number in the previous year. Five new shops were opened, *viz.*, 1 each in Jessore, Tippera and Jalpaiguri, and 2 in Noakhali. Five shops were abolished, *viz.*, 2 in Calcutta and 1 each in Khulna, Mymensingh and Rajshahi.

64. **Permits and licenses under the Opium and Morphia Rules.**—The total number of permits and licenses issued was 1,457, as compared with 1,430 in the previous year. The number includes 34 licenses issued to manufacturing chemists, 541 to dispensing chemists, 69 to kabirajes and hakims and 64 permits to permit-holders (total 708 for intoxicating drugs), and 41 licenses issued to dealers, 584 to chemists, 45 to persons approved under Rules 21 (1) and 21 (2) of the Morphia Rules and 79 to persons authorised under Rule 22 of the same rules (total 749 for morphia drugs). The increase in the number of licenses was due to increase in the number of chemists and druggists in many districts in the Presidency.

65. **Revenue.**—The total receipts amounted to Rs. 48,15,300, as compared with Rs. 46,29,635 in 1925-26, showing an increase of Rs. 1,85,665. The increase was due to enhancement of duty on opium in the districts of Hooghly, Howrah, the 24-Parganas and Calcutta given effect to from 1st September 1925.

66. **Abuse of opium and morphia.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any district. Regarding the measures taken to discourage the practice of administering opium to children, the Director of Public Health,

Bengal, has reported that the Publicity Officer kept the subject in view and mentioned it in some of his public addresses last year, but as the practice did not appear to be prevalent in the Presidency of Bengal, there was little scope for publicity work in regard to it. The question is under the consideration of the Calcutta Opium Enquiry Committee now sitting.

* * * *

SECTION VI.—Cocaine.

* * * *

69. **Licenses and revenue.**—Four hundred and twenty licenses were issued during the year to chemists and druggists for the sale of cocaine on prescriptions of qualified medical practitioners, as compared with 391 in 1925-26. Seventy-five permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision. Forty-eight permits were issued to qualified medical practitioners and dentists.

70. **Preventive operations and illicit transactions** in cocaine have been dealt with in paragraph 72, section VII of the report.

* * * *

SECTION VII.—Offences against the excise and opium laws.

* * * *

72. **Prosecutions and convictions.**—The prosecutions and convictions during the year, as stated below, did not show much noticeable fluctuation in regard to the number of cases and persons prosecuted :—

	1925-26.	1926-27.
Number of cases prosecuted ..	5,958	5,796
Number of cases convicted ..	5,778	5,498
Number of persons prosecuted ..	6,282	6,134
Number of persons convicted ..	5,889	5,546

The decrease in excise prosecutions occurred principally in the districts of the 24-Parganas (676), Hooghly (134) and Burdwan (97). In the 24-Parganas, the decrease was mainly due to the disposal of 1,205 offences regarding *tari*, under section 65 of the Bengal Excise Act, instead of by prosecution in Courts. In Hooghly the decrease was mainly due to less number of detections of *tari* and *pachwai* cases and, in Burdwan, the fall was due to decrease in the number of illicit *pachwai* cases. The number of prosecutions showed marked increase in Midnapore (284), Birbhum (137), Bankura (96) and Khulna (62).

The situation regarding excise offences in the Presidency was clearly explained by me in paragraphs 74 to 77 of my report for the year 1925-26, and there were no new factors to be noted regarding the course and method of illicit practices in intoxicating articles in the Presidency.

The departmental officers successfully tackled offences against the excise and opium laws and regulations in most of the districts, and there was noticeable improvement in detection work in Calcutta, Midnapore, Birbhum, Darjeeling, Rajshahi, Dacca, Mymensingh and Chittagong.

Offences committed by licensees also received adequate attention in most of the districts.

The total seizures of illicit crude opium on its way to Burma and the Far East, through Bengal and Calcutta, were as follows during the last 3 years :—

	Mds.	Srs.
1924-25 ..	31	17
1925-26 ..	44	8
1926-27 ..	60	22

Of the total quantity of illicit opium seized during the year 1926-27 in Bengal, 31 maunds and 21 seers were seized by the Excise Detective Staff in Calcutta, 7 maunds and 38 seers by the Railway Excise Staff, 5 maunds and 20 seers by the Excise Staff in districts, 13 maunds and 1 seer by the Customs Detective Staff, and 2 maunds and 32 seers by the Police Staff in Calcutta and Howrah.

Several important arrests and prosecutions for illicit import and possession of opium were made during the year, and I shall mention only a few cases of special interest in a subsequent paragraph.

The total seizures of cocaine during the past three years are noted below :—

	Ozs.	grs.
1924-25 .	1,432	112
1925-26 .	2,023	27
1926-27 .	701	50

Of the total quantity of cocaine seized during the year 1926-27, 614 ounces were seized by the Customs Detective Staff on board the vessels in the Port of Calcutta, 48½ ounces by the Calcutta Excise Detective Staff, and 28 ounces by the Excise Staff in the mufassal districts and 10½ ounces by the Police Staff in Calcutta and Howrah.

The efforts to tackle the principal offender and their associates engaged in the illicit traffic in opium and cocaine in Calcutta and to prosecute the offenders successfully, were persistently continued throughout the year with satisfactory results, and the department is thankful for the co operation it received from the Police and Customs Officials. The illicit traffic inside the city, as well as at the railway termini, was principally looked after by the Excise Detective Staff in co operation with the Police officers, while the illicit traffic on board the vessels in the port and on the jetties was looked after mainly by the Customs Detective Staff. This arrangement has worked with gradually increasing success from year to year, and a larger degree of co-operation amongst the officials of the several departments has been secured.

In addition to the details required on the reverse, clear information should be given below under the following head :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or has agreed to take in order to make good the dificiency :—	The maximum water rate has been levied.
(*b*) The reserve taxation or other possible means of increase in the revenue of the municipality :—	Water tax.
(*c*) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable :—	A loan of Rs. 50,000 was taken on 29th March 1923 for water supply scheme, repayable in 30 years at 7 per cent. per annum. This loan has now been converted into a loan of Rs. 58,300-10.
(*d*) Any explanation in regard to receipt and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.	The annual charges of this loan are Rs. 4,698-3-9. The whole amount is still payable as the water-works are now partially complete and the water tax has only been levied from the 2nd quarter, 1926-27.

LAND ACQUISITION.

No. 633T.-R.—The 20th September 1927.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

Pabna.

F. A. SACHSE,

Secretary to the Government of Bengal.

AGREEMENT.

Memorandum of Agreement made this the 21st day of June 1926 between the Sirajgunj Central Co-operative Bank, Limited, a Company (registered under the Co-operative Societies Act II of 1912) and having its registered office at Sirajgunj in the district of Pabna (hereinafter called the Company) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of a building for the Central Co-operative Bank, Limited, the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land measuring 0·402 of an acre or thereabout situate in the mauzas Goila and Sankharia *alias* Dhanbandi, pargana Barabaju in the district of Pabna and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 5A and clauses (*a*) and (*b*) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

* Not printed herewith but may be inspected in the office of the Subdivisional Officer, Sirajgunj.

And whereas the said Government of Bengal has required the Company under the provisions of section 41 of the above-mentioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows :—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purposes of such a building as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said building has already been completed (and fully equipped in all respects ready for use) on the portion of the land belonging to the District Board of Pabna of which possession to the Company has amicably been given by the said Board in anticipation of formal acquisition under the Land Acquisition Act.

6. Should the said land at any time cease for a period of twelve consecutive months, to be held and used or cease to be required for the purpose and purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the said buildings only, upon such sale, the Secretary of State shall after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the land and building only on business with the Sirajgunj Central Co-operative Bank, Limited.

9. The bank will have no right to construct a two-storied building on the District Board acquired land. The space 8 feet in width along the eastern boundary of the land acquired from Nrisingh Chandra Sen (*i.e.*, the space marked "A" in the plan) and the space 39 feet in length and 8 feet in breadth along the south-eastern boundary of the land acquired from the District Board (*i.e.*, the space marked "B" in the plan) be allowed to be used as an approach to the unacquired portion of the District Board land. The cost of acquiring the land to be used as an approach as detailed above is to be set off against the compensation to be paid to the District Board.

10 Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

Schedule of the land referred to above.

RESOLUTION.

POLITICAL.

Simla, the 6th October 1927.

No. D.-4169.—The question of the adequacy of the censorship exercised over cinematograph films in India has been attracting for some time past increasing public attention and has more than once been brought to the notice of the Government of India by resolutions in the Indian Legislature. The Government of India came to the conclusion that the subject was one of sufficient importance and complexity to demand a thorough enquiry by a special committee, which will take evidence and obtain opinions from all parts of India. At the same time the question had been raised by a resolution of the Imperial Conference of 1926 whether the various parts of the Empire could take any steps to encourage the exhibition of Empire films. As all Governments of the Empire have been invited to consider this question, it appeared to the Government of India that it would be appropriate that it should be examined by the proposed Committee. This extension of the scope of the Committee's enquiry would also enable it to address itself to a question which may have a far-reaching influence on the development of the cinematograph in India, namely, the possibility of encouraging the production and exhibition of Indian films.

2. A resolution embodying these proposals was moved on behalf of Government during the last session in both Houses of the Legislature. The resolution was passed without dissent in the Council of State, while in the Legislative Assembly the discussion was adjourned on the understanding that Government would be free to proceed with their proposals.

3. Accordingly the Governor General in Council has decided to appoint a Committee which will start work at an early date. The terms of reference will be as follows :—

(1) to examine the organization and the principles and methods of the censorship of cinematograph films in India ;
(2) to survey the organization for the exhibition of cinematograph films and the film producing industry in India ;
(3) to consider whether it is desirable that steps should be taken to encourage the exhibition of films produced within the British Empire generally and the production and exhibition of Indian films in particular ; and to make recommendations.

4. The Committee will be composed as follows :—

Chairman.

1. Dewan Bahadur T. Rangachariar, C.I.E., Vakil, High Court, Madras.

Members.

2. The Hon'ble Khan Bahadur Sir Ebrahim Haroon Jaffer, Kt.
3. Colonel J. D. Crawford, D.S.O., M.C., M.L.A.
4. Mr. K. C. Neogy, M.L.A., Vakil, High Court, Calcutta.
5. Mr. A. M. Green, I.C.S., Collector of Customs and Member of Bombay Board of Film Censors.
6. Mr. J. Coatman, M.L.A., Director of Public Information.

Mr. G. G. Hooper, M.C., I.C.S., will act as Secretary to the Committee.

5. The Committee will visit important centres, and will take evidence on the questions stated in the terms of reference. Persons who desire to be called as witnesses should apply in writing to the Secretary, care of Home Department, Government of India, Simla, giving their full names and addresses together with a brief memorandum of the points in regard to which they desire to give evidence. It will of course rest with the Committee to decide what evidence they will hear.

ORDER.—Ordered that a copy of the above resolution be published in the *Gazette of India* and communicated to all local Governments and Administrations for information. Also that a copy be forwarded to the Secretary to the Committee for information.

RESOLUTION.

No. 15039For.—The 13th October 1927.—The following resolution published by the Government of India, Department of Education, Health and Lands, is republished for general information.

F. A. SACHSE,
Secretary to the Government of Bengal.

No. 1083-F., dated Simla, the 13th September 1927.

Resolution by—The Government of India, Department of Education, Health and Lands.

The Secretary of State for India in Council, in conjunction with the Government of India, has recently had under consideration the position of Indian students who have undergone, or are now undergoing, at their own expense, a course in Forestry in the United Kingdom, but have not yet taken the entrance examination for the Indian Forest Service and have now, by reason of recent changes in the regulations governing recruitment to that service, no chance of appearing as candidates at the examination. In order to give such students an opportunity of competing at the examination held in India, the Secretary of State, in consultation with the Government of India, has decided to admit to the Indian Forest Service entrance examination to be held in this country in 1928 candidates who fall within any of the four classes named below :—

(*a*) Those who are not debarred by age from appearing at the competitive examination in 1926, *i.e.*, were under 23 then, but were too old to appear at this year's examination by reason of being over 23 on 1st April 1927 ;
(*b*) Those who had obtained a degree or diploma in forestry and were under 25 years of age on the 30th June 1926 ;
(*c*) Those who were qualified to take the examination this year but did not do so, perhaps on account of short notice, and will be age-barred next year ; and
(*d*) Those who, having obtained a diploma or degree in forestry, were under 25 on the 30th June 1927.

2. These concessions will be incorporated in the regulations for the examination to be held in India in 1928. They will apply solely to that examination. They will not operate to allow any of the candidates in question who has appeared once at the examination to appear a second time, and are confined to Indian students who are now undergoing forestry training outside India, or were undergoing such training during 1926.

ORDERED that a copy of the resolution be forwarded for information to all Local Governments and Administrations, the Public Service Commission and Inspector-General of Forests.

ORDERED that a copy be forwarded to the Foreign and Political Department for information and favour of communication to political officers and that the resolution be published in the *Gazette of India*.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Acts of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 2320L., dated Calcutta, the 18th October, 1927.—In pursuance of the provisions of sub-section (*3*) of section 81 of the Government of India Act, the following Act of the Local Legislature of Bengal having been assented to by the Governor-General on the 12th October, 1927, is hereby published for general information :—

BENGAL ACT I OF 1927.

THE CALCUTTA VEHICLES ACT, 1927.

An Act to provide for the better control of horse-drawn vehicles in Calcutta.

WHEREAS it is expedient to provide for the better control of horse-drawn vehicles in Calcutta;

It is hereby enacted as follows:—

PART I.

Preliminary.

Short title, extent and commencement.

1. (*1*) This Act may be called the Calcutta Vehicles Act, 1927.

(*2*) It shall apply in the first instance only to Calcutta.

(*3*) It shall come into force on such date as the Local Government may, by notification, direct.

Further provisions as to extent.

2. The Local Government may, by notification—

(*a*) extend this Act or any portion thereof, to any town or local area other than Calcutta; and

(*b*) exclude from, or include in, Calcutta or any other town or local area to which this Act is extended under clause (*a*), any local area in the vicinity of the same and defined in the notification:

Provided that no notification under this section shall be published in respect of any area included in a Military Cantonment without the previous sanction of the Governor General in Council.

Provided also that, before finally publishing any notification under this section, the Local Government shall publish a draft of the same in such manner as it may think fit, and any rate-payer or inhabitant of the area affected by such draft may, if he objects to the draft, submit his objection in writing to the Local Government within six weeks from its publication, and the Local Government shall take such objection into consideration.

Definitions.

3. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "Calcutta" means subject to the exclusion or inclusion of any local area by notification under clause (*b*) of section 2, the area described in Schedule I to the Calcutta Municipal Act, 1923; Ben. Act III of 1923.

(*2*) "notification" means a notification published in the *Calcutta Gazette;*

(*3*) "prescribed" means prescribed by rules under this Act;

(*4*) "public place" means a road, street, way or other place, whether a thoroughfare or not, to which the public are granted access or over which they have a right to pass;

The Calcutta Vehicles Act, 1927.

(Sections 4—10.)

(*5*) "vehicle" means any wheeled vehicle drawn by a horse or horses and used for the conveyance of human beings; but does not include a hackney-carriage as defined in section 4 of the Calcutta Hackney-carriage Act, 1919. Ben Act I of 1919

PART II.

Provisions of General Application.

Prohibition of driving vehicles by persons under eighteen.

4. (*1*) No person under the age of eighteen years shall drive a vehicle in any public place.

(*2*) No owner or person in charge of a vehicle shall allow any person under the age of eighteen years to drive the same in any public place; and in the event of a contravention of sub-section (*1*), the Court may presume that the vehicle was driven with the consent of the owner or person in charge.

Duty to stop vehicle for regulating traffic and in case of accident.

5. The person in charge of a vehicle shall cause the vehicle to stop and to remain stationary so long as may reasonably be necessary—

(*a*) when required to do so by any police-officer for the purpose of regulating traffic or of ascertaining his name and address with a view to prosecuting such person under this Act or for any purpose connected with the enforcement of the provisions of this Act or the rules thereunder, or

(*b*) when he knows or has reason to believe that an accident has occurred to any person or to any animal or conveyance in charge of a person owing to the presence of the vehicle, and he shall also give his name and address and the name and address of the owner of such vehicle, to any police-officer in uniform present or to any person reasonably requesting such names and addresses.

Reckless driving.

6. Whoever drives a vehicle in a public place recklessly or negligently, or at a speed or in a manner which is dangerous to the public, having regard to all the circumstances of the case, including the nature, condition and use of the place, and the amount of traffic which actually is at the time or which might reasonably be expected to be, in the place, shall, on conviction, be punishable with fine which may extend to five hundred rupees.

PART III.

Licensing and Control.

Licensing of drivers.

7. (*1*) No person shall drive a vehicle in a public place unless he is licensed in the prescribed manner, and no owner or person in charge of a vehicle shall allow any person who is not so licensed to drive it.

Transfer of licence.

8. The holder of a licence shall not allow it to be used by any other person.

Production of licence.

9. The driver of a vehicle shall produce his licence upon the spot when required by any police-officer to do so.

Extent of validity of licence to drive.

10. Every licence to drive a vehicle shall be valid in such area as may be specified therein.

The Calcutta Vehicles Act, 1927.

(Sections 11—13.)

Registration of vehicles.

11. (*1*) The owner of every vehicle shall cause it to be registered in the prescribed manner.

(*2*) Such registration shall be valid in such area as may be specified in the certificate of registration.

Power of Local Government to make rules.

12. (*1*) The Local Government, subject to the condition of previous publication, shall make rules for the purpose of carrying into effect the provisions of this Act and of regulating, in the whole or any part of Bengal, the use of vehicles or any class of vehicles in public places.

(*2*) In particular, and without prejudice to the generality of the foregoing powers, the Local Government may make rules for all or any of the following purposes, namely:—

(*a*) providing for the registration of vehicles, and the conditions subject to which they may be registered, the fees payable in respect of and incidental to registration, the notification of any changes of ownership, and the area in which, and the duration for which, certificates of registration shall be valid;

(*b*) providing for facilitating the identification of vehicles by the assignment to them of distinguishing numbers and the displaying upon them of number and name plates, or in any other manner;

(*c*) regulating the construction and equipment of vehicles, including the provision and use of lights, bells or other appliances;

(*d*) prescribing the authority by which, and the conditions subject to which, drivers of vehicles or any class of such drivers may be licensed, the fees payable in respect of such licences, and the area within which, and the duration for which licences shall be valid;

(*e*) prescribing the authority by which, and the conditions and limitations subject to which, licences may be suspended or cancelled;

(*f*) prescribing the precautions to be observed when vehicles are standing in any public place;

(*g*) prohibiting or regulating the driving of vehicles in public places, where their use may, in the opinion of the Local Government, be attended with danger or inconvenience to the public;

(*h*) prescribing the authority who shall give and the manner of giving the notice referred to in section 13; and

(*i*) providing generally for the prevention of danger, injury or annoyance to the public or any person, or of danger or injury to property, or of obstruction to traffic.

(*3*) All rules made under this section shall be published in the *Calcutta Gazette*; and, on such publication, shall have effect as if enacted in this Act.

Posting of notices.

13. The prescribed authority shall give, in the prescribed manner, public notice of any rule, made by the Local Government under section 12, prohibiting or regulating the driving of vehicles in any public place; and for the purpose of giving effect to any such rule, shall display conspicuous notices at or near the place to which the rule refers.

Power to Local Government to exclude areas and to exempt vehicles from this Part.

14. The Local Government may, by notification, exclude any area specified in such notification from the operation of this Part; and may, by a like notification, exempt either generally or for a specified period any vehicle or class of vehicles from the operation of all or any of the provisions of this Part.

PART IV.

Miscellaneous.

Penalties.

15. Whoever contravenes any of the provisions of this Act or of any rule made thereunder shall, if no other penalty is elsewhere provided in this Act for such contravention, be punishable with fine which may extend to one hundred rupees, and, in the event of such person having been previously convicted of an offence under this Act or any rule made thereunder, with fine which may extend to two hundred rupees.

Cognisance of offences.

16. No Court inferior to that of a Presidency Magistrate or a Magistrate of the second class shall try any offence punishable under this Act or any rule made thereunder.

Cancellation and suspension of licence and disqualification for obtaining licence.

17. (*1*) The Local Government may, in its discretion, declare any person disqualified for obtaining a licence under this Act either permanently or for such period as it thinks fit.

(*2*) The prescribed authority may, subject to such conditions and limitations as may be prescribed, cancel or suspend any licence granted under this Act.

(*3*) Any Court by which any person is convicted of an offence against the provisions of this Act or any rule made thereunder or of any offence in connection with the driving of a vehicle shall, if such person holds a licence under the Act, cause particulars of the conviction to be endorsed thereon and may, in respect of such person and of his licence, if any, exercise the like powers as are conferred by sub-section (*1*) on the Local Government and by sub-section (*2*) on the prescribed authority:

Provided that no order made by a Court under this sub-section shall affect any person or licence for a period exceeding one year from the date of such conviction.

(*4*) Any Court before which the holder of a licence under this Act is accused of any offence mentioned in sub-section (*3*) may suspend such licence until the termination of the proceedings before it.

(*5*) A copy of every order of cancellation, suspension or disqualification made under this section in respect of a licence or the holder of a licence shall be endorsed on the licence, and a copy of every endorsement, in accordance with the provisions of this section, shall be sent to the authority by which such licence has been granted.

(*6*) Every holder of a licence shall, when called upon to do so, produce his licence before any authority acting under this section.

(*7*) A person whose licence has been cancelled or suspended in accordance with the provisions of this section, shall, during the period for which such order of cancellation has effect, or during the period of suspension, as the case may be, be disqualified for obtaining a licence.

The Calcutta Vehicles Act, 1927.

(*Section 17.*)

(*8*) No person whose licence has been endorsed or who has been disqualified for obtaining a licence shall apply for, or obtain, a licence without giving particulars of such endorsement or disqualification.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Cotton Crops of Bengal, 1927-28.

[NOTE.—On an average of the five years ending 1925-26, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.]

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State, and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—During the initial stages the early crop suffered from lack of rain in Midnapore and Mymensingh and from excessive rain in the Chittagong Hill Tracts and Tripura State. Subsequently, however, the conditions improved except in the Tripura State, where scanty rainfall from July up till now hampered the growth to some extent. In Bankura the weather was favourable throughout. The present outlook is generally fair and a fair outturn is expected.

Sowings of late variety commenced in Midnapore under satisfactory conditions.

Area sown.—The area sown with the early crop is reported to be 76,773 acres this year as against 75,158 acres (revised) in the corresponding forecast of last year. Of the late crop, an area of 803 acres is reported to have been sown this year as against the same area reported in the corresponding forecast of last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Sugarcane crop of Bengal, 1927-28.

[NOTE.—On an average of the five years ending 1925-26, the area under sugarcane in Bengal has represented some 7·5 per cent. of the total area under sugarcane in British India.]

Character of the season.—As indicated in the first forecast, the weather was generally favourable both for planting and for the growth of the early crop, but subsequent scanty rainfall up to first half of May interfered with the development of the young plants, especially in some West and North Bengal districts. Although good rainfall in the latter part of May and June improved the prospects, the crop suffered much from lack of rain in July and August again. Rainfall in the beginning of September, however, has proved beneficial, and the crop is expected to be a satisfactory one for the province on the whole.

Area planted.—The total area planted with the crop for the province is reported to be 208,800 acres this year as against 199,400 and 200,800 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of District Officers, the average outturn of the crop for the province works out 83 per cent. of the normal this year as against 82 and 80 per cent. respectively in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the cane crop is estimated at 83 per cent. as against a ten years' average of 82·5 per cent. This means that the condition of this year's crop is equal to about 101 per cent. of the ten years' average.

24-Parganas ...	4,600	1,400	1,400	75	75	End of January to 1st week of April. Normal.	The weather has, on the whole, been fairly favourable for the crop.
Nadia ...	10,000	7,600	7,500	75	58	Middle of January. Normal.	The weather has not been favourable owing to want of sufficient rain, which has affected the growth of the crop.
Murshidabad ...	3,600	3,500	3,400	75	75	January to April. Normal.	The weather and its effects on the growth of the crop have been fair.
Jessore ...	5,200	2,500	2,700	54	56	January and February. Normal.	The increase in area is due to high price of molasses last year. The weather was fair at planting time, but has been unfavourable afterwards.
Khulna ...	500	200	200	83	67	Beginning of March. Normal.	The weather and its effects on the crop have not been favourable.
Burdwan ...	11,600	15,500	15,700	92	92	End of April. Normal.	The weather and its effects on the cultivation and growth of the crop have been favourable.
Birbhum ...	9,800	8,200	8,300	83	71	Ditto ...	The weather was not favourable at planting time owing to drought, but occasional rainfall afterwards helped the growth of the young plants. Drought in the first part of July again caused damage to some extent.
Bankura ...	3,100	3,800	3,900	92	100	April. Normal ...	The weather has been favourable and its effects on the growth of the crop beneficial.
Midnapore ...	6 600	5,200	4,400	67	67	March. Normal	The decrease in area is due to want of sufficient rainfall at sowing time and also to the fact that the cultivators could not keep cuttings for plantation after the last flood which destroyed the crop. The weather and its effects on the growth of the crop have been fair.
Hooghly ...	8,200	2,900	2,900	96	58	Ditto ...	The weather was favourable at the time of plantation but subsequently unfavourable for insufficient rain.
Howrah ...	5,200	3,500	3,600	83	92	Middle of March. Normal.	The weather has been favourable and its effects on the growth of the crop beneficial.
Rajshahi ...	7,500	4,900	4,900	75	75	February. Normal.	The weather was favourable at sowing time but subsequently insufficient rain has retarded the growth of the crop.
Dinajpur ...	29,500	28,700	31,500	75	83	Middle of March. Normal.	The increase in area is due to high price of *gur*. The weather was not favourable at planting time but the present condition is fair.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 12th October 1927.

Summary.—During the week the rainfall was generally light to moderate except in Malda, the Tripura State and parts of Burdwan, Bankura, Midnapore, Jalpaiguri, Dacca and Mymensingh where it was somewhat in excess of the normal. More rain is still needed for the growth of the standing crops and for the steeping of jute in some North Bengal districts. Reaping of autumn crops and transplantation of winter paddy seedlings are over. Preparatory tillage for spring crops and sowing of *kalai* are progressing. Distress continues to prevail in parts of Birbhum, Dinajpur and Malda. Test relief works continue at Nalhati in Birbhum, where 310 persons worked on the 10th instant and also at Patnitola and Porsha police-stations in Dinajpur where 1,262 persons are working. The average price of common rice for the province has fallen by about 1·93 per cent. as compared with that of the previous week.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

COUNCIL OF STATE BILL NO. 7 OF 1927.

A Bill further to amend the Indian Succession Act, 1925, and the Married Women's Property Act, 1874.

WHEREAS it is expedient further to amend the Indian Succession Act, 1925, and the Married Women's Property Act, 1874, for the purposes hereinafter appearing; It is hereby enacted as follows :— XXXIX of 1925 III of 1874

Short title

1. This Act may be called the Indian Succession (Amendment) Act, 192 .

Amendment of sections 223 and and 236, Act XXXIX of 1925.

2. In sections 223 and 236 of the Indian Succession Act, 1925, the words "nor, unless the deceased was a Hindu, Muhammadan, Buddhist, Sikh or Jaina or an exempted person, to a married woman without the previous consent of her husband" shall be omitted. XXXIX of 1925

Insertion of new section 10 in Act III of 1874

3. After section 9 of the Married Women's Property Act, 1874, the following heading and section shall be inserted, namely :— III of 1874

"*VI.– Husband's liability for wife's breach of trust or devastation.*

Extent of husband's liability for wife's breach of trust or devastation.

10. Where a woman is a trustee, executrix or administratrix, either before or after marriage, her husband shall not, unless he acts or intermeddles in the trust or administration, be liable for any breach of trust committed by her, or for any misapplication, loss or damage to the estate of the deceased caused or made by her, or for any loss to such estate arising from her neglect to get in any part of the property of the deceased."

STATEMENT OF OBJECTS AND REASONS.

As the result of a judgment in the Bombay High Court, that Court drew attention to the advisability of altering sections 183 and 189 of the Indian Succession Act, 1865, so as to make the consent of the husband unnecessary before the grant of probate or letters of administration to a married woman, and drew attention to the provisions of sections 8 and 13 of the Probate and Administration Act, 1881. In the Indian Succession Act, 1925, which is a consolidating Act, the provisions of sections 183 and 189 of the Indian Succession Act, 1865, and of sections 8 and 13 of the Probate and Administration Act, 1881, have been reproduced in sections 223 and 236.

Sections 183 and 189 of the Indian Succession Act, 1865, were based on the English law as it then existed. Since 1865, however, the law in England has considerably changed and the consent of a husband is no longer necessary. It is desirable to bring the Indian law into conformity with English law, and amendments of sections 223 and 236 of the Indian Succession Act with this object are accordingly proposed.

In English law there is a provision that a husband is not liable for any breach of trust, loss or misapplication committed by any woman as a trustee, executrix or administratrix, unless he has acted or intermeddled in the trust or administration. It is desirable that in this respect also Indian law shall be brought into line with English law, and a new section is therefore proposed to be added to the Married Women's Property Act, 1874.

The following Bill was introduced in the Council of State on the 30th August, 1927 :—

COUNCIL OF STATE BILL NO. 10 OF 1927.

A Bill to enable bodies corporate to hold property in joint ownership.

WHEREAS it is expedient to enable bodies corporate to hold property in joint ownership ; It is hereby enacted as follows :—

Short title and extent.

1. (*1*) This Act may be called the Bodies Corporate (Joint Ownership) Act, 1927.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

Power for corporations to hold property as joint owners

2. (*1*) A body corporate shall be capable of acquiring and holding any moveable or immoveable property in joint ownership in the same manner as if it were an individual ; and where a body corporate and an individual, or two or more bodies corporate, become entitled to any such property under circumstances or by virtue of any instrument which would, if the body corporate had been an individual, have created a joint ownership, they shall be entitled to the property as joint owners :

Provided that the acquisition and holding of property by a body corporate in joint ownership shall be subject to the like conditions and restrictions as attach to the acquisition and holding of property by a body corporate in severalty.

(*2*) Where a body corporate is joint owner of any property, then on its dissolution the property shall devolve on the other joint owner.

STATEMENT OF OBJECTS AND REASONS.

Section 4 (*1*) (*a*) of the Indian Securities Act, 1920, lays down that when a Government security is payable to two or more persons jointly, and either or any of them dies, the security shall be payable to the survivor or survivors of those persons. Though by virtue of section 3 (39) of the General Clauses Act, 1897, "persons" includes a company or association or body of individuals, whether incorporated or not, this definition has been held to be repugnant to section 4 (*1*) of the Indian Securities Act, as a corporation or association may be dissolved but cannot die and there can, therefore, be no survivorship as contemplated in the latter section. Thus the law as it stands precludes the possibility of a Government promissory note being held by a corporate body jointly with an individual or with another corporate body. The position as regards joint ownership of this nature was the same in England before the passing of the Bodies Corporate (Joint Tenancy) Act, 1899.

In accordance with the above view of the law, Government and the Public Debt Offices have been treating as invalid all endorsements on Government promissory notes in favour of a company jointly with an individual. The Public Debt Office, Bombay, has been addressed on more than one occasion by corporate bodies regarding the admissibility of joint ownership of Government securities on the lines recognised by the law in England, and the Controller of the Currency has recently reported that instances of such endorsements are coming to his notice and that he has been compelled to treat them as invalid. It is, therefore, necessary to undertake legislation to remove this technical difficulty. But as there is no reason why the principle of joint ownership should be confined to securities only, it is proposed to legislate generally on the lines of the Bodies Corporate (Joint Tenancy) Act, 1899.

The following Bill was introduced in the Council of State on the 30th August, 1927 :—

COUNCIL OF STATE BILL NO. 11 OF 1927.

A Bill further to amend the Presidency-towns Insolvency Act, 1909, for certain purposes.

WHEREAS it is expedient further to amend the Presidency-towns Insolvency Act, 1909, for the purposes hereinafter appearing ; It is hereby enacted as follows :— III of 1909.

Short title.

1. This Act may be called the Presidency-towns Insolvency (Amendment) Act, 192 .

Amendment of section 7, Act III of 1909.

2. To section 7 of the Presidency-towns Insolvency Act, 1909 (hereinafter referred to as the said Act), the following proviso shall be added, namely :— III of 1909.

"Provided that, unless all the parties otherwise agree, the power hereby given shall, for the purpose of deciding any matter arising under section 36, be exercised only in the manner and to the extent provided in that section."

Amendment of section 15, Act III of 1909.

3. After sub-section (*2*) of section 15 of the said Act, the following sub-section shall be added, namely :—

"(*3*) On the making of the order admitting his petition, a debtor shall—

(*a*) unless the Court otherwise directs, produce all his books of account, and

(*b*) file such lists of creditors and debtors and afford such assistance to the Court as may be prescribed,

failing which the Court may dismiss his petition."

Amendment of section 36, Act III of 1909.

4. In sub-sections (*4*) and (*5*) of section 36 of the said Act, for the words "If, on the examination of any such person, the Court is satisfied," the words "If on his examination any such person admits" shall be substituted.

Amendment of section 112, Act III of 1909.

5. After clause (*k*) of sub-section (*2*) of section 112 of the said Act, the following clause shall be inserted, namely :—

"(*kk*) filing of lists of creditors and debtors and the affording of assistance to the Court by a petitioning debtor."

STATEMENT OF OBJECTS AND REASONS.

Section 7 of the Presidency-towns Insolvency Act, 1909 (III of 1909), gives the Insolvency Court, subject to the provisions of the Act, full power "to decide all questions of priorities, and all other questions whatsoever, whether of law or fact, which may arise in any case of insolvency coming within the cognisance of the Court, or which the Court may deem it expedient or necessary to decide for the purpose of doing complete justice or making a complete distribution of property in any such case".

Section 36 empowers the Court *inter alia* to summon before it any person "supposed to be indebted to the insolvent," and to require such person to produce before it any documents in his custody or power relating to the insolvent, his dealings or property. If on such examination of such person, the Court is satisfied that he is indebted to the insolvent, it may, on the application of the Official Assignee, order him to pay to the Official Assignee the amount in which he is indebted. This section taken alone does not empower a Court to enquire into and decide a claim which the alleged debtor does not admit.

2. The two sections are to some extent opposed to each other, and the practice of the Courts, as a result, is not uniform. The Calcutta High Court gives the greater weight to section 36 on matters coming within the scope of that section, and realises debts from debtors of the insolvent only when those debts are admitted. The Madras High Court, on the other hand, gives greater weight to section 7 and decides, as part of the insolvency proceedings, disputes between the Official Assignee and the alleged debtors of the insolvent. The Civil Justice Committee discussed the matter in paragraph 29 of Chapter XIV of their report (page 241).

3. It is considered expedient to amend the Act so as to secure uniformity of practice, and references to the various High Courts have shown that the Calcutta practice is generally preferred. Clauses 2 and 4 of the Bill secure that this practice shall be generally followed and are designed to remove the opposition between section 7 and section 36 by providing that the latter section shall prevail in matters falling within its scope. The amendments are so drafted that they will not prevent the Court from deciding a dispute between the parties concerned if they submit themselves to its jurisdiction

4. The amendments to section 36 also help to make the position clear, and bring the wording of that section into line with section 25 of the English Bankruptcy Act of 1914.

5. Further, under section 112 of the Act, the Bombay and Rangoon High Courts have made rules under which every debtor who files a petition for adjudication as an insolvent is obliged to lodge forthwith in the office of the Official Assignee all books, papers, writings, accounts, and vouchers relating to his estate with a list thereof signed by himself, and also a statement of his moveable and immoveable estates. The Calcutta High Court has, as a matter of practice but without making any rules, similarly required such a petitioner, except when very special reasons to the contrary were shown to exist, to lodge his books of account, explain the position of his affairs to the Official Assignee, and furnish a list of the names and addresses of all debtors and creditors, before the passing of an adjudication order. This practice has been declared to be *ultra vires* in a judicial decision of that Court, and as the legality of the rules framed by the other High Courts in this matter might also be successfully challenged, it is proposed to amend sections 15 and 112 of the Act in the manner indicated in the Bill. Clauses 3 and 5 are intended to give effect to this proposal.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 18th August, 1927 :—

L. A. BILL NO. 38 OF 1927.

A Bill to amend the law relating to the fostering and development of the bamboo paper industry in British India.

WHEREAS it is expedient to amend the law relating to the fostering and development of the bamboo paper industry in British India; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bamboo Paper Industry (Protection) Act, 1927.

Amendment of Act VIII of 1894.

2. (*1*) In the Second Schedule to the Indian Tariff Act, 1894, there shall be made the amendment specified in the Schedule to this Act. VIII of 1894.

(*2*) The amendments made by sub-section (*1*) shall have effect up to the 31st day of March, 1932.

Retrospective effect in certain cases.

3. Printing paper (excluding chrome, marble, flint, poster and stereo), containing no mechanical wood pulp, on which a duty has been paid at 15 per cent *ad valorem* under item No. 99 of Schedule II to the Indian Tariff Act, 1894, between the 21st of September, 1925, and the commencement of this Act shall be deemed to have been liable to pay duty at one anna per pound under item No. 155 of that Schedule : and any deficiency between the duty which has been paid on such paper and the duty hereby made payable shall be deemed to be duty short-levied within the meaning of section 39 of the Sea Customs Act, 1878, and that Act shall apply accordingly. VIII of 1894. VIII of 1878.

Amendment of Act XXV of 1925

4. The second item of the Schedule to the Bamboo Paper Industry (Protection) Act, 1925, is hereby repealed. XXV of 1925.

THE SCHEDULE.

AMENDMENTS TO BE MADE IN SCHEDULE II TO THE INDIAN TARIFF ACT, 1894.

(*See section 2.*)

For Items Nos. 155 and 156, the following shall be substituted, namely :—

"155	PRINTING PAPER (excluding chrome marble, flint, poster and stereo), all sorts which contain no mechanical wood pulp or in which the mechanical wood pulp amounts to less than 65 per cent. of the fibre content.	Pound.	One anna.
156	WRITING PAPER—		
	(*a*) Ruled or printed forms (including letter paper with printed headings) and account and manuscript books and the binding thereof.	Pound.	One anna or 15 per cent. *ad valorem*, whichever is higher.
	(*b*) All other sorts	,,	One anna "

STATEMENT OF OBJECTS AND REASONS.

This Bill amends in three respects the Bamboo Paper Industry (Protection) Act, 1925, which added entries 155 and 156 in the Import Tariff Schedule (Schedule II to the Indian Tariff Act, 1894).

2. Firstly, by entry 155 a protective duty of one anna per pound was imposed on printing paper containing less than 65 per cent. of mechanical wood pulp, the intention being to exclude newsprint (which usually contains 65 per cent. or more of mechanical pulp) from the protective duty, and leave it under the revenue duty of 15 per cent. *ad valorem*. It has recently been held, however, that entry 155, as worded, excludes from the protective duty not only 'newsprint' as defined by the Tariff Board, but also paper containing no mechanical wood pulp at all. The effect is that the protective duty does not apply to a class of imported paper with which paper manufactured in India particularly competes, and to this extent the Act fails of its intended purpose.

This Bill, therefore, makes printing paper containing no mechanical woold pulp liable to the protective duty of one anna per pound, with retrospective effect from the 21st September, 1925, the date on which the Bamboo Paper Industry (Protection) Act became law.

The Bill also empowers the Governor-General in Council to recover the difference between the protective duty and the duty at 15 per cent. *ad valorem* in the case of all paper containing no mechanical wood pulp on which duty has been paid at 15 per cent. *ad valorem* only, and which was imported between the 21st September, 1925, and the date on which this Bill becomes law.

3. Secondly, for more than a year after the passing of the Act, the Customs authorities calculated the percentage of mechanical wood pulp mentioned in entry 155 on the fibre content of the paper; but in January, 1927, it was held that the entry, as worded, required that the percentage should be calculated on the *total weight* of the paper, including 'loading'. It was represented by importers that the effect of this interpretation was to bring within the scope of the protective duty large quantities of imported 'newsprint' which it was the intention of the Legislature to exclude, and the Tariff Board was, therefore, asked to report whether any, and if so what, changes were desirable in those entries in the Tariff Schedule which regulate the duty payable on newsprint.

The Board has recommended that entry 155 should be amended so as to make it clear that the percentage is to be calculated on the fibre content and not on the total weight. The effect will be to exclude from the operation of the protective duty certain classes of newsprint which were actually excluded up to January, 1927, but have since been included. This Bill gives effect to the Tariff Board's recommendation.

4. Thirdly, by entry 156 a protective duty of one anna per pound was imposed on writing paper, including ruled or printed forms and account and manuscript books and the binding thereof. It has been represented that this protective duty is in some cases substantially less than the former revenue duty of 15 per cent. *ad valorem*. Thus the Act is not only causing an unnecessary loss of revenue, but is also depriving the printing trade in India of the tariff assistance which it previously enjoyed. This Bill, therefore, amends entry 156 so as to make the duty one anna per pound or 15 per cent. *ad valorem*, whichever is higher.

DARJEELING, THE 8TH OCTOBER 1927.

RESOLUTION—No. 86T.-P.H.

READ—

The report on the working of the Asansol Mines Board of Health for the year 1926-27.

The constitution and personnel of the Board remained unchanged during the year under review.

Eleven ordinary and eight special meetings were held during the year : one special meeting failed for want of quorum.

The total income of the Board including an opening balance of Rs. 90,130 amounted to Rs. 2,25,955 during the year, of which Rs. 1,10,342 was collected from mine-owners and Rs. 20,508 from receivers of royalties.

The decrease was due to the reduction in the rate of cess. Miscellaneous receipts rose from Rs. 1,913 to Rs. 2,032. The total expenditure amounted to Rs. 1,20,328, leaving a closing balance of Rs. 1,05,628. This large balance is explained by (*a*) better collection of cess during the year and (*b*) the fact that owing to the non-completion of land acquisition proceedings the building programme for the year could not be carried out.

3. Owing to wholesale re-vaccination the epidemic of small-pox which threatened the mining settlement from the previous year was held in check, and there was a considerable fall in the number of cases from the month of May 1926. The total number of cases recorded during the year was 1,374, of which 162 cases proved fatal as against 1,129 cases with 126 deaths during the previous year. The number of primary and secondary vaccinations performed during the year was 16,736 and 46,096 as against 18,775 and 65,795, respectively, during the preceding year.

4. The settlement was practically free from malaria, the number of cases and deaths from this disease being much below the average. There was no case of plague or of epidemic dropsy throughout the year. There were altogether 815 cases of cholera with 462 deaths as against 415 seizures with 206 deaths in the previous year. It is satisfactory to note that the spread of the disease was in all cases prevented by the various routine measures of disinfection carried out by the Board's staff and by the regular administration of essential oils, cholera prophylactic to all house contacts.

The birth-rate decreased from 30·20 per mille to 26·16, while there was an increase in the death-rate which was 18·48 against 16·83 per mille in the preceding year. The total number of births recorded during the year was 8,733 against 9,945 in 1925-26, while the number of recorded deaths increased from 5,544 to 6,086.

There was an increase in the rate of infantile mortality which was 138 per thousand of births registered against 120 during the preceding year. The infantile mortality rate for the year under review, though a little higher than that of the previous year, continues to compare favourably with that recorded anywhere else in India. It is gratifying to note that as, in previous years, not a single maternal death occurred amongst several hundred deliveries attended by the Board's midwives.

The Board continued to pay attention to such special measures as anti-malarial investigation, improvement of rural water-supply, medical inspection of school children, and delivery of weekly lectures by the sanitary assistants in primary schools on hygiene and public health, while the midwives of the Board, in addition to their specific duties, paid house to house visits and delivered simple lectures on the general principles of cleanliness and domestic hygiene to women of the settlement.

The sanitary administration of the settlement area maintained the same degree of efficiency as in the preceding year. The Government of Bengal desire once more to congratulate the Board on the high standard of their administration.

It may, however, be added that the value of the reports submitted by the Board would be greatly enhanced if they contained more detailed information regarding health conditions in the various parts of the area under the Board's control. When full effect has been given to the Bengal rural public health organization scheme the whole province, apart from certain outlying areas, will be provided with a sanitary staff similar to that employed by the Board but dealing with larger units of area and less thoroughly equipped with funds and legal powers. The experience gained on the data collected by the Asansol Mines Board of Health should be at the disposal of the Department of Public Health in the completest possible form to assist that department in directing the activities of the staff employed under the rural public health organization scheme.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 19th October 1927.

Summary.—During the week the rainfall was light to moderate in East and in parts of North Bengal excepting in the district of Chittagong where the fall was heavy. Elsewhere it was generally scattered. More rain is badly needed especially in the Burdwan and in parts of the Rajshahi Divisions for the growth of standing crops. Preparatory tillage for and sowings in some places of spring crops continue satisfactorily except in Malda where the progress is slow for want of adequate rain. Distress continues to prevail in parts of Birbhum, Dinajpur and Malda. Test relief works continue at Nalhati in Birbhum, where 114 persons worked on the 16th instant and also at Patnitola and Porsha police-stations in Dinajpur where 1,318 persons worked on the 11th instant. The average price of common rice for the province has risen by about 1·66 per cent. as compared with that of the previous week.

INDIAN CIVIL SERVICE.

Open Competition, 1928.

An Open Competitive Examination for admission to the Indian Civil Service will be held in London in 1928. The *viva voce* test (Subject 6) will be held in July, and each candidate will in due course be informed when he is to appear. The question papers for some written tests of Section B subjects will probably be set in the week beginning Sunday, 22nd July. The examination in Section A subjects, which are taken by all candidates, will begin on the 1st August.

The number of persons to be selected at this examination will be announced hereafter.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the **15th May, 1928,** *an application on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last days will do so at their own risk.*

Acknowledgments of such Application Forms are sent, and any candidate who has filled up and returned the printed Application Form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. 1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

Candidates will be notified in June of the date and place fixed for their viva voce *test and of the manner in which the fee (£ 8) is to be paid. The time-table of the written part of the examination will be posted early in July to the address given on the Form of Application, and will contain instructions as to the time and place at which candidates are to attend.*

NOTE.

If Open Competitive Examinations for the following Services, viz. :—

Eastern Cadetships in the Colonial Service ;
Junior Grade of the Administrative Class in the Home Civil Service ;

should be held in 1928 concurrently with the Open Competitive Examination for the Indian Civil Service, candidates duly eligible in respect of age, etc., will be admitted to compete for any two or all three of these Services, subject to the following conditions :—

(1) Every successful candidate who may have been admitted to compete for either the Indian or the Colonial Service (or both), as well as for the Home Service, will be called upon to declare, immediately after the announcement of the result of the competitions, whether he prefers his name to remain on the list of candidates for the Indian or Colonial Service or on the list of candidates for the Home Service.

The name of any candidate who fails to declare his choice when called upon to do so will be removed from the list of candidates for the Home Service.

(2) Every successful candidate who may have been admitted to compete for both the Indian and Colonial Services will be called upon to declare, immediately after the announcement of the result of the competitions, whether he prefers his name to remain on the list of candidates for the Indian Service or on the list of candidates for the Colonial Service.

The name of any candidate who fails to declare his choice when called upon to do so will be removed from the list of candidates for the Colonial Service.

(3) All declarations of choice are irrevocable.

(4) Candidates for all three or any two of the abovementioned Services will be required to pay a consolidated fee of £8.

CIVIL SERVICE COMMISSION,

August, 1927.

August, 1927.

EXAMINATIONS FOR THE INDIAN CIVIL SERVICE.

Regulations for admission to the Indian Civil Service.

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An examination for admission to the Indian Civil Service, open to all qualified persons, will be held in London in July and August of each year for such number of appointments to that Service as the Secretary of State may on each occasion determine. The date of the examination will be announced beforehand by the Civil Service Commissioners.

2. Save as hereinafter provided a candidate must be a British subject. If the candidate (being a British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance then at the time of his birth his father must have been a British subject or the subject of a State in India and such father must be or must have continued to be until his death a British subject or the subject of such State in India. Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96 A of the Government of India Act may be considered eligible.

3. A candidate must have attained the age of twenty-one, and must not have attained the age of twenty-four on the first day of August of the year in which the examination is held.

4. A candidate who is a Native of India must obtain a certificate of age and qualification under Regulations 2 and 3 issued under notification of the Government of India, No. 1114, dated 12th September, 1918, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.*

5. A candidate must be free from disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Indian Civil Service.†

6. A candidate shall satisfy the Civil Service Commissioners that his character is such as to qualify him for employment in the Indian Civil Service.

7. No person who, in a previous year, accepted the offer of a nomination as a Selected Candidate for the Indian Civil Service and subsequently resigned his position as a Selected Candidate, will be admitted to the examination.

8. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the examination. The Commissioners may, however, in their discretion at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any candidate should be unsatisfactory to them in any of the above respects he will be ineligible for admission to the Indian Civil Service, and, if already selected, will be removed from the position of a Probationer.

9. The examination will include the following subjects.‡ The numerical value is shown against each subject :—

SECTION A.—Candidates are to take up all the subjects in this section.

		Marks.
1.	Essay	100
2.	English	100
3.	Present Day	100
4.	Everyday Science	100
5.	Auxiliary Language	100
6.	*Viva Voce*	300

SECTION B.—OPTIONAL SUBJECTS.—Candidates are allowed to take up subjects in this section up to a total of 1,000 marks.

History.

7.	English History to 1660	200
8.	British History, 1660—1914	200
9.	European History, *either* Period 1, *or* Period 2 ...	200
10.	European History, Period 3	200

* Candidates should be careful to see that the wording of this certificate of age and qualification is strictly in accordance with the form laid down in Rules VIII and IX of Government of India notification No. 1114, dated 12th September 1918.

† The Civil Service Commissioners will regard no person as constitutionally fitted for appointment to the Indian Civil Service who has not been satisfactorily vaccinated within the last seven years

‡ A Syllabus defining in general terms the character of the examination in the various subjects is sent herewith.

64.	Persian Language	200
65.	Persian Civilization	200
66.	Sanskrit Language	200
67.	Sanskrit Civilization	200

SECTION C.—An Extra Numerum subject may be offered carrying 100 marks and chosen from the following:—

General Anthropology.
Special Anthropology.
An auxiliary language.

10. The auxiliary language in Section A or Section C will be tested by means of translation from the language. The following languages may be offered: French, German, Italian, Spanish, Portuguese, Dutch, Norwegian, Swedish, Danish, Russian, Latin, Ancient Greek.

No candidate may offer any language or General Anthropology or Special Anthropology twice in the examination.

No candidate may offer in Sections A and C together two languages of the group Italian, Spanish, Portuguese or two of the group Norwegian, Swedish, Danish.

Only a candidate who takes two modern languages in Section B may offer Latin or Ancient Greek as an auxiliary language.

Instead of an auxiliary language a candidate whose mother tongue is an Indian language may offer as subject 5 either General Anthropology or Special Anthropology.

11. In subjects 50 to 67 the Civilization subject associated with a language can only be taken by candidates who offer the language itself for examination.*

12. A candidate desiring to offer subject 24 or any of the subjects 31 to 43 must produce evidence satisfactory to the Commissioners of laboratory training in an institution of university rank. For Astronomy (29), Geography (44), the Physical Anthropology branch of Special Anthropology (46), and Agriculture (47), other equivalent training will be required. There will be no laboratory test as part of the examination.

13. From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

14. Moreover, if a candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.†

15. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Indian Civil Service, provided that they appear to be duly qualified in other respects.

Should any Selected Candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

16. Application for permission to attend an examination must be made in the handwriting of the candidate, at such time and in such manner as may be fixed by the Civil Service Commissioners.

INDIAN CIVIL SERVICE GROUP OF COMPETITIONS.

Syllabus

for such competitions as may be held in London in the year 1928 for appointment to the following services:—

Indian Civil Service.
Junior Grade of the Administrative Class in the Home Civil Service.
Colonial Service: Eastern Cadetships.
Foreign Office and Diplomatic Service.
Consular Services (General, Levant, and Far East) and Intelligence Officer Grade in the Department of Overseas Trade.

Evidence of Training.—Candidates who desire to offer any of the subjects 24, 29, 31-44, 46 (Physical Anthropology branch only), or 47 must send to the Secretary of the Civil Service Commission so as to arrive not later than 15th May, 1928, the evidence of training described below. Such evidence should be in the form of a certificate signed by a responsible officer of the institution. In the case of an institution not situated in the British Isles, the certificate must state that the institution in which the work has been done is authorized to prepare candidates in that subject for a degree.

SECTION A.

1. **Essay.**—An essay to be written on one of several specified subjects.

2. **English.**—A paper of questions to test the understanding of English and the workmanlike use of words. An optional exercise in the writing of verse will be included.

3. **Present Day.**—Questions on contemporary subjects, social, economic, and political. A liberal choice of questions will be given. Effective and skilful exposition will be expected.

* E.g., a candidate desiring to offer subject No 51 (Roman Civilization) must also offer subject No 50 (Latin Language).

† It is notified for general information that the number of marks deducted for bad hand writing may be considerable

4. **Everyday Science.**—In this subject such knowledge will be expected as candidates will have who have studied science intelligently at school and have since then kept their eyes open. A liberal choice of questions will be given. Attention should be paid to orderly, effective, and exact expression.

5. **Auxiliary Language.**—Passages dealing with history and politics may be set, but no technical matter. Verse is not excluded. Accuracy and skill in the use of English will be expected.

6. **Viva Voce.**—The examination will be in matters of general interest, not in matters of academic interest; it is intended to test the candidate's alertness, intelligence, and intellectual outlook. The candidate will be afforded an opportunity of furnishing the record of his life and education. On the interview and record the Commissioners judge the value of the candidate's personality for each service for which he is entered. His value may differ for different services, and in that case the mark by which the Commissioners express their decision will differ for different services.

SECTION B.

HISTORY. Subjects 7-10.—Candidates should know something of the original authorities, of the principles of historical criticism, and of the principles and the facts of geography in relation to history. They must be prepared to draw sketch maps. Although a fixed date is given for the end of each period, candidates will be expected to have some general knowledge of the subsequent development of movements which continued beyond the period: similarly, when a fixed date is given for the beginning of a period, they will be expected to know in general outline how the initial position was reached.

7, 8. **English History to 1660, British History 1660-1914.**—The history will be taken as a whole; politics, economics, and constitution will be considered as mutually affecting each other, and all together as the outcome of the common life of the nation. Literature will not be excluded. Candidates will be expected to know so much of European history as will make the external action of this country fully intelligible and will explain those movements at home which had their beginnings abroad, *e.g.*, the Renaissance, the Reformation, and the reactions in this country of the French Revolution. In subject 8 the outstanding incidents and movements in the history of British possessions will be included.

9, 10. **European History.**—*Period* 1, from 400 to 1494; *Period* 2, from 1494 to 1763; *Period* 3, from 1763 to 1914.

The history of the American continent, of India and of the Far East, will be included in so far as it influences European fortunes in an important degree.

11. **General Economics.**—The subject will be treated as a whole, and candidates should be prepared to illustrate the theory by the facts and to analyse the facts by the help of the theory. The history of economic thought will be included.

12. **Economic History.**—Candidates will be expected to have a general acquaintance with the early economic history of England; but special attention will be paid to the economic development of the British Isles and other portions of the Empire during the last two or three centuries, and so much knowledge of European and American conditions will be expected as is necessary for the understanding of British economic history.

13. **Public Economics.**—The questions will deal with the main forms of State action, central and local, in the economic sphere, together with public finance.

14. **Political Theory.**—Candidates will be expected to show a knowledge of political theory and its history, political theory being understood to mean not only the theory of legislation, but also the general history of the State and its connection with kindred studies such as Ethics, Psychology, Jurisprudence, Public International Law, and Economics. Candidates will be expected to show a knowledge of original authorities.

15. **Political Organization.**—This will include Constitutional Forms (Representative Government, Federalism, etc.) and Public Administration, central and local. The history of institutions is not included, but candidates will be expected to know the earlier stages from which existing institutions have directly developed.

16. **Constitutional Law.**—The Constitutional Law of the United Kingdom and of the British Empire, and the Law of English Local Government.

17. **Private Law.**—The following branches of English Private Law:—the Law of Real and Personal Property (including the Law of Succession), Contracts, and Torts.

18. **Roman Law.**—Roman Private Law and its history studied in connexion with the Institutes of Gaius and Justinian, including the history of the legislative and judicial processes. Passages will be set for translation and comment, but credit will not be given merely for capacity to translate the texts.

19. **International Law.**—Public International Law.

20. **Moral Philosophy.**—The history of the subject will be included. Candidates will have an opportunity of showing their strength either in Ancient Philosophy or in Modern Philosophy.

21. **Metaphysics.**—As for Moral Philosophy.

22. **Logic.**—The subject will be interpreted in a wide sense. Epistemology in its bearing on logical problems will be included, together with Formal Logic and Scientific Method. Questions may be set on Mathematical Logic, *i.e.*, on the Logic of Mathematics, Symbolic Logic, and the Logic of Probability; and also on the history of Logic. A considerable choice of questions will be allowed.

23. **Psychology.**—Questions on the history of the subject may be included.

24. **Experimental Psychology.**—A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of laboratory training in an institution of university rank.

MATHEMATICS. Subjects 25-28—The use of the slide-rule and of mathematical tables will be allowed.

25. **Lower Pure Mathematics.**—Geometry of two and of three dimensions according to Euclid (synthetic geometry), to Descartes (analytical geometry), and to Monge (descriptive geometry, dealing with three-dimensional figures by the use of plan and elevation). The method of vectors including scalar and vector products, with applications. Only the main properties of conics and quadrics, including those of poles, polars and polar planes, are expected.

Algebra: complex numbers; uniformly converging infinite series; the elements of the theory of equations including the numerical solution of algebraic equations, but not including the formal solution of the cubic and quartic.

Infinitesimal calculus of real variables to partial differentiation and multiple integrals with applications to geometry. Candidates should be able to deal with the types of differential equations occurring in elementary mechanics.

The proof of Taylor's series will not be required.

No great skill will be expected in solving complicated problems of an elementary nature. The questions will involve the use of mathematical instruments.

26. **Higher Pure Mathematics.**—Lower Pure Mathematics together with—

The geometry of curves and surfaces. Tensor calculus.

Elementary analysis, including simple functions of a complex variable and contour integration.

Differential equations in one independent variable. Elementary treatment of partial differential equations, with special reference to the differential equations of mathematical physics. Existence theorems are excluded.

Mathematical theory of probability, including theory of errors, method of least squares, curve fitting, and correlation.

Calculus of finite differences, including numerical integration and summation and linear difference equations.

A considerable choice of questions will be allowed, so that full marks may be obtained by covering about half the range stated.

27. **Lower Applied Mathematics.**—Statics, hydrostatics, dynamics, elementary theory of electricity and magnetism, including the induction of currents. Questions will be of an elementary character, but will not be confined to two dimensions; they will involve the use of the calculus. Candidates are free to use differential equations, but a knowledge thereof will not be necessary to answer the questions. Attention will be paid to problems which arise naturally and to general principles; artificial problems will be avoided. The questions will involve the use of mathematical instruments.

28. **Higher Applied Mathematics.**—Lower Applied Mathematics together with—

Statics to a more advanced stage, including graphical treatment.

Dynamics to the equations of Euler and Lagrange and including the theory of the vibration of strings and other simple systems.

Hydrodynamics, including the elementary theory of the motion of solids through a liquid, surface waves, and vibrations i · gases.

Elasticity, including the elements of the vibrations of rods, plates and bars Electricity and magnetism.

Thermodynamics, kinetic theory of gases, radiation.

A considerable choice of questions will be allowed, so that full marks may be obtained by covering about half the range stated.

29. **Astronomy.**—Geometrical optics will be included.

A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of practical training in an observatory.

30. **Statistics.**—Frequency distributions, averages, percentiles, and simple methods of measuring dispersion ; graphic methods ; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data : the practice of the simplest graphic and algebraic methods of interpolation.

Practical methods used in the analysis and interpretation of statistics of prices, wages and incomes, trade, transport, production and consumption, education, &c. ; the more elementary methods of dealing with population and vital statistics ; miscellaneous methods used in handling statistics of experiments or observations.

Elements of modern mathematical theory of statistics :—frequency curves and the mathematical representation of groups generally ; accuracy of sampling as affecting averages, percentages, the standard deviation ; significance of observed differences between averages of groups, etc. ; the theory of correlation for two variables.

NATURAL SCIENCE. Subjects 31-42.—The standard of the higher division of a science will be that which is required in the main subject for an honours degree at the universities. The standard for the lower division of a science will be that required in a subject subsidiary to the main subject, whether required at the final degree examination or at a preceding examination.

A candidate who desires to offer a science must produce evidence satisfactory to the Civil Service Commissioners of laboratory training in that science in an institution of university rank ; the period of training required is one academic year, whether the candidate offers the higher division of the science or the lower division or both divisions.

35. **Lower Botany.**
36. **Higher Botany.**

} Vegetable Physiology will be included in each division.

37. **Lower Geology.**
38. **Higher Geology.**

} Mineralogy will be included in each division.

43. **Engineering.**—Strength of materials ; theory of structures ; mechanism and dynamics of machines ; heat and thermodynamics ; surveying ; hydraulics, including hydraulic machines ; electricity and magnetism.

The subject will be treated in a general manner and the questions will be confined to the more elementary parts of the subject. The candidate will be expected to be familiar with graphical methods and to have some skill in mechanical drawing.

A candidate who desires to offer Engineering must produce evidence satisfactory to the Civil Service Commissioners of training for at least one academic year in an institution of university rank.

44. **Geography.**—Geography as understood in the universities, not excluding topics which concern geography jointly with other subjects such as economics, history, physics, botany, and geology. There will be a practical test which will necessitate a knowledge of cartographical methods and notations, and for this test drawing instruments may be required.

A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of training for at least one academic year in an institution of university rank.

45. **General Anthropology.**—Primitive culture in its various aspects ; including economic pursuits (food collecting, hunting, fishing, domestication of animals, agriculture) ; the general scheme of primitive social organization ; early religion and magic, mythology, beliefs, rituals and ceremonial ; decorative art, music, dancing. Candidates will be expected to show some knowledge of the customs, institutions and beliefs of living races of rude culture rather than knowledge of prehistory, archæology, or evolutional or historical conjectures.

46. **Special Anthropology.**—Candidates will choose between Social Anthropology and Physical Anthropology.

Social Anthropology.—A fuller knowledge of primitive social organization will be here expected: the tribe, the village community, kinship grouping and the family. Study of the manner in which law works among primitive people and of their forms of administering justice. The economic organization of the primary pursuits and industries; the types of distribution, exchange and trade. Exchange and the beginnings of currency. Adjustments of European economic systems, laws and morality to races on an earlier level or of a different type of culture. Early forms of magical and religious belief and ritual. The relation between faith and knowledge in primitive societies.

Physical Anthropology, with which are included prehistoric archæology and technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work, consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture, including prehistoric civilizations.

A candidate who desires to offer Physical Anthropology must produce evidence satisfactory to the Civil Service Commissioners of training in an institution of university rank

47. **Agriculture.**—Agricultural chemistry, agricultural botany, and agricultural zoology will be included.

A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of training in an approved institution.

48, 49. **English Literature.**—*Period* 1, from 1350 to 1700; *Period* 2, from 1660 to 1914.

Candidates should be prepared to show a first-hand knowledge of some of the works of the following authors and of their place in the history of their country :—

PERIOD 1.

Chaucer	Bacon
Malory	Milton
Spenser	Bunyan
Shakespeare	

PERIOD 2.

Dryden	Fielding	Scott	Keats
Congreve	Johnson	Jane Austen	Dickens
Defoe	Burke	Wordsworth	Carlyle
Swift	Goldsmith	Coleridge	Tennyson
Addison	Burns	Shelley	Browning
Pope			

Questions on other writers will not be excluded, but on the whole, the questions will be directed to the best-known authors and their best-known works. Candidates should know so much of the history as is necessary to understand the literature in its relation to other activities of the nation.

Questions will not be set on the history of the language before Chaucer, nor, in general, on its morphological or phonological changes since his time; the history of workmanship, style, and prosody will not be excluded.

CIVILIZATIONS AND LANGUAGES. Subjects 50-67.—In these the civilization subject associated with a language can be taken only by candidates who also offer themselves for examination in the language itself.

In the questions on civilization, history and literature will, as far as possible, be brought into close relation. In history, candidates will be expected to show a knowledge of the original authorities. They must also be prepared to answer questions on historical geography, and to draw sketch maps. The questions on literature will require first-hand knowledge of the authors; and the authors dealt with will be those which candidates ought to have read. Passages of literature may be set for comment on matters of social,

political, legal, or other historical importance. Questions on philology and the older forms of the languages may be set, but will not be compulsory. In the question papers on civilization, candidates will not be required to write their answers in the foreign language

In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation, and candidates who take modern languages will be expected to have studied phonetics in connection with the language or languages taken.

50. **Latin Language.**—Translation, and prose or verse composition. The composition paper will be so arranged that candidates may confine themselves to prose composition or to verse composition or, if they prefer, may take some prose and some verse.

51. **Roman Civilization.**—Roman History and Latin Literature. The outlines of the history and development down to 180 A.D. should be known; but the main stress will be laid on the period 133 B.C. to 117 A.D.

52. **Greek Language.**—As for Latin.

53. **Greek Civilization.**—Greek History and Literature. In history the main stress will be on the period 510 B.C. to 323 B.C.

54. **French Language.**—Translation, free composition, set composition, and conversation.

55. **French Civilization.**—French History and Literature. The outlines of the history and development prior to 1589 should be known; the period from 1589 to 1660 in somewhat more detail; but the main stress will be on the period from 1660 to the present day.

56. **German Language.**—As for French.

57. **German Civilization.**—German History and Literature. Candidates should know in outline the history of the Medieval Empire, of the growth of the German cities, of the Reformation in Germany, and of the Thirty years War; but the main stress will be on the period from the accession of Frederick the Great to the present day.

58. **Spanish, Italian, Language.**—As for French.

59. **Spanish Civilization.**—Spanish History and Literature. In history the main stress will be on the periods from the Union of Castile and Aragon under Ferdinand and Isabella to the liberation of the Netherlands, and again from 1800 to the present day.

Italian Civilization.—Italian History and Literature. In history the main stress will be on the 15th century, and the first half of the 16th century and again on the period from 1789 to the present day. Sufficient should be known of the earlier period to understand the position of the Pope and the Emperor in Italy, the rise of the towns, and the position of Dante in history.

60. **Russian Language.**—As for French.

61. **Russian Civilization.**—Russian History and Literature. Something should be known of the history since the accession of Peter the Great, but the main stress will be on the period from 1800 to the present day. Only the broadest outlines of the history prior to Peter the Great will be required.

62. **Arabic Language.**—Translation, free composition, set composition, conversation. The examination will be in the modern language.

63. **Arabic Civilization.**—Arabic History and Literature. The main stress in both history and literature will be on the period from the middle of the 6th century A.D. to the middle of the 13th century A.D.

64. **Persian Language.**—Translation, free composition, set composition, conversation. The examination will be in the modern language.

65. **Persian Civilization.**—Persian History and Literature. The main stress in both history and literature will be on the period 1000 A.D. to 1500 A.D. Candidates will be expected to have a general knowledge of the history of Persia before 1000 A.D. and from 1500 A.D. to the present time.

The following applies only to candidates for the Indian Civil Service:—

66. **Sanskrit Language.**—Translation, prose composition, and questions on Vedic and Sanskrit grammar. Both Vedic and classical Sanskrit passages will be set for translation; composition will be required in classical Sanskrit alone.

67. **Sanskrit Civilization.**—Sanskrit literature and the history of the civilization and thought of India from the Vedic period to A.D. 1200.

PROCEDURE.

Immediately the results of the examination are known, each successful candidate will be summoned to attend at the Civil Service Commission to be medically examined and to state their choice among the Services open to them and among the various Departments, Provinces or Colonies. That statement of choice is irrevocable.

EVIDENCE OF AGE.

A candidate born in the United Kingdom must not send in a birth certificate with this form but must be prepared to produce it when required.

A European or Anglo-Indian who was born in India must be prepared to produce when required a certificate of baptism from the district in which he or she was baptised. If this does not also mention the date of birth it must be accompanied by a statutory declaration by one of the candidate's parents, stating the date and place of birth.

An Indian born in India must send in with this form a certificate under Government of India notification No. 1114 of 12th September, 1918. If the candidate's family is resident in British India the Certificate must be signed by the Secretary to the Government of their Province or by the Commissioner of their Division. If they reside in an Indian State it must be signed by the highest Political Officer accredited to that State.

FEE.

Fees are *not* to be forwarded by candidates. Instructions respecting the manner of payment of the fee prescribed (£8), and respecting the time and place of the examination will be sent to candidates before the examination.

EXAMINATIONS OF SELECTED CANDIDATES FOR THE INDIAN CIVIL SERVICE.

Regulations made under section 97 of the Government of India Act for the probation in the United Kingdom and the further examination of Selected Candidates for the Indian Civil Service.

*** *The following regulations made by the Secretary of State for India in Council are liable to alteration from year to year.*

(1) Candidates selected at the Open Competition held in London will be required to remain in the United Kingdom on probation for one or two years, as may be decided by the Secretary of State for India in Council.

(2) Candidates selected at the Open Competition held in India and candidates selected in India otherwise than by competitive examination will be required to proceed to the United Kingdom on probation for a period of two years. But in the case of a candidate who has taken part in the Open Competition held in London, and has been selected in India otherwise than by Open Competition, the Secretary of State in Council may direct that the period of probation shall be one year only.

ONE-YEAR PROBATIONERS.

(3) One-year probationers will, at or about the end of the year of probation, undergo an examination called the Final Examination. The subjects and the marks allotted to them are as follows :—

Compulsory subjects—

1.	Indian Penal Code ...	200	5.	A vernacular language, or history	600
2.	Code of Criminal Procedure	200	6.	Riding	200
3.	The Indian Evidence Act ...	200			
4.	Indian History ...	400			

Optional subjects, one only to be taken—

7.	Hindu and Mohammedan Law	400
8.	A classical language selected from Sanskrit, Arabic, Persian, Pali ...	400

TWO-YEAR PROBATIONERS.

(4) Two-year probationers will undergo two examinations—the Intermediate Examination at the end of the first year of probation and the Final Examination at or about the end of the second year.

(5) The subjects of the Intermediate Examination and the marks allotted to them are as follows. All the subjects are compulsory :—

1.	A vernacular language, or history ...	400	4.	Law of Evidence and Criminal Law ...	200
2.	Phonetics	200	5.	Indian History ...	200
3.	Jurisprudence	200	6.	Notes of Cases ...	200
			7.	Economics	200

(6) The subjects of the Final Examination and the marks allotted to them are as follows :—

Compulsory subjects—

1.	A vernacular language, or history	600	5.	Notes of Cases ...	400
2.	Indian Penal Code ...	200	6.	Indian History ...	400
3.	Code of Criminal Procedure	200	7.	Economics	100
4.	The Indian Evidence Act ...	200	8.	Riding	200

Optional subjects, one only to be taken—

9.	Hindu and Mohammedan Law	400
10.	A classical language selected from Sanskrit, Arabic, Persian, Pali ...	400

ONE-YEAR AND TWO-YEAR PROBATIONERS.

(7) **Sub-section (1)**—Each candidate will offer for examination the vernacular shown in column 2 against his province in the following table unless he is already familiar with it or with a language closely allied to it. A probationer assigned to Madras who is familiar with one only of the vernaculars named will offer the other :—

Column 1	Column 2	Column 3
Madras	Tamil or Telugu	...
Bombay	Marathi	Urdu.
Bengal	Bengali	...
United Provinces ...	Urdu	...
Punjab	Urdu	...
Burma	Burmese	...
Bihar and Orissa ...	Hindi	Bengali.
Central Provinces ...	Hindi	Marathi.
Assam	Bengali	...

Sub-section (2)—A candidate who is not required by sub-section (*1*) to offer a vernacular named in column 2 will offer the vernacular named in column 3 against his province if any such vernacular is named, unless he is already familiar with the vernacular there named or with a closely allied one.

Sub-section (3)—A candidate who is not required under the preceding sub-sections to offer a vernacular will offer History instead. A one-year probationer will offer British History; a two-year probationer will offer British History for the Intermediate Examination and European History for the Final Examination.

Any question as to the interpretation and application of this Regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will, when necessary, be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government.*

Any candidate who at the ordinary session fails to show a minimum proficiency will be examined again at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects† of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character, and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the Regulations in force, at the time, for that Service.

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

ANNOUNCEMENTS

made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(*i*) Selected candidates will be alloted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

* Such candidates will receive no increase to their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

† The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

(*ii*) An allowance of £300 a year, or, in the case of selected candidates possessing an Indian domicile, an allowance of £150 a year, will be given to any candidate who passes his probation at one of the universities or other institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of selected candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively: December 24th after his selection, March 25th, June 25th and after signature of Covenant on appointment to the Service.

In the case of selected candidates on probation for two years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the seventh on the six following quarter days, and the eighth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved institution.

If an Indian Government scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate. He may, however, provided he has executed the agreement referred to in (*iv*) below, be granted on, or at any time after, the 1st October, an advance on account of the instalment of the allowance payable on the 24th December.

The whole probation must ordinarily be passed at the same institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1928, with a view to a possible reduction with effect from the instalment payable in December, 1928.

(*iii*) A first class passage to India will be engaged for selected candidates with a view to their proceeding to India during the November following their Final Examination.

(*iv*) Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of—

(*1*) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or

(*2*) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(*v*) All candidates obtaining certificates will be also required to enter into covenants by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(*vi*) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (*10*) of the Regulations.

(*vii*) Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.

(*viii*) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

No. 3938M.—The 22nd October 1927.—In exercise of the power conferred by sub-section (*2*) of section 241 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to sanction the following rules which have been framed by the Commissioners of the Bally Municipality, in the district of Howrah, under sections 237 (*2*) and 241 of that Act :—

Rules framed under sections 237 (*2*) and 241 of the Bengal Municipal Act.

1. In these rules the term "house" has the same meaning as in clause (*4*) of section 6 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), except that it does not include a hut.

2. Every person who intends to erect or re-erect a house shall forward to the Commissioners, with the notice required under section 237 (*i*) of the Bengal Municipal Act, 1884, the following information :—

(*a*) the position of the site,

(*b*) the circle or ward and number of the site assigned to it in the assessment book,

(*c*) a plan of the site drawn in a scale or to an actual measurement showing—

(*i*) the level of the lowest floor which shall not be less than 18 inches above the level of the ground, and

(*ii*) its boundaries and positions in relation to neighbouring roads, drains, tanks, buildings, wells, privies and cesspools.

3. No roof of any house shall be built overhanging any public drain or public road, nor shall any other portion of the house project beyond the line of houses on both sides.

4. Models and type-plans of privies approved by the Commissioners in meeting, with estimates of the cost of constructing privies in accordance therewith, shall be kept in the municipal office and shall be open to inspection by any person at all reasonable times without charge, but no person shall be bound to construct any privy in accordance with any such model or type-plan, if the same be constructed in accordance with the other rules on the subject contained in these rules.

5. (1) A drain must be provided for every privy.

(2) Such drain must be constructed of some impervious material and must connect the floor of the privy—

(*a*) with a drain communicating with a municipal drain, or

(*b*) with an impervious cesspool the contents of which can be removed to a municipal drain, either by hand or by flow.

6. (1) The floor of the privy—

(*a*) must, if the Commissioners in any case so direct, be made of one of the following materials, to be selected by the owner of the privy, that is to say, glazed tiles, artificial stone or cement, or similar impervious material,

(*b*) if no such direction is given, must be made of thoroughly well-burnt earthen tiles or bricks plastered with cement, or similar impervious material, and

(*c*) must be in every part at a height of not less than twelve inches above the level of the surface of the ground adjoining the privy.

(2) The floor of every service privy must have a fall or inclination of at least one-fourth of an inch to the foot towards the drain, as prescribed in rule 5.

7. The walls of the roof (if any) of every privy shall be made of such materials as may be approved by the Commissioners.

8. The platform of every privy must either be plastered with cement or be made of some water-tight non-absorbent material.

9. Every privy and water-closet situated in or adjacent to a building must have an opening of not less than an aggregate area of three square feet in the walls of the privy or water-closet as near the top of the wall as may be practicable and communicating directly with the open air.

10. (1) Every service privy must be provided with a moveable receptacle for sewage.

(2) The following provisions shall have effect with regard to such privies and receptacles, that is to say,—

(*a*) the space beneath the platform of the privy must be of such dimensions as to admit a moveable receptacle not so large as to be incapable of being removed through the trapdoor being placed and fitted beneath the platform in such manner and position as will effectively prevent the deposit, otherwise than in such receptacle, of any sewage falling or thrown through the aperture of the platform,

(*b*) the privy must be so constructed as to afford adequate access to the said space for the purpose of cleansing such space and of placing therein and removing therefrom a proper receptacle for sewage,

(*c*) the said receptacle must be water-tight and must be made of metal, well-tarred earthenware or glazed stoneware, and must be of such construction and shape as will admit of its being easily removed and emptied of its contents,

(*d*) the door for the insertion and removal of the receptacle must be made so as to completely cover the aperture.

11. (1) The height of the ground floor of the privy on which the moveable receptacles are to be placed must not be less than six inches above the ground level.

(2) The height of the wall between the ground floor and the first floor or platform containing the aperture must not be less than 2 feet.

EMIGRATION.

No. 15167 Emi., dated the 17th October 1927.—In exercise of the powers conferred by section 163 of the Assam Labour and Emigration Act, 1901 (VI of 1901) and in supersession of all previous rules on the subject the Governor in Council is pleased to make the following rules for the engagement of emigrants by local agents and garden sardars employed under the Tea Districts Labour Supply Association for whom some of the requirements of Chapter IV of the said Act have been dispensed with or relaxed under Notification No. 11248 Emi., dated the 27th October 1926, issued under section 91 of the said Act.

The rules will take effect from the date of this notification.

F. A. SACHSE,
Secretary to the Government of Bengal.

CHAPTER I.

General.

1. In these rules—

(1) "Emigrant" means a person engaged by a certificated garden sardar, for the purpose of emigrating to a labour district and entered in the prescribed register kept up by duly licensed local agent, or a dependant of any such person.

(2) "Intending emigrant" means a person who intends to be engaged by a garden sardar for the purpose of emigrating to a labour district or a dependant of any such person.

2 The schedules and forms attached to these rules are prescribed for the several purposes specified in the heading of each, and shall be taken as a part of the rules.

3. The same provision in every respect shall be made for dependants as for emigrants and intending emigrants themselves, and all rules regulating the treatment and transport of emigrants or intending emigrants, shall be applicable to their dependants also

CHAPTER II.

Powers and duties of officers under the Act.

PART I.—MAGISTRATES.

4. Every Magistrate shall bring to the notice of the Superintendent of Emigration any case of misconduct on the part of any local agent or garden sardar, which may come to his knowledge.

5. When a garden sardar's certificate is cancelled by a District Magistrate under section 63, notice of the fact shall be given to the Assam Labour Board in addition to the employer of the garden sardar and the officers mentioned in sub-section (*1*) of that section.

6. Before a local agent's license is cancelled by a District Magistrate on general grounds and not on any specific charge of misconduct he shall consult the Assam Labour Board

7. The District Magistrate shall intimate to the Assam Labour Board any changes made by him in the procedure with regard to emigration.

PART II.—SUPERINTENDENTS OF EMIGRATION.

8. (1) When a garden sardar's license is cancelled by a Superintendent of Emigration the notice of the fact shall be given to the Assam Labour Board in addition to the employer of the garden sardar and the officers mentioned in section 63 (*1*).

(2) The Superintendent of Emigration, Calcutta, shall inspect and supervise the emigration arrangements at the prescribed halting places and the Port of Embarkation

9 The Superintendent of Emigration shall not grant a license to any person to be a local agent without a recommendation from the Assam Labour Board. It is the duty of the Superintendent to see that only suitable persons of good character and standing are licensed to be local agents and no license shall be issued merely because nothing is known against the person for whom a local agent's license has been applied for.

10. No person shall be licensed to be a local agent who is reasonably suspected to have any connection with any unlicensed recruiter.

It shall be the duty of the Superintendent to see that emigrants are engaged through genuine garden sardars. He may reject an application for license for a local agent for the reasons stated in this rule and in rule 9 notwithstanding that the Assam Labour Board may have recommended that it be granted.

PART III.—Medical Inspectors.

11. Every Medical Inspector, other than the Civil Surgeon of a district, except the Medical Inspectors of Emigrants, Calcutta and Goalundo, shall be subordinate, in all matters connected with his duties as such Inspector, to the Civil Surgeon of the district to which he is appointed.

PART IV.—Government Officers generally.

12. Every Government officer administering any of the provisions of this Act shall, in the absence of definite orders to the contrary, act under the general instructions of the Superintendent of Emigration appointed for the local area in which such officer is working. All orders of Government will be transmitted through the Superintendent, and all reports and returns shall be made through the Superintendent, who will correspond direct with Government through the Commissioner of the Division.

13. The Medical Inspector of Emigrants and Embarkation Agent, Goalundo, and the Emigration Officers at halting places shall ordinarily act under the general instructions of the Superintendent of Emigration, Calcutta. All orders of Government will be transmitted to them through the Superintendent of Emigration, Calcutta, who will correspond direct with Government.

14. Every officer inspecting place of accommodation shall record the result of his inspection in the Visitors' Book kept for the purpose, and, if he is not himself the Superintendent of Emigration, shall forward a copy of his inspection note to the Superintendent.

CHAPTER III.

Licenses and Fees.

15 The Tea Districts Labour Association desiring to obtain a license under section 64 for any person to be a local agent for the purpose of representing the Association in the recruiting districts and supervising the collection of emigrants by his garden sardars shall apply to the Superintendent of Emigration through the Assam Labour Board.

16. The following procedure is to be followed by associations or firms desiring to be authorised in terms of section 64 (2) of Act VI of 1901 as amended by section 3 (2) of the Assam Labour and Emigration (Amendment) Act 1915 (VIII of 1915) to apply for local agents' licenses:—

The application for authorisation should be forwarded to the Government of India through the local Government or Governments under whose jurisdiction the local agent or agents would work. When an association or firm wishes to obtain an authorisation to apply for local agents' licenses in more than one province, it may, as an alternative to applying separately through each local Government concerned, make a single application through the local Government to which it is best known or within whose jurisdiction its chief place of business is situated, the application specifying the provinces in which it is desired to carry on recruiting operations.

17. Every license to be a local agent shall be in Form No. 1. No person shall act as a local agent unless he holds such a license

18. The fee payable under section 99 for a license granted under section 98 (Form No. 6) for a vessel to carry passengers for one voyage shall be sixteen rupees: Provided that the fee shall not exceed four annas per head of the total number of passangers which the vessel is capable of carrying. The fee payable for a license (Form No. 7) of a vessel to carry passengers for any term not exceeding one year shall be fifty rupees.

CHAPTER IV.

Places of accommodation provided by local agents.

19. Every local agent shall provide sufficient and proper accommodation in a suitable place for emigrants or intending emigrants and their dependants pending their removal to a labour district and the provisions of sub-sections (*2*) to (*4*) of section 62 shall apply to such accommodation.

20. Every local agent shall supply to the Magistrate of the district in which they establish a place of accommodation, the following information:—

(*a*) Name, father's name and caste of local agent or garden sardar.

(*b*) Date of grant of license in the case of local agent, or of countersignature of certificate in the case of garden sardar.

(*c*) Village in which the place of accommodation is situated.

(*d*) Name of owner of place of accommodation.

A register shall be maintained in the Magistrate's office in which the above information shall be entered.

21. No premises shall be used for the accommodation of emigrants until a local agent obtains from the District Magistrate a license in Form No. 2 nor until it has been inspected and approved by the said District Magistrate or any other officer deputed by him, and the Civil Surgeon of the district or any Assistant Surgeon deputed by the latter for the purpose or the Medical Inspector.

22. At each place of accommodation there shall be kept a Visitors' Book in which the Magistrate, or the Civil Surgeon, the Medical Inspector or other officer authorised to inspect it, shall enter their orders or remarks and the dates of their visits. The local agent shall forward within three days of any inspection a copy of the orders or remarks in the Visitors' Book to the District Magistrate.

23. It shall be competent for the District Magistrate, by order in writing, to direct a local agent to appoint, for any place of accommodation used by the garden sardars working under him, a proper person to be in charge. Such persons shall constantly reside in the place of accommodation. Should the local agent fail to appoint a person to be in charge or should the person appointed fail to reside on the premises, the local agent shall be liable to a fine not exceeding Rs. 100.

24. Except at centres where the office of the local agent is at the place of accommodation and in which register II prescribed in paragraph 11 (*3*) of Bengal Government notification No. 2486, dated the 5th July 1909 (*vide* Appendix C) is maintained, the local agent shall cause a register to be kept in which the following particulars in respect of the intending emigrants admitted into the place of accommodation shall be entered soon after their admission:—

(1) Date of admission—

(2) Name—

(3) Age—

(4) Sex—

(5) Caste—

(6) Address (district, thana and village)—

(7) Whether intending emigrant or dependant or non-emigrant accompanying emigrant to take leave of latter—

(8) How disposed of (*i.e.*, "rejected", "despatched to a tea estate", "returned to village")—

(9) Date of departure—

(10) Remarks—

25. Sleeping sheds shall be distinct from cooking sheds, and shall be provided with solid masonry or earthen platforms or with *machans*. Solid masonry platforms shall be cemented on top and shall be supplied with mats. Solid earthen platforms shall be freshly mud-plastered at least once a week, but if they have not been occupied within that period, mud-plastering may be deferred till after their next occupation. *Machans*, unless they are boarded, shall be supplied with mats, and shall be high enough to admit of the ground below being readily cleaned; they shall be so constructed that they can be easily detached and carried outside for the purpose of disinfection.

26. In each sleeping shed the number of emigrants to be accommodated shall be calculated at the uniform rate of not less than 14 superficial feet of space to each person and shall never exceed that specified in the license (Form No. 2) granted by the District Magistrates, a copy of which shall be posted in a conspicuous place for information of inspecting officers.

27. Separate accommodation shall be provided for females unaccompanied by male relatives.

28. No cooking or feeding shall be allowed in the sleeping sheds, which shall be kept thoroughly clean, well-ventilated and watertight.

29. Air and light shall be admitted freely into sleeping sheds, suitable protection from the elements being provided.

30. Cooking sheds with fire-places or *chulas* arranged in a row shall have mud-plastered walls, and wherever possible, tiled roofs; and a cemented masonry sink or proper receptacle for rice water and other kitchen refuse shall be provided. Such sink or receptacle shall be frequently disinfected.

31. Each emigrant shall be supplied, at his own choice, with either—

(1) dry rations and the means of cooking them,
(2) a dry meal consisting of *chura*, *sattoo* or similar food eaten by people of the class to which the emigrant belongs, or
(3) cooked food of the materials given in Schedule A.

32. (1) Latrines shall be separately provided for males and females properly roofed, thoroughly well ventilated and lighted, and placed in an accessible position. The plan of latrines, and the system adopted for the daily removal of light soil and other refuse matter, shall be subject to the approval of the Medical Inspector or the Civil Surgeon. The amount of accommodation to be provided shall be in the proportion of not less than one seat for every 15 of the emigrants, which the place of accommodation is licensed to accommodate.

(2) A sufficient number of sweepers, the number to be approved by the District Magistrate, shall be maintained for the cleansing of the latrines and the sleeping and cooking sheds and the surroundings of the place of accommodation generally.

33. (1) The sites of all places of accommodation shall be well drained. The drains shall be of cemented masonry and shall be so constructed as to carry off all rain and waste water and shall frequently be disinfected.

(2) The walls of the sleeping and cooking sheds shall be white-washed at least once in every six months, and in the event of outbreak of epidemic disease in the place of accommodation or the neighbourhood they shall be white-washed at least once in each week, while such epidemic continues. The sleeping sheds shall be frequently disinfected and every effort shall be made to keep the place of accommodation free from flies.

34. Unless a sufficient supply of water for drinking and washing purposes is available from a municipal water-supply installation, a good masonry well shall be provided at every place of accommodation, surrounded by a cemented masonry platform so sloped as to convey the waste water away from the well. The well shall be covered in and fitted with a pump, or with a pulley and chain with a receptacle for drawing water attached. A special person shall be appointed to draw water from the well for the emigrants and latter shall not be permitted to do so themselves, nor to use their own receptacles for drawing water therefrom. The well shall be frequently disinfected with permanganate of potash or chlorine. A masonry platform for bathing and washing purposes shall be provided, and it shall be at a distance from the well. Bathing and the washing of clothes at the well are prohibited.

35. In the event of cholera or small-pox or other dangerously communicable disease appearing in the place of accommodation, every emigrant attacked shall immediately be sent to the authorised hospital for treatment, and the relatives of the affected persons, not accompanying the patients, shall at the same time be segregated in an isolated part of the place of accommodation compound and shall not be removed thence without the written permission of the Medical Inspector or the Civil Surgeon to whom a report shall be promptly sent.

36. Clothing, blankets, mats that have been in contact with persons suffering from dangerously communicable disease, such as small-pox or cholera, hospital dressings, foul rags, and all combustible filth shall be regularly and thoroughly burnt in a safe and suitable place. The segregation shed, immediately it ceases to be occupied, shall be carefully cleaned out and disinfected by fumigation or other efficient means.

CHAPTER V.

Repatriation of emigrants.

37. A *chalan* containing a description of the emigrant and his thumb impression shall be prepared for every emigrant to be repatriated, and sent to the Magistrate of the district to which he is to be despatched.

38. Every such emigrant shall be despatched, with a peon as escort, if necessary, by train to the station nearest to the headquarters of the district in which his home is situated. As soon as he has been so despatched, a telegram shall be sent to the Magistrate of the district in which the station is situated, informing him of the despatch of the emigrant.

39. The District Magistrate on the receipt of such information shall make arrangements to have the emigrant met at the station and produced in his Court. After satisfying himself of the identity of the emigrant he shall sign the *chalan* and return it to the despatching Magistrate.

40. When the railway station nearest to the native district of the emigrant is not in that district, the Magistrate of the district in which such station is situated, shall forward the emigrant to the Magistrate of his native district, who will follow the procedure laid down in rule 39.

41. All expenditure incurred in the repatriation of emigrants under these rules shall be recovered, subject to the provisions of section 161 of the Act, from the garden sardar or other person in charge of the emigrants or from the employers concerned or their local agents.

42. In the case of emigrants who on their arrival at Goalundo *en route* to labour districts are found by the Subdivisional Officer at Goalundo to have been wrongfully recruited and who are ordered by him to be patriated the Emburkation Agent shall arrange for their repatriation, observing, as far as practicable, the same procedure as laid down in clauses (*b*) to (*f*) of rule 45 for the repatriation of emigrants returned from the labour districts. The cost of repatriation which may include all or part of items of expenditure mentioned in clause (*j*) of rule 45 shall be recovered, subject to the provision of section 161 of the Act, in such cases from the garden sardar or other person in charge of the emigrants, or in default, from the employer by whom the certificate of the garden sardar was granted, or from the local agent of the employer.

43. Emigrants repatriated from the labour districts or from any place subject to the jurisdiction of the Government of Assam will be returned to their native districts under the orders of that Government.

44. The following rules framed by the Assam Administration shall be observed in sending back such emigrants and their dependants to their native districts:—

In every case in which an emigrant or dependant is to be sent back to his native district under any of the sections of Act VI of 1901, the Magistrate or Inspector shall cause a *chalan* to be prepared in the following form in triplicate:—

(1) Name of emigrant—

(2) Father's name—

(3) Names of dependants, if any—

(4) Address to which to be repatriated (mauza, thana and district)—

(5) Section of Act VI under which repatriated—

(6) Name of employer—
(7) Estate and district—
(8) Date of despatch—
(9) Thumb impression of emigrant—
(10) Remarks—

One copy of the *chalan* will be retained by the Magistrate or Inspector, a second copy will be sent with the emigrant to Goalundo or Dhubri, as the case may be, and the third copy will be forwarded at the same time direct to the Embarkation Agent at that place.

(*a*) The Magistrate or Inspector will provide the emigrants and dependants to be repatriated with railway and steamer tickets to Goalundo or Dhubri, and with diet money at the rate of 4 annas each per diem for the number of days they may be on the journey.

(*b*) Should there be any emigrants amongst those to be repatriated who are unable to take care of themselves, and have no friends or relatives to look after them, the Magistrate or Inspector shall depute a peon, who should accompany them to Goalundo or Dhubri. On arrival the peon should make over emigrants to the Embarkation Agent at Goalundo or Dhubri, and will then return without delay. The name of the peon forming the escort should be entered in the remarks column of the *chalan*.

(*c*) In every case in which an escort is necessary, the Magistrate or Inspector shall provide the peons forming the escort (*i*) with return railway and steamer tickets and (*ii*) with diet money for the days during which they may be on the journey till their return, at the rate of four annas each per diem.

(*d*) Immediately on the despatch of an emigrant or dependant or batch of emigrants or dependants, the Magistrate or Inspector will send to the Embarkation Agent at Goalundo or Dhubri telegraphic advice of the despatch. The advice should state the number of emigrants and dependants sent, the date of despatch and the route by which sent.

(*e*) On the arrival of the emigrants at Dhubri, the embarkation Agent, after satisfying himself as to the identity of all the emigrants named in the *chalan* by taking their thumb impressions and comparing the same with those shown on the *chalan*, shall, after signing the latter, return it to the District Officer from whom it was received, keeping the duplicate copy with himself. He shall accommodate the emigrants in the shed provided for them at Dhubri and shall arrange for their repatriaton with all possible despatch.

(*f*) A *chalan* containing the particulars indicated below shall be prepared for each emigrant by the Embarkation Agent and sent to the Magistrate to which the emigrant is to be despatched:—

(1) Name of labourer—
(2) Thumb impression of labourer—
(3) Father's name—
(4) Native district (zilla, mauza and thana)—
(5) Names of dependants, if any—
(6) Date of despatch from Dhubri—
(7) Name of station at which the emigrant will alight—
(8) Remarks—

(*g*) The Embarkation Agent shall provide each emigrant with a railway ticket to the station nearest to the headquarters of the district in which the emigrant's home is situated, and with diet money for the days during which he may be on the journey, at the rate of four annas per diem, and after seeing that the emigrant has started in the proper train for that station, he shall send a telegram to the Magistrate of the district in which the station is situated, informing him of the despatch of the emigrant, the name of the station at which he will alight from the train, and the hour of his arrival there.

(*h*) Should there be any emigrants amongst those who have to be repatriated, who are unable to take care of themselves and have no friends or relatives to look after them, the Embarkation Agent shall depute a peon, who should accompany the emigrants to the station nearest to the headquarters of the district in which the emigrants' home is situated. On arrival, the peon should make over the emigrants to the

constable or peon waiting to receive them. The peon will then return to Dhubri without delay.

(*i*) In every case in which an escort is necessary, the Embarkation Agent shall provide the peons forming the escort (*i*) with railway tickets to the stations to which they are sent, and with the price of tickets for their return journey, and (*ii*) with diet money for the days during which they may be on the journey till their return to Dhubri, at the rate of four annas each per diem.

(*j*) On receipt of the *chalans* from the District Magistrate of the district to which the emigrants have been repatriated, the Embarkation Agent at Dhubri shall inform the Deputy Commissioner of the labour district from which the emigrants were sent to Dhubri of their safe repatriation, and at the same time forward to him a memorandum showing the expenditure incurred by him on that account in order that steps may be taken for the recovery of the amount from the employer or employers concerned.

(*k*) The amount so claimed shall consist of the railway fare and diet money of the emigrants, cost of telegraphic messages to District Magistrates, and, in the case of emigrants despatched under escort, the railway fare and diet money of the peons as well as their pay at the rate of four annas per diem for the number of days during which they may be absent from headquarters, and of costs duly incurred by District Magistrates in sending emigrants home; it shall also include any other charges which the Embarkation Agent may incur in this connection, such as the cost of the diet of emigrants during their stay at Dhubri. The sum, when recovered, will be deposited in the local treasury by the Embarkation Agent to the credit of the Inland Labour Transport.

(*l*) In the case of emigrants whether under contract or not, who while *en route* to the labour districts are found by the Inspector or Magistrate at Dhubri to have been wrongfully recruited, the Embarkation Agent shall arrange for their repatriation observing as far as practicable the same procedure as that laid down in rules (*e*) to (*i*) for the repatriation of emigrants returned from the other labour districts of the province.

(*m*) The cost of repatriation, which may include all or part of the items of expenditure mentioned in the rule (*k*), shall be recovered in such cases from the garden sardar or other person in charge of the emigrants, or, in default, from the employers.

(*n*) The charges for the repatriation of emigrants and dependants shall, where they have not been deposited by the employer, be paid by the Magistrate of the district or subdivision from which repatriation takes place, from his contingent advance.

(*o*) On receipt from the Embarkation Agent at Goalundo or Dhubri of the memorandum showing the expenditure incurred by him on the repatriation of emigrants and dependants from any district in Assam, the Deputy Commissioner shall, in cases where the expenditure is to be recovered from the employer, take steps to recover the amount from him, as well as the expenditure incurred in sending down the emigrants or dependants to Goalundo or Dhubri, as the case may be, which shall include the pay of peons employed as escorts for the number of days for which they may be absent from headquarters. In such case, the amount of the expenditure incurred by the Embarkation Agent at Goalundo or Dhubri shall be credited into the treasury and shown in distinct items in the body of the cash-book. The debits raised on this account between Assam and Bengal, shall be accepted by the Comptroller, Assam; where the expenditure incurred in repatriation is to be charged to the Inland Labour Transport budget, it shall be debited to that head.

CHAPTER VI.

Rules relating to the transit of emigrants.

PART I.—General Rules.

45. Emigrants from the Burdwan and Presidency Divisions shall, on leaving a place of accommodation, travel to the labour districts *via* Santahar and Amingaon or *via* Naihati and Goalundo.

46. The transport of emigrants by any other route by a local agent, garden sardar, or agent of the employer arranging for the transport of emigrants or person in charge of a place of accommodation is prohibited.

47. All emigrants shall, during the journey to the labour districts, be accompanied by the garden sardar who engaged them or by some other competent person approved by the local agent or the agent of the employer arranging for their transport.

48. Rest houses, which must be approved by the Magistrate of the district and the Civil Surgeon before being used, shall be provided at such places as are appointed from time to time by the local Government and the port of embarkation at Goalundo. The amount of accommodation to be provided and the sanitary and structural arrangements to be made in such rest houses, shall be regulated generally by the provisions of the rules 19 to 36 prescribed for places of accommodation, subject to any modification which the Magistrate may permit.

PART II.—RULES RELATING TO THE TRANSIT BY ROAD AND RAILWAY.

49. In the event of emigrants being detained on account of sickness by order of a Magistrate at any place, such emigrants shall be supplied with food, clothing, lodging and medical treatment at the expense of the local agent who despatched them or the employer on whose behalf they were recruited.

50. The agent of the employer arranging for the transport of emigrants shall be responsible for making all necessary provision to ensure the health, proper and sufficient feeding, safety and comfort of emigrants during their transit to the place of embarkation and for complying with the requirements of rules 51 to 55.

51. Any emigrant suddenly taken ill at a railway station shall, wherever practicable, be sent immediately to the nearest hospital, accompanied by his relatives and dependants.

52. When a medical officer has been appointed by Government to examine emigrants, no emigrants shall be put into the train without being inspected and passed as fit by such officer to undertake the journey.

53. In the case of emigrants travelling by train, the agent or person appointed by him to accompany them shall report the occurrence of any death among the emigrants in his charge to the station master or police officer of highest rank at the station at which the death has taken place, or, if the death has taken place between two stations, then to the station master or police officer of highest rank at the first station at which the train, by which the emigrants are travelling, stops after the death has taken place.

54. It should be the duty of the Emigration Officers at halting places—

(1) to ensure the due observance of rule 51;

(2) to see that sick emigrants and specially any who are affected with an infectious disease of a dangerous type, are detained;

(3) to arrange when routes are likely to be overcrowded for systematising despatch by rail and steamer, and

(4) generally to ensure the due observance of these rules.

55. Emigrants travelling *via* Asansol, Kharagpur, Naihati and Santahar shall halt at such places and for such periods as the local Government may direct, shall be accommodated in suitable rest-houses, and shall be provided with at least one meal of any of the kinds specified in rule 31.

PART III.—RULES RELATING TO THE TRANSPORT OF EMIGRANTS BY RIVERS.

A—General Rules.

56. The Medical Inspector at every place of embarkation shall see that the rest houses are kept by employers or agents in proper order and shall exercise the same powers in respect of them as are exercised by District Magistrates in respect of places of accommodation. He shall report, for the information of the District Magistrate, any failure on the part of the employer or his agent to attend to the Medical Officer's orders. Water and conservancy arrangements should receive special attention.

57. Properly sheltered deck space shall ordinarily be provided on board steamers or flats, throughout the year at the rate of 12 superficial

feet to each emigrant proceeding to Assam exclusive of hospital, gangways, ventilating hatches and space for crew and attendants In steamers of the daily mail service, besides suitable and available space on the main deck, fore and after cabins also may be measured for the accommodation of emigrants at the rate per emigrant of 12 and 14 superficial feet, respectively.

The Embarkation Agent may, however, at his discretion, permit a provision of 10 superficial feet per emigrant at any time during the cold season, should he consider the amount of space sufficient.

On the express steamers plying between Goalundo and Chandpur, deck space at the rate of 8 superficial feet for day travelling and 10 feet for night travelling shall be allotted for every emigrant.

58. Hospital space shall be provided for one per cent. (with a minimum of 100 square feet) of the total number of emigrants to be carried, but such space shall be allotted at double the rate allowed for healthy adults, making reasonable allowance for space occupied by other requirements.

59. (1) The space intended for hospital purposes shall be provided on the upper deck of the steamer or flat and a canvas screen shall divide it off from the rest of the deck space.

(2) A suitable compartment, approved by the Medical Inspector, shall be set apart for a dispensary.

B.—FITTINGS OF STEAMERS AND FLATS.

60. All fittings shall be provided entirely on board that vessel which is to convey the emigrants to their destination; but, if necessary, and with the Medical Inspector's consent, the hospital may be provided on an upper deck of the adjoining flat or steamer, if it accompany the vessel for the whole journey.

61. Bamboos shall be fastened, fore and aft, along the central stanchions within the emigrants' deck space in order to enable the emigrants to hang up their bundles and blankets for the day.

62 All dangerously exposed places near hatches, ladders, bathing-places, latrines, communication and landing stages shall be securely railed in to guard against accidents.

63. Embarkation, landing and all communicating stages likely to be used by emigrants shall be at least 3 feet wide, well fastened and provided with hand-rails—a requirement that shall be strictly complied with whenever emigrants are to be embarked or landed. In steamers of the daily mail service, the width of the stages shall not be less than 2 feet.

64 One stove and two steam rice boilers shall be provided in a convenient location.

65. Four iron water-tanks, each capable of containing 400 gallons of water, shall be provided on board, and each such tank shall be fitted with at least three moderate sized taps, of simple construction, capable of being secured against use when desirable, and with a padlock iron cover, besides a canvas over-all to exclude dust, etc. A ship's force-pump, with hose complete, shall also be provided for the exclusive purpose of supplying water to the tanks, and shall on no ground whatever, excepting an outbreak of fire on board, be otherwise used. These tanks shall be conveniently placed and filled before the arrival of the steamer at the place of embarkation, with the best water available, for the exclusive use of the emigrants. The water of two of the tanks only shall be in use at the same time, the remaining two tanks being reserved as settling tanks. In steamers of the daily mail service, the tanks may be reduced to two each capable of containing 200 gallons of water, and be placed below with a pump arrangement on deck for the supply of water for drinking and cooking purposes through three moderate sized taps.

66. Every vessel licensed to carry emigrants shall be provided with a covered trough fitted with at least six large and simple taps, placed at such distances apart as to admit of six persons abreast washing their clothes at the same time, and connected with a fixed pump for the constant supply of water therein. Two such troughs shall be provided when the number of emigrants to be carried exceeds three hundred.

67. A sufficiently large and well-protected space for bathing shall be set apart for the use of the emigrants, and shall be fitted with a suitable shower-bath of simple construction, and capable of distributing the shower over a large area, with a movable canvas screen, to

be invariably used when women are bathing, and with a suitable pump for supplying water thereto, which may be utilized also for filling the trough.

68 Nothing in these rules shall exempt steamers or flats licensed to carry emigrants from the operation of rules under the Inland Steam Vessels Act, 1917 (I of 1917) unless in cases where specific provisions are laid down in these rules.

C—Embarkation Agents.

69. Emigrants shall be embarked as soon as possible after their arrival.

70. The Embarkation Agent or one of his assistants, the medical officer, and the peon or other persons in charge of the emigrants shall be present at every embarkation. If the number of emigrants to be embarked be small, a competent assistant may be deputed by the Embarkation Agent to supervise the embarkation.

71. If any emigrant is taken ill and is unfit to go he shall be detained and sent to the authorised hospital and such of his relatives and dependants, if any, as desire to remain, or whom it is, for sufficient reason, deemed proper to retain, shall be detained.

D—Masters of vessels.

72. The master of any vessel intending to apply for a license to carry more than twenty emigrant passengers shall provide the permanent fittings as prescribed in the rules 60 to 67 and shall thereafter apply in writing to the Embarkation Agent, Goalundo, or other officer duly empowered by the local Government, for an inspection of such fittings, and of the legal capacity of the deck space for the accommodation of such passengers.

73. The Embarkation Agent, Goalundo, or other officer shall thereupon examine the fittings; and, after satisfying himself that the requirements of the rules have been complied with, may grant a certificate of approval, in Form No. 5, specifying the number of emigrant passengers that the vessel may carry.

74. The master of any vessel intending to carry emigrants as passengers under his license shall provide the following:—

(*a*) Stores, medicines, medical comforts and cooking utensils in accordance with the requirements of Schedules A, B and C.

(*b*) A medical officer licensed by the Embarkation Agent, Goalundo.

(*c*) The establishment of attendants as prescribed in schedule D

Every medical officer licensed under this rule shall be a registered medical practitioner unless the special permission of Government is obtained to the appointment of a qualified compounder. So much of this and other rules framed under the Assam Labour and Emigration Act as relates to the appointment and functions of a medical officer on vessels carrying emigrants shall be inapplicable in the cases of vessels proceeding to the districts of Cachar and Sylhet with less than fifty emigrants on board:

Provided that—

(*i*) the Medical Inspector of Emigrants at Goalundo may declare that in any particular case a medical officer of the compounder class shall be carried and for the purposes of this proviso two compounders shall be kept in reserve;

(*ii*) where there is no medical officer on board, all intending emigrants shall be carefully examined before embarkation, and

(*iii*) the master shall put in at the nearest dispensary in the event of an accident occurring or of disease or illness breaking out, and disembark the emigrants affected for examination and treatment.

75. A special examination shall invariably be made by the Medical Inspector of any vessel in which much sickness has occurred on the voyage immediately preceding; and the license applied for by the master shall not be granted unless the master carries out such measures of cleaning, disinfecting, deck-caulking, etc., as the Medical Inspector

may think necessary. If a vessel is found to be recurringly unhealthy for emigrants after material alterations and improvements have been made in her accommodation, a license shall be refused her

76. After everything has been examined and approved, the master and the medical officer shall sign the prescribed provision and medical store lists and final landing statements (Forms Nos. 8, 9 and 10 respectively), and when the Embarkation Agent is satisfied that all is correct, and that the master of the steamer has a copy of the Act and rules, he may grant a license in Form No. 6 or 7 to the master of the vessel.

77. Persons other than emigrants may be accommodated on board the same vessel with the emigrants and on the same deck provided that the total number under conveyance does not exceed the maximum number specified in the license; but such persons shall on no consideration be permitted to locate themselves within the spaces specially allotted for the use of emigrants proceeding under the Act.

78 Horses, pigs and other animals shall not be allowed on the same deck with the emigrants.

79. The master shall see that the deck space for emigrants is kept clear of cargo, etc., so long as emigrants are under conveyance, and that ladders, stages, etc., are safely secured and railed with a double railing.

80. The master of an emigrant vessel and the medical officer in charge shall conjointly be responsible for the care and good treatment of the emigrants during the passage. The medical officer shall strictly carry out the special instructions contained in Form No. 11 delivered to him by the Embarkation Agent for his guidance.

81. The medical officer shall insist upon the establishment specially entertained for attendance on the emigrants discharging their duties punctually and properly; and the master shall render all the assistance in his power to the medical officer, in order that he may maintain discipline on board and conform strictly with all the requirements of the rules regulating transport.

82. Peons, garden sardars or other persons in charge of emigrants shall obey the instructions of the master and the medical officer, and shall immediately report to them any neglect of duty or occurrence of disease or accidents or disagreements affecting the emigrants. The master and the medical officer shall thoroughly investigate the matter under report as soon as possible thereafter.

83. Peons and sardars shall have their day and night duties fairly divided and clearly defined. When there are sick emigrants in hospital, peons, sardars and topazes shall be deputed to hospital duty so that the sick may constantly be cared for, and the attendants on duty shall be regularly relieved by others in rotation. The careful night nursing of the sick by the attendants shall be strictly insisted on and looked to by the medical officer.

84. As soon after the embarkation as possible, the emigrants shall be comfortably berthed and their bundles searched for any indigestible food, grain or old rags they may have contrived to take with them, all of which shall be thrown overboard or burned either in the engine furnaces or on shore in the presence of the medical officer This precaution shall receive repeated attention throughout the passage

85. It shall be the duty of the steamer companies to adopt such measures as may be considered necessary for preventing the sale of unwholesome food to emigrants at the steamer ghats.

86. The decks shall be swept morning and evening and after every meal and shall always be kept clean and dry, but shall be washed only when weather, time and other circumstances permit the emigrants being landed or accommodated on another deck till their deck is thoroughly dry. The emigrants' deck space shall not be encroached upon in any way by either crew or passengers other than emigrants, nor shall they be permitted to interfere with the emigrants.

87. The latrines shall be constantly cleaned and disinfected. Attention shall also be paid to the cleanliness and disinfection of the bed-pans when in use.

88. Whenever the weather permits, the side curtains shall be raised to admit of free perflation of air, and under all circumstances thorough ventilation shall be promoted by every available means.

89. The emigrants on rising in the morning shall, after well shaking them, fold and sling their blankets out of the way.

90. The emigrants shall be mustered every morning and examined by the medical officer. Those who are well shall, weather permitting, bathe daily, and wash their clothes at least twice a week.

91. Emigrants' clothes, mats and blankets shall be aired and put in the sun as often as possible, especially after damp weather.

92. Rations shall be issued daily by the medical officer according to the scale prescribed in schedule A, and sufficiently early to admit of the food being prepared for distribution punctually at 9 o'clock in the forenoon and 4 o'clock in the afternoon; and all such issues, as well as those of medical comforts, shall immediately thereafter be entered by such officer in the prescribed provision and other lists, and certified by him and the master concerned. Boiling rice in bad water shall not be permitted; and when the food is ready, the medical officer shall invariably satisfy himself as to its being properly cooked, and shall see that it is fairly distributed. Stale food shall not be kept by either cooks or emigrants and all utensils shall be cleaned out and shown to the medical officer after each meal. Motherless infants and invalids shall have suitable and freshly prepared food (milk, soup, sago, etc.), ordered for them every three or four hours.

In the case of those emigrants who object to eat the food prepared for them on board, flour, in the prescribed quantity, shall be supplied to them, together with the other articles of uncooked rations (except rice) prescribed in schedule A, and every facility shall be afforded them to cook their own food. Should they, however, prefer it, they may be supplied with *chura* and *gur* or *suttoo*, according to choice.

93. A constant supply of good drinking water shall be kept up in the tanks. These shall be used alternately, the water in each being allowed to settle after the addition of alum in the proportion of 6 grains to the gallon; and pinked with permanganate and every effort shall be made to prevent emigrants from drinking the river-water fresh drawn from the side of the vessel. The water shall be pumped directly into the tanks from the river in midstream and clear from all possible risk of pollution from the latrine, etc.

94. Emigrants on board steamers and flats shall not be allowed to draw water from the river over the sides of the vessels and thereby to incur the risk of accidents.

95. Emigrant passengers, as a rule, shall not be required to labour during the passage, but in exceptional cases of urgent necessity only such of them as are considered by the medical officer to be well fitted for work may be employed, provided that such work is free from extraordinary risk to life, and that the master supplies those so employed with extra rations at the rate of two-and-a-half chittaks of rice and half a chittak of dal for each man per diem.

96. The master of every licensed vessel on arrival at every port of inspection shall report to the Magistrate or Civil Surgeon the number of passengers and crew on board, the general state of their health and the number of deaths that occurred on the passage; and omission to do so shall entail prosecution or refusal of license to carry emigrants thereafter.

97. The master or the medical officer shall place the way-bill (Form No. 14) of the vessel received from any Embarkation Agent before the inspecting officers at each port of inspection, in order that they may enter their remarks on the several points indicated in such way-bill.

98. The master and the medical officer shall furnish to inspecting officers all necessary information, and shall afford them every facility for the satisfactory discharge of their duties under the provisions of the Act and rules.

99. The master of a licensed vessel at the close of every trip shall prepare in duplicate a mortality return (Form No. 15) in the prescribed form showing the deaths that occurred during the trip among the crew and passengers and shall forward one of these returns to the Embarkation Agent at Goalundo, for information and transmission to the Superintendent of Emigration, Calcutta, and the other to the Director of Public Health, Assam.

100. Every medical officer proceeding in charge of emigrants shall keep a medical diary in the prescribed form (No. 12), as well as a journal of the principal events of the passage, and shall write them up daily and carefully. He shall moreover, on arrival at every inspection station, place the above documents before the inspecting officers for their initials against the latest entry. Every death shall be reported immediately to the master of the steamer, who, if there be no relatives on board entitled thereto, shall take over charge of any property or

money left by the deceased, and shall deliver the same to the Magistrate at the next station, or at the last place of debarkation for disposal.

The master of the steamer shall forward the medical diary direct to the Director of Public Health, Assam, and the journal to the Embarkation Agent, Goalundo, at the close of every trip.

101. The medical officer shall also keep a separate cholera register in the prescribed form (Form No. 13) and shall enter in it all necessary particulars regarding each cholera case that occurs. At the close of each trip on which any case of cholera has occurred this register will be sent to the Director of Public Health, Assam, along with the way-bill and the medical diary. A copy of the cholera register should also be sent to the Embarkation Agent at Goalundo.

102. Every medical officer proceeding in charge of emigrants shall, in case of misconduct or neglect of his duties, or of the requirements of the rules regulating transport, be liable to dismissal on the requisition of any Medical Inspector or other officer so empowered.

103. The medical officer shall be responsible for keeping up those parts of Forms Nos. 8 and 9 which relate to the daily issue of provisions and of medical stores and comforts, they shall be filled in regularly every day and submitted for inspection to the inspecting officers when they visit the vessel at the close of the passage.

104. All extra food and any change in diet shall be regulated by the medical officer only, on his own responsibility.

PART IV—PENALTY.

105. Whoever commits a breach of any of the rules contained in this chapter shall be punishable with fine which may extend to five hundred rupees.

CHAPTER VII.

Procedure to be followed on the occurrence of cholera and other infectious diseases as small-pox, plague, influenza, etc.

106. (1) In the event of cholera, small-pox, plague, enteric, kala-azar, influenza or other epidemic or infectious disease, occurring in any place of accommodation, or in any rest-house on the emigrant route, the person in charge shall take immediate steps to secure the removal of the emigrant attacked to the hospital approved by Government.

(2) All cases and deaths from infectious diseases shall be notified at once to the nearest local authority.

(3) A separate register shall be maintained for cases and deaths of infectious diseases by the Superintendent of Emigration.

(4) Disinfectants, *e.g.*, (*i*) chlorinated lime, (*ii*) permanganate of potash, (*iii*) cyllin, (*iv*) cyllin soap, (*v*) towels, basins, etc., shall be stored in a sufficient quantity in all places of accommodation and rest houses.

107. When any emigrant has been removed to hospital the person in charge shall carefully disinfect the clothing and belongings of all others occupying the same shed, whether they belong to the infected batch or not, and shall in the meantime supply to each one fresh clothing and shall remove each such one from such shed to the segregation shed which shall be built apart from the rest house, or place of accommodation, and shall provide sufficient accommodation for at least twenty-five per cent. of the number for which a certificate is granted for the rest house. If the segregation shed is not large enough to hold all, the excess number may be accommodated in some vacant shed within the premises of the rest house, or place of accommodation. It is at the discretion of the Superintendent of Emigration or District Magistrate to exempt such place of accommodation, as he may think fit, from the necessity of having a segregation shed.

108. (1) When any shed in which a case of cholera has occurred has been vacated in pursuance of rule 107, the person in charge shall, under the advice and superintendence of the Medical Inspector or Emigration Officer, as the case may be, (*i*) have the wood-work, floor and other parts of the shed thoroughly cleaned and disinfected, (*ii*) freely admit light and air, (*iii*) have the floor dug up and the earth disinfected and burnt or buried. If the floor is a cemented one, however, it will be sufficient to have it thoroughly washed with disinfectants.

(2) Cholera stools or vomit shall not be thrown into or near any tank or well nor kept exposed to flies but shall be immediately disinfected by covering it with quicklime (chlorinated lime) or pouring on them a disinfectant, *e.g.*, cyllin solution.

(3) Soiled clothes shall not be washed in or near any source of water-supply nor exposed to flies nor buried in the ground. They shall be burnt immediately or thoroughly disinfected by keeping them immersed in a disinfectant such as chlorinated lime or cyllin lotion for at least 15 minutes.

(4) The inmates of the rest house shall be provided with water that has been chlorinated or treated with permanganate of potash. All food should be protected from flies.

(5) Wells or tanks situated in the rest house should be chlorinated or treated with permanganate of potash and protected from polution.

(6) Every one who attends a patient or touches his or her body or clothing or assists at his or her funeral shall wash his hands with soap and hot water and a disinfectant such as chlorinated lime solution or cyllin lotion.

109. Contacts of small-pox and plague cases shall, if necessary, in the opinion of the medical officer, be vaccinated or inoculated as the case may be.

110. Emigrants who are detained in a segregation shed under observation shall not leave the precincts of such shed until permitted by the Emigration Officer or Medical Inspector, as the case may be, to do so.

111. The period of segregation shall be three days in cholera, 12 days in small-pox, 8 days in plague and influenza and such period shall be calculated from the time of their admission into the segregation shed, provided that no fresh case occurs during the said period, in which case the days shall begin to count from the date of the last case that may occur during their segregation.

112. No fresh batch of emigrants shall be admitted by the person in charge into any shed in a rest house, or place of accommodation in which a case of infectious disease has broken out—

(*a*) until those attacked are removed to the segregation shed if such be practicable, and all the other emigrants occupying the shed, in which the case occurs, are removed to a segregation shed with the prescribed accommodation required by the rules. The segregation shed to be at such distance from the rest house, or place of accommodation as the Superintendent of Emigration, Emigration Officer or Magistrate thinks necessary;

(*b*) nor until the shed in which cholera and other infectious diseases have broken out and into which it is desired to again admit the emigrants is thoroughly cleaned and disinfected, in the case of depots or rest houses, to the satisfaction of the Medical Inspector or Emigration Officer concerned, whose permission to receive other emigrants into the rest house will not be given until this is done.

113. When cholera and other infectious diseases broke out in a rest house, the person in charge shall advise the persons in charge of the place of accommodation or other rest house along the route, not to despatch more emigrants, or intending emigrants, until the provisions of rule 112 have been fully complied with and until authorised to do so by the Emigration Officer.

114. To each person detained in a segregation shed, the person in charge of the rest house, or place of accommodation, shall supply two meals of any of the three kinds specified in rule 31 according to the choice of each emigrant, every day during the period of segregation.

115. The daily charge for the treatment of each emigrant in hospital shall be eight annas, and shall be paid by the local agent, or the person in charge of the rest house or place of accommodation, from which the emigrant was taken to hospital.

116. The charge for the removal of each sick emigrant from any railway station or from any rest house, or place of accommodation to the hospital, shall be borne by the local agent or garden sardar or person in charge of the emigrant, or of the rest house, or place of accommodation.

117. The person in charge of the rest house, or place of accommodation shall make all necessary arrangements for the disposal, either

by burning or burial, of the bodies of emigrants, or intending emigrants, in his charge who die either in his rest house, or place of accommodation, or in the cholera hospital, and shall defray all expenses connected therewith.

118. Emigrants suffering from slight illness may be attended in their berths; but all serious cases shall be treated in hospital. Patients attacked by cholera or other dangerously communicable disease, with all that belongs to them, shall be instantly and thoroughly isolated from the healthy, and the family or batch in which such disease occurred shall be kept as far apart as possible from the rest of the emigrants without exciting alarm.

The following procedure should be followed when small-pox appears on board a steamer carrying emigrants:—

(*a*) Emigrants or dependents attacked with small-pox shall be at once segregated and landed at the next landing place at which there is a depôt hospital.

(*b*) The medical officer proceeding in charge of emigrants shall at once parade and examine all the emigrants and dependants on board and make out a list of all who have not been already vaccinated or inoculated, or who have not already suffered from small-pox. These emigrants and dependants shall be brought for vaccination before the inspecting medical officer at the next port of inspection reached by the steamer. The number of emigrants and dependants to be vaccinated should be entered in the steamer way-bill.

The medical officer shall, on the appearance of a case of small-pox among the emigrants or dependants, at once vaccinate all of them.

119. Places originally occupied by emigrants removed on account of communicable disease shall be instantly cleaned, and the deck shall be thoroughly scraped and scrubbed with hot sand and disinfecting fluid, and if circumstances admit, fumigation with burning sulphur shall also be carried out.

120. Besides immediate isolation and treatment of the first case of dangerously communicable disease, every precaution shall be taken to prevent an epidemic, strict attention being paid to premonitory symptoms, general and personal cleanliness, careful disinfection and disposal of excreta, disinfection and destruction of infected articles, free ventilation, and care of the healthy.

121. All clothes, blankets, mats, and other things that have been in any way in contact with those suffering from serious communicable disease, or have been soiled or are suspected of infection or impurity, shall be placed in disinfecting fluid and disposed of by burial or burning. They may be burnt in the ship's furnace or on shore according as the medical officer may direct.

122. When cholera or any other disease in an epidemic form breaks out, a special report should be prepared showing, if possible, the probable cause of such an occurrence. The register of cholera cases (Form No. 13) should be carefully filled in, and the medical diary should show the details of treatment of each case from day to day. Every precaution should be taken to prevent the spread of the disease, and its occurrence should be reported to the Magistrate of the first station arrived at thereafter. The Civil Surgeon of the district shall without delay pass on the information to the Civil Surgeon of the next district concerned.

123. (*a*) On the death of an emigrant in a place of accommodation or in a hospital, the local agent or the medical officer in charge of the hospital, as the case may be, shall hand over the property of the deceased emigrant to his or her relatives who may be present. In the absence of any relative or when there is dispute among several relatives, the local agent or the medical officer shall make a list of the property and forward such property with the list to the nearest district or subdivisional Magistrate, who shall, after making enquiry as to the heirs, dispose of the property.

(*b*) When, however, the emigrant dies in a rest house, or during journey by road or rail, the forwarding agents concerned shall make a list of the property as early as may be practicable, and forward such property, together with the list, to the Manager of the garden to which the emigrant was proceeding, for delivery to any relative who may be present, but when there is no relative or there is a dispute among several relatives, the garden Manager shall send the property and the list to the District Magistrate or Subdivisional Magistrate within whose jurisdiction deceased's home is situated for disposal.

124. Whoever commits a breach of any of the rules in this Chapter shall be punishable with fine, which may extend to five hundred rupees.

Instructions.

The memorandum on the reverse should be accurately filled in for the information of the Emigration Department.

2. All the noteworthy events, occurrences and incidents of the voyage should be duly reported to the officers who may visit the vessel for the purposes of inspection.

3. A journal recording accurately and briefly the daily occurrences of the voyage should be daily written up, and the initials of the Master obtained at the close of each day, and those of the inspecting officers on the dates of their inspections. Such journal, together with the special cholera report, if any, a complete way-bill of the shipments and any other papers relating to the passage, should be posted under cover of a forwarding letter to the Emigration Agent concerned in the embarkation of the emigrants under conveyance, for endorsement of any remarks he may desire to offer, and for transmission to the Superintendent of Emigration at Calcutta.

4. The emigrants during the winter months should be made to wear their warm clothing, whenever the conditions of the weather render such a precaution necessary.

5. The effects of the emigrants under conveyance to the labour districts should be searchingly examined under personal supervision after embarkation and at intervals during the voyage, and all improper articles of food and dirty rags found amongst them should be at once removed and destroyed.

6. Every care should be taken to secure the serving out of properly cooked food to the emigrants, and special and continuous attention should be paid to the regular and proper feeding of infants and children and the sick with milk and other suitable and nourishing diet. Strict attention should also be paid to the maintaining of a constant supply of good drinking-water, as well as to the carrying out of the arrangements for the supply of water for bathing and washing purposes.

7. At the close of the voyage the Debarkation Officer should be requested to examine the quality of the stores supplied on the passage, and to countersign the provision and medical stores lists, if satisfied that the stores have been issued according to scale.

8. On the landing of emigrants at their destinations, the Medical Officer should see that disembarkations are not effected at any but authorized landing places, and should also carefully fill in health certificates.

9. When cholera or any other disease in an epidemic form breaks out, a special report should be prepared showing, if possible, the probable cause of such an occurrence. The prescribed register of cholera cases (Form No. 13) should be carefully filled in, and the medical diary (Form No. 12) should show the details of treatment of each case from day to day. Every precaution should be taken to prevent the spread of the disease, and its occurrence should be reported to the Magistrate of the first station arrived at thereafter.

10. Any emigrant attacked by small-pox on the passage should be landed at the first opportunity, unless there are strong reasons to the contrary.

An Act further to amend the Presidency-towns Insolvency Act, 1909, and the Provincial Insolvency Act, 1920, for certain purposes.

WHEREAS it is expedient further to amend the Presidency-towns Insolvency Act, 1909, and the Provincial Insolvency Act, 1920, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— III o 1909 V of 1920.

Short title.

1. This Act may be called the Insolvency (Amendment) Act, 1927.

Amendment of section 14, Act III of 1909.

2. Section 14 of the Presidency-towns Insolvency Act, 1909, shall be re-numbered as sub-section (*1*) of section 14, and to that section the following sub-section shall be added, namely :— III of 1909.

"(2) A debtor in respect of whom an order of adjudication, whether made under this Act or under the Provincial Insolvency Act, 1920, has been annulled owing to his failure to apply or to prosecute an application for his discharge shall not be entitled to present an insolvency petition without the leave of the Court by which the order of adjudication was annulled. Such Court shall not grant leave unless it is satisfied either that the debtor was prevented by any reasonable cause from presenting or prosecuting his application, as the case may be, or that the petition is founded on facts substantially different from those contained in the petition on which the order of adjudication was made." V of 1920.

Amendment of section 21, Act III of 1909

3. In sub-section (*1*) of section 21 of the same Act, after the words "annul the adjudication" the following words shall be added, namely :—

"and the Court may, of its own motion or on application made by the official assignee or any creditor, annul any adjudication made on the petition of a debtor who was, by reason of the provisions of sub-section (*2*) of section 14, not entitled to present such petition."

Amendment of section 10, Act V of 1920.

4. In sub-section (*2*) of section 10 of the Provincial Insolvency Act, 1920, for the words "made under this Act" the words "whether made under the Presidency-towns Insolvency Act, 1909, or under this Act" shall be substituted. V of 1920. III of 1909

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 26th October 1927.

Summary.—During the week light and scattered showers fell in East and North Bengal, while in West Bengal there was practically no rain. Lack of adequate moisture is retarding the growth and development of standing crops, especially in the districts of Murshidabad, Burdwan, Birbhum, Bankura, Dinajpur, Bogra and Malda; elsewhere the condition of crops is reported to be generally fair Preparation of lands for and sowings of spring crops are progressing favourably. Distress continues to prevail in parts of Birbhum, Dinajpur and Malda. Test relief works continue at Nalhati in Birbhum where 180 persons worked on the 23rd instant and also at Patnitola and Porsha police-stations in Dinajpur where 1,286 persons were employed. *Rabi* seeds on loan are being distributed in Malda and Dinajpur by the Collectors assisted by the Agricultural Department The average price of common rice for the province has slightly risen as compared with that of the previous week.

H. D. BANERJI, for *Director of Agriculture, Bengal.*

DACCA, *the 29th October 1927.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for September 1927.

I. **Character of the season.**—During the month under review, the rainfall was above the normal in the Chittagong Division and in parts of the Rajshahi, Dacca and Presidency Divisions. Elsewhere the fall was below the normal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter paddy seedlings and harvesting of autumn crops were nearly over, although insufficiency of water for the steeping of jute was still reported, especially from some West and North Bengal districts. Weeding of winter paddy continued. Preparation of lands for, and rearing of, tobacco seedlings in nurseries commenced under favourable conditions in the latter part of the month.

III. **State of standing crops.**—The state of standing crops was generally fair, except in parts of Birbhum, Bankura, Murshidabad, Burdwan, Rajshahi, Dinajpur, Malda and Bakarganj, where the condition of paddy crops was reported to be poor for lack of adequate rain.

IV. **Prospects and probable outturn.**—The prospects of deep-water paddy, sugarcane and other standing crops were reported to be generally satisfactory, while those of transplanted paddy have suffered from lack of sufficient rain in some West and North Bengal districts. The outturn of autumn paddy was estimated at 85 per cent. and that of winter paddy at 79 per cent. of the normal.

V. **Damage to standing crops.**—Damage to standing crops by drought and insect-pests was reported from some West Bengal districts.

VI. **Condition of agricultural stock.**—Cattle-disease was reported only from six districts of the province and from the State of Cooch Behar. Outbreak of rinderpest was reported from the colonization area in the Patuakhali subdivision of Bakarganj during the second week of the month.

VII. **Failure of pasturage and fodder.**—The supply of fodder was reported to be sufficient during the month, except in parts of Faridpur and in the Kandi and Jangipur subdivisions of Murshidabad, where some insufficiency was reported.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the price of common rice of the cheapest quality rose in four districts, fell in six and remained stationary in the rest of the province. It varied from 7 seers per rupee in the Chittagong Hill Tracts to 4½ seers per rupee at Mymensingh.

IX. **Condition of agricultural population.**—The condition of agricultural population was on the whole fair, except in parts of Birbhum, Dinajpur and Malda, where distress prevailed owing to a partial failure of winter rice crop. Test relief works were opened and agricultural loans were being distributed.

RESOLUTION ON THE BUDGET ESTIMATES OF INCOME AND EXPENDITURE OF THE HOWRAH BRIDGE FOR THE YEAR 1927-28.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

DARJEELING, THE 17TH OCTOBER 1927.

RESOLUTION—No. 1306T.—Marine.

READ—

The budget estimates of income and expenditure of the Howrah Bridge for the year 1927-28.

Receipts.—The estimate of receipts for the year is placed at Rs. 4,29,383, which is the same as the revised estimate of last year. The budget estimate of last year was Rs. 4,37,938. The estimate of receipts from the East Indian Railway for the year is placed at Rs. 3,30,000 against the budget and revised estimates of the same amount for the preceding year. The Bengal-Nagpur Railway again contributed Rs. 26,000 towards the up-keep of the bridge during the year 1927-28.

Expenditure.—The estimate of total ordinary expenditure for the year is Rs. 4,17,029 against the budget and revised estimates of Rs. 4,02,053 and Rs. 3,79,279, respectively, for the preceding year. The special expenditure of Rs. 3,00,000 bugetted for in 1926-27 for the work of substituting eight lattice girders for the six existing bowstring girders of the bridge, was reduced to Rs. 40,000 in the revised estimate. A provision of Rs. 3,70,000 has been made in the current year's budget for the purpose.

Resolved that the budget estimates for 1927-28 be approved under section 21 of the Howrah Bridge Act, 1871.

By order of the Governor in Council,

J. A. WOODHEAD,
Secretary to the Government of Bengal.

No. 3998L.S.-G —The 2nd November 1927.—In exercise of the power conferred by sub-section (*1*) of section 34 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Government of Bengal (Ministry of Local Self-Government) are pleased to extend the provision of the said section to the union boards of Kendua, Itail, Ranagacha, Bhatara and Digpaith in police-station Jamalpur in the Jamalpur subdivision of the district of Mymensingh.

Minister-in-charge : The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

No. 4025 L.S.-G.—The 5th November 1927.—The following draft of amendments which in exercise of the power conferred by clause (*a*) of sub-section (*2*) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Government of Bengal (Ministry of Local Self-Government) propose to make in the rules published under notification No. 630 T.—L.S.-G., dated the 13th October 1919, as subsequently amended, is published for the information of persons likely to be effected thereby.

2. The draft will be taken into consideration on the 1st February 1928, and any objections or suggestions received by the undersigned through the District Officers before that date will be duly considered :—

Draft amendments.

After rule 22 *add* the following new rule :—

" *Rule 22 A.*—In the event of any candidate being elected for more than one ward, he shall, within five days from the date of election, declare which ward he will represent; and if he fails to make such declaration the Circle Officer shall forthwith declare the ward which such candidate shall represent, and in either case such candidate shall be held to be elected in the ward in respect of which either of such declaration has been made, and in every other ward, from which the said candidate has been returned, the result of the election shall be determined as if no votes had been recorded for him."

" Provided that, if there is no other candidates for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held."

In Rule 31, *add* the following :—

" Provided that the presiding officer shall record the votes of an illiterate voter according to the direction of the latter. The voter shall then fold up the voting paper and put it into the ballot box."

Minister-in-charge : The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

No. 3989L.S.-G.—The 2nd November 1927.—In exercise of the power conferred by section 5 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), and after consideration of the views of the Mymensingh district board and the Sadar local board, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that each of the following local areas in thana Phulpur in the Sadar (North) subdivision of the Mymensingh district shall be declared a union for the purposes of the Act.

Mymensingh.

2. In exercise of the power conferred by sub-section (*1*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to establish a union board for each of the unions hereby declared and to fix nine as the number of members of each union board.

3. In exercise of the power conferred by sub-section (*3*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that one-third of the members of the union board shall be appointed by the District Magistrate on the ground that the electors are inexperienced and that such appointment is necessary for the due representation of minorities.

APPORTIONMENT ORDER.

No. 15629L.R.—The 29th October 1927.—Under section 114 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor in Council has determined that in police-stations Sagardighi, Jiaganj, Murshidabad, Berhampore, Raninagar, Beldanga, Hariharpara and portions of Domkal and Nowda (not covered by apportionment order No. 988T.-R., dated the 2nd October 1926) where the preparation of a record-of-rights has been undertaken under notification No. 3564L.R., dated the 10th April 1923, the landlords' and tenants' share of cost for the survey and the preparation of a record-of-rights, including the estimated cost of maintenance of boundary marks for a period of fifteen years, shall be apportioned and recovered as specified below :—

Murshidabad.

(1) The rate of Rs. 1-7 shall be levied per acre, of which the raiyats, including persons holding non-agricultural tenancies, shall pay 8 annas per acre and their landlords of all grades together 15 annas per acre.

Common lands such as rivers, roads, khals, burning ghats, etc., shall be excluded from assessment, but not tanks even if used for irrigation.

(2) Landlords shall pay the raiyats' share of lands in their khas possession, and raiyats shall pay the full raiyati rate for lands covered by their holdings.

(3) Rent-free holders, whether of the degrees of raiyats or tenure-holders, shall pay the whole of the landlords' share for their lands.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus :—

(*a*) Permanent tenure-holders whose rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them.

(*b*) Other permanent tenure-holders and temporary tenure-holders whose lease has over 15 years to run shall pay three-fourths of the landlords' share, and their landlords shall pay the remaining one-fourth.

(*c*) Temporary tenure-holders whose lease has 15 years to run shall pay fifteen-sixteenths of the share they would pay in accordance with (*b*) above, if they were permanent tenure-holders, and so on, proportionately according to the number of years of the lease to run.

(*d*) Temporary tenure-holders who do not hold on a lease or for a fixed term shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(5) (*a*) Under-raiyats having a right of occupancy shall pay at the rate of 4 annas for a tenancy or part of a tenancy recorded in one village.

(*b*) Under-raiyats with no right of occupancy shall be exempted from assessment.

(6) (*1*) The calculation shall be made—

(*a*) to the nearest anna ;

(*b*) areas less than one acre shall be charged as for one acre ; for areas over one acre fractions of less than half an acre will not be charged for, but fractions of half an acre and upwards shall be charged as for a full acre ; the minimum charge for any tenancy or part of a tenancy recorded in one village shall be 4 annas only.

CALCUTTA, *the 2nd November 1927.* *Director of Public Instruction, Bengal.*

NOTIFICATION.

Pleaders' Survey Training Classes, 1928.

1. Classes for the training of pleaders in surveying will be opened in January 1928, in connection with the Bengal Engineering College, the Bihar School of Engineering, Patna, the Dacca School of Engineering, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar School of Engineering, in the case of candidates of Bihar and Orissa, for registering their names not later than the 30th November 1927. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the

local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centres, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction :—

No definite text-books are prescribed—

(*a*) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(*b*) Class work—

Use of mathematical instruments, construction of scales, mensuration of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level sections.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examinations to be held in 1929, 1930, 1931 and 1932.

T. H. RICHARDSON,

Secretary, Pleaders' Survey Examination Board.

BOTANIC GARDEN P. O., *the 26th October 1927.*

NOTIFICATION.

Annual Examination of Pleaders in Surveying, 1928.

(*See* Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320 J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1928 and will be conducted at the following centres (provided that not less than five names be registered at each centre) :—B. E. College and Dacca in Bengal, and Patna in Bihar and Orissa.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the Courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College ; those practising in Patna, Tirhoot, Bhagalpur, Orissa and Chota Nagpur Divisions, at Patna ; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader, and—

(*i*) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1924, 1925, 1926 or 1927 and has not previously appeared at the examination more than twice, or

(*ii*) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(*iii*) has passed the Sub-Overseer examination, or

(*iv*) has obtained the Surveyor's certificate of one of the Government Survey Schools, or

(*v*) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary countersignature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the Principal, Bihar School of Engineering, in the case of candidates of Bihar and Orissa, not later than the 9th January 1928. The form may be had from the Principal, Bengal Engineering College, or from the Principal, Bihar School of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated to candidates by the office who has registered their names.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 2nd November 1927.

Summary.—The week was practically rainless excepting light and scattered showers in parts of East Bengal and of the districts of Murshidabad, Jessore and Bogra. Preparation of lands for and sowings of spring crops are progressing under favourable condition. The prospects of standing crops are reported to be generally fair except in parts of West and North Bengal where the condition of winter paddy is poor as a result of lack of timely rain. Distress continues to prevail in parts of Birbhum, Dinajpur and Malda. Test relief works continue at Nalhati in Birbhum where 170 persons worked on the 30th October and also at Patnitola and Porsha police-stations in Dinajpur where 1,248 persons were employed on the 25th idem. The average price of common rice for the province has fallen by about 0·27 per cent. as compared with that of the previous week.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

No. 4023 M.—The 5th November 1927.—The following draft of by-laws, which the Government of Bengal (ministry of Local Self-Government) propose to make for the Rajbari Municipality, in the district of Faridpur, in exercise of the power conferred by sub-section (*1*) of section 71 of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), is published for the information of persons likely to be affected thereby.

Faridpur.

2. The draft will be taken into consideration on the 18th January 1928, and any objection or suggestion received by the undersigned before that date through the District Magistrate will be duly considered :—

Draft by-laws under section 71 (*f*) of the Calcutta Hackney-Carriage Act, 1919 (Bengal Act 1 of 1919), for the Rajbari Municipality in the district of Faridpur.

Appointment and duties of the Registering Officer.

1. Every hackney-carriage in the Rajbari Municipality shall be annually registered by a Registering Officer who shall be appointed for the purpose by the Municipal Commissioners and who shall keep a register in which he shall enter the class and number assigned to every hackney-carriage.

Qualifications of Drivers.

2. Every person applying for a driver's license shall be required to satisfy the Registering Officer :

(*a*) that he knows how to drive and control horses and is in all respects a fit person for such employment ;
(*b*) that he is well acquainted with the principal streets, offices and places of interest in and around the town of Rajbari ;
(*c*) that he has a thorough knowledge of the list of fares and tables of distances prepared by the Commissioners of the Municipality ; and
(*d*) that he knows the rules of the road and the signals used by drivers, and by the traffic police.

3. Licenses for hackney-carriage drivers and bearers for palanquins and rickshaws will be in different forms. There shall be attached to each license in such manner as the Commissioners of the Municipality may prescribe—

(*a*) the thumb mark of the driver ; and
(*b*) a book of fares and distances, to be prepared and printed under the authority of the Commissioners of the Municipality.

4. Every driver of a hackney-carriage or bearer of a palanquin or a rickshaw shall carry with him and produce when called upon to do so by any police officer, or any Municipal Commissioners or Municipal officers or by his fare, his license and the book of fares and distances.

5. No hackney-carriage driver shall drive with his feet in any other position than on the footboard of the vehicle, nor shall he muffle up his face and head in such manner as might endanger the proper driving of his vehicle.

6. No hackney-carriage driver shall be allowed to drive any licensed hackney-carriage or carriages other than those specified on his license without the permission of the Registering Officer.

Uniforms.

7. The uniform of drivers and attendants shall be clean and the drivers and attendants of 1st, 2nd and 3rd class hackney-carriages shall wear a coat, leather belt, and turban.

Dacca. *No. 2446 P.H.—The 11th November 1927.*—In pursuance of section 37F. of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), it is hereby notified for general information that the Water-Works Improvement Scheme submitted by the Commissioners of the Dacca Municipality has been approved by the Government of Bengal (Ministry of Local Self-Government) and that the particulars of the said scheme are as follows :—

(*a*) The scheme provides for (1) the erection of three high level steel tanks supported on R. S. Joist staging with a total storage capacity of 400,000 gallons of water ; these will be situated—one at the water-works, second at Wari and third at Kasimnagore in ward VII, (2) rising and delivery mains from these reservoirs, (3) additions and alterations in the existing distribution mains, (4) duplicating the suction main and relaying the existing suction main.

(*b*) The estimated cost of the scheme is Rs. 4,80,000.

(*c*) The additional estimated cost of maintenance is Rs. 4,000.

(*d*) The sum of Rs. 4,80,000 on account of the cost of the scheme will be met as follows :—

	Rs.
Government contribution	1,60,000
Loan from Government	1,20,000
Municipal contribution	2,00,000
Total ...	4,80,000

(*e*) A loan of Rs. 1,20,000 bearing interest at 5½ per cent. per annum will be taken by the municipality from Government to meet the partial cost of the scheme. It will be repaid by forty half-yearly instalments of Rs. 5,087-1-8 each, twenty years being required to repay the loan in full.

(*f*) The total annual additional charge on account of the maintenance of the scheme is estimated at Rs. 4,000 and that on account of the repayment of the loan of Rs. 1,20,000 is Rs. 10,174-3-4. This expenditure will be met from the proceeds of the water-rate. The amount of Rs. 14,622 now being paid annually for the repayment of the present water-works loan of Rs. 2,00,000, which will be paid in full by 1930, will be reserved for the recurring expenditure in connection with the proposed scheme.

(*g*) The water-rate will be levied as heretofore at the rate of 2 per cent. on the annual valuation of holdings having no water connection and at the rate of 5 per cent. on the annual valuation of holdings having water connection. The water-rate will be increased, if necessary, for the repayment of the proposed loan. There will be substantial increase of revenue in the shape of water-rate even at the present rate from additional house connections that will be allowed after the completion of the proposed scheme.

(*h*) The average incidence of such water-rate per head of the population in this municipality is annas 11-2.

2. The said scheme will be taken into consideration on or after the 20th January 1928, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date, will be duly considered.

MARINE DEPARTMENT.

NOTIFICATIONS.

No. 72Marine.—The 8th November 1927.—The following amendments which the Governor in Council has been pleased to make in the rules to regulate the conduct of examinations of seamen for certificates of efficiency as life-boatmen, published under this department notification No. 61Marine, dated the 27th April 1926, as amended by this department notification No: 50Marine, dated the 15th August 1927, are published for general information :—

Amendments.

I. *For* rule 2, *substitute* the following :—

2. All officer ratings (Engineers, Surgeons, Pursers, etc.) must have been at sea at least six months.

Ordinary seamen and other deck ratings must have been at least one year at sea and be not less than 18 years of age. Stewards, firemen and other candidates must have been at least two years at sea and be not less than 20 years of age. Lascars may be examined provided they comply with the foregoing conditions.

Native firemen and native stewards (including Goanese) may also be examined, provided that in addition to the foregoing conditions a responsible officer of the steamship company certifies them as suitable, both physically and mentally, to hold certificates.

In this paragraph the term "lascar" means native of India employed on deck and "native firemen" and "native stewards" mean, respectively, natives of India employed in engine-room or stokehold and in the stewards' department.

II. In rule 10, *after* the words "application for examination" the following shall be *added* :—

The seaman will be required to sign his name on the certificate (or if he is unable to sign, to give his left thumb impression thereon), and this should be done in the presence of the Port Officer or the Deputy Port Officer, Calcutta.

History.

Books recommended to indicate the standard of knowledge required :—

History of India.

R. C. Majumdar	...	A Brief History of India.
V. A. Smith	...	The Student's History of India (Oxford University Press).
(In Hindi) Manmathanath Ray		Bharatbarshaka Itihas.
(In Bengali) R. C. Majumdar		Bharatbarsher Sankshipta Itihas.
Khagendranath Mitra	...	Bharatbarsher Itihas.

(*N. B.*—Candidates are required to have a knowledge of map-drawing.)

Administration and Progress in India under British Rule.

N. N. Ghose	...	England's Work in India, latest revised edition.

* Open only to a candidate, if it is not his vernacular.

Geography.

(Books recommended to be used by students in studying the subject in accordance with the syallabus.)

C. Morrison ... Our World of Human Geography.

The World, with fuller treatment of India (Longmans' Geographical Series for India, Book II).

F. D. Unstead ... The Practical Geography, Parts I and II.
B. C. Wallis ... Macmillan's Geography Exercise Book (India).
A. Bose ... Outlines of Geography.

Ideal Advanced Regional Geography published by the Grant Educational Company, Limited.

The following books are recommended for the use of teachers :—

Blandford ... The Rudiments of Physical Geography for the use of Indian Schools.
Frew ... A Regional Geography of the Indian Empire (Blackie and Son).
Wallis ... The Teaching of Geography (Cambridge University Press).
O'Malley ... Bengal, Behar and Orissa, Sikkim (Macmillan and Co.).

The following book is recommended for the use of teachers in connection with the teaching of " Sand Modelling " in the lower class of schools :—

A. F. Frye ... The Child and Nature.

[*N. B.*—Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list :—

I. (The total cost need not exceed Rs. 65.)

(1) A measuring tape and metre scale and foot-ruler.
(2) A magnetic compass.
(3) Squared paper and tracing paper.
(4) Clay, dry sand, paper pulp for modelling.
(5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
(6) A map of the school locality on a scale of 4" or 6" =1 mile.
(7) A map of the district in which the school is situated 1"=1 mile.
(8) A coloured map of the province
(9) A coloured political map of India.
(10) A physical map of India.
(11) A relief map of India.
(12) A map of the world on Mollweild's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided but the lack of it is not to be considered as a bar to the recognition of the school in Geography :—

(1) A thermometer.
(2) A mercury barometer.
(3) A rain-gauge.
(4) A small collection of typical rocks, in particular, those of the province and India.
(5) A small museum of typical products.
(6) A good standard atlas.
(7) Geographical pictures.
(8) Magic lantern and slides.

(1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habigunj Government Girls' School, Sylhet, and sold for Rs 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W. and A. K. Johnston, London, and Messrs: Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The " Comparative " series of large wall maps of the continents published by George Phillip and Son is good and up to date ; so also are the Geographical wall maps published by Edward Standford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps; also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, named on one side, and the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps, coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river systems and a few towns, published by the same Company, are excellent for class use.

The autograph hand-maps, with hill shading in brown, published by Messrs. Edward Standford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15 inches map of the world on Mollweild's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Hornu Hachette of Paris, Messrs. Holzel of Vienna, and Messrs. Longmans Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Burlington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.]

Elementary Mechanics.

The following books are recommended:—

A. N. Sen	...	Elementary Mechanics.
Briggs and Bryan	...	Matriculation Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

Plumb-line and level.
Simple lever (including brass slotted weight).
Roman steelyard.
Lecture apparatus for experiment on movements.
George's New Atwood's Machine.
Stop watch.
Glazebrooke's apparatus (to demonstrate movement of a body).
Hick's Ballistic Balance.
Compound Wheel and Axle.
4 Single Brass Pulleys.
2 Triple Brass Pulleys.
Weston Differential Pulleys Blocks (½ ton).
16 feet of Chain at 6*d*, per foot.
Inclined Plane.
Parallelogram of Forces apparatus.
Wall Crane.
Becker's New Physical Balance.
Set of gramme weights (200 grams to 1 mgr.).
2 Composition ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list, specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account or working in pairs.

Elementary Hygiene.

No text-books are prescribed or recommended. The subject is to be studied in accordance with the syallabus prescribed in the Regulations.

SYLLABUS IN HYGIENE.

I. *Definition of Hygiene—Personal and Public.*

II. *General structure of the human body.*—The skeleton; muscles; nervous respiratory, circulatory, secretory, and excretory system. Organs of special sense.

III. *General functions of human body.*—Locomotion; Innervation; Physiology of Respiration, Circulation and Digestion.
Secretion and Excretion.

IV. *Air.*—Its average composition. Functions of Oxygen. The air before and after respiration. Other sources of impurities. Air of crowded rooms. Evil effects of impure air. Increased incidence of Tuberculosis in India. Dust and its dangers. Air-borne diseases.

Means of purification of air, *natural* and *artificial*: part played by plants. Ventilation. Minimum air-space for each person in schools and dwelling houses.

V. *Water.*—Its composition. Natural waters.
The need for water and the quantity required per individual.
Chief sources of water-supply in Bengal and how they are polluted.
Chief impurities of water and their significance. Hard and soft waters.
How to keep the sources of water (wells, tanks, etc.) free from pollution.
Means for purification of drinking water ; distillation ; filtration ; use of chemicals ; boiling.
Evil effects of the impure or scanty supply of water. Water-borne diseases.

VI. *Food.*—Its five nutritive principles (Proteids, Fat, Carbohydrate, salts and water), their respective functions and the quantity of each required in health for people of different ages and vocations.
Composition of common foodstuffs :—

Milk ; Meat ; Fish ; Eggs ; Poultry ; Flour ; Rice ; *Dal* ; Butter, Ghee and Oil ; Sugar ; Potatoes ; various fresh vegetables, fruits and nuts.

Character of good meat, fish and milk.
Common adulterants of food.
Food in relation to diseases.
Accessories of food—condiments and *chutneys*. Good drinks and harmful drinks—tea, coffee and cocoa ; aerated waters ; alcohol.
Construction of suitable diet—Scales for different people. Eating of food and time of eating, intemperance in eating, insufficiency of food.
Cooking, storage and distribution of food.
Some preserved foods.

VII. *Dwelling Houses.*—Selection of site ; houses to be constructed on well-thought-out plans ; plenty of light and air ; protection against damp ; good drainage ; privies, cowsheds and stables at some distance from the main building ; sufficient open space between contiguous houses ; adequate arrangements for disposal of refuse and filth.
Huts in villages ; low lands to be avoided ; plinth well-raised ; sufficient number of openings for light and air in each room ; situation of latrines and cowsheds ; arrangements for drainage and disposal of sewage.

VIII. *Preventive Medicine.*—Epidemic and endemic diseases. Malaria, Cholera, Small-pox, Plague, Influenza, Typhoid fever, Kala-azar, Dysentery, Tuberculosis, Consumption, Hook-worm and other common parasitic diseases—a brief study as to their origin and modes of spread and the measures for their prevention.
Insects in relation to spread of diseases.
Small-pox and vaccination
A general knowledge of antiseptics, disinfectants, and inoculations.
Disinfection of rooms, clothing, beddings, excreta and discharges.

IX. *Personal Hygiene.*—Care of teeth, hair and skin. Baths. Clothings—Materials and forms used should be adapted to the climate, habits and occupation of the people. Clothing of children.

Work and Exercise.—Out-door and in-door games.

Fatigue, Rest and Sleep.—Amount of sleep required for persons of different ages.

Importance of attitudes and postures. Eyesight and its preservation.

Bad habits.

X. *Evil effects of the use of Intoxicating Drugs.*—Tobacco, Opium, Indian hemp, Cocaine.

NOTE.—It is not intended that candidates should be examined in Chemistry, Anatomy, Physiology or like contributory subjects ; but the students should be taught, with the aid of experiments, such simple facts in these contributory subjects as may be essential for an elementary scientific knowledge of hygiene.

The schools which apply for recognition in Hygiene are expected to provide the following appliances :—

	Quantity
1. Human skeleton (articulated)	1
2. A complete set of human bones (disarticulated).	
3. Charts :—	
(*a*) Circulatory system.	
(*b*) Respiratory system.	
(*c*) Digestive system.	
(*d*) Secretory system	
(*e*) Nervous system.	
4. Charts showing the different carriers of the most common infective diseases :—	
(*a*) Mosquitoes.	
(*b*) Flies	
(*c*) Fleas, etc., and their life history.	
(*d*) Common parasites—itches, etc.	

5. Charts showing the life cycles of malarial parasites in man and in the mosquitoes.
6. Charts showing common intestinal parasites such as round worm, tape-worm, thread-worm, hook-worm, etc.
7. Charts showing the microbes of common infective diseases :—

   Cholera, tuberculosis, plague, diphtheria, influenza, typhoid fever, dysentery, etc., etc.

(Same as for the Pass Course.)

Geology.

No text-books are prescribed or recommended. The subject is to be studied with the help of the syllabus prescribed in the Regulations.

Zoology.

Books recommended to be used by students in studying the subject in accordance with the syllabus :—

(Pass Course.)

Shipley and MacBride	...	Zoology.
Parker and Haswell	...	Text-Book of Zoology.
Hertwig	...	Manual of Zoology, translated by Kingsley.
Parker and Bhatia	...	Text-book of Zoology for Indian Students.
Foster and Balfour	...	The Elements of Embryology.
Punnets	...	Mendelism.

Books recommended for consultation—

Darwin	...	The Origin of Species.
Kellog	...	Darwinism To-day.
L. Doncaster	...	An Introduction to the Study of Cytology.
Bateson	...	Mendel's Principles of Heredity.
Dendy	...	Outlines of Evolutionary Biology.

(Honours Course.)

(In addition to the books recommended for the Pass Course.)

Schaefer	...	Essentials of Histology.
Bateson	...	Problems of Genetics.
Lillie	...	Problems of Fertilisation.
Miall and Hammond	...	The Structure and Life History of the Harlequin Fly.
Miall and Donny	...	The Cockroach
Innes	...	Entomology.
Lull	...	Organic Evolution.

The following works are recommended for reference :—

The Cambridge Natural History.
Ray Lankaster ... A Treatise on Zoology.

Physiology.

Books recommended to be used in studying the subject in accordance with the syllabus :—

(Pass Course.)

Halliburton ... Handbook of Physiology.
Howell ... Text-book of Physiology.

(Practical.)

Schaefer ... Essentials of Histology.
Halliburton ... Essentials of Chemical Physiology.
Schaefer ... Experimental Physiology.
Moore ... Bio-Chemistry.

(Honours Course.)

(*In addition to the books recommended for the Pass Course.*)

Starling ... Principles of Human Physiology (latest edition).
Lovatt Evans ... Recent Advances in Physiology.

Books recommended for consultation—

Bayliss ... Principles of General Physiology.
McLeod ... Physiology and Bio-Chemistry in Modern Medicine.

(Practical.)

(The same as for the Pass Course.)

SYLLABUS IN EXPERIMENTAL PHYSIOLOGY.

(Pass Course.)

The induction coil; single shocks, short circuiting key; effects of single shocks on the tongue; break-shock is stronger than the make-shock; Helmholtz's modification; Meef's hammer.

Pithing a frog; nerve-muscle preparation. Mechanical, chemical, thermal and electrical stimulation of muscle and nerve.

The graphic method; simple lever, crank lever (myograph), moist chamber, minimal and maximal excitation with single induction shocks (make and break). Stimulation by constant current; contraction of muscle only at make and break.

The muscle curve.—Single contraction of a frog's muscle; the latent period, the period of contraction and the period of relaxation Time-tracing by tuning-fork, method of after-loading. The influence of temperature and of load on muscular contraction.

The work performed by a muscle during a twitch.

Elasticity and extensibility of muscle.

Summation of muscular contraction; tetanus.

Fatigue of muscle.

Thickening of a muscle on contraction.

Barnard's curare experiment

Stimulation of a motor nerve; unequal excitability (greater nearer the centre of a motor nerve), excitability of flexor and extensor nerves.

Velocity of nerve-impulse (myographic method).

Electro-physiology.—Galvani's experiment of contraction with metals; Galvani's experiment of contraction without metals

The frog's heart :—Beating of the heart; effect of heat and cold (heart *in situ*); section of the heart; effect of heat and cold on excised heart.

Stannius' experiment.

Graphic record of the beat of the heart (suspension method and also direct registration with heart-lever).

Pulse Sphymographic tracing.

Blood-pressure in man. Sphygmometer and Sphygmomanometer.

Reflex action (simple experiments on a pithed frog).

Vision.—Accommodation, Scheiner's experiment, near and far point.

Purkinje-Sanson's images. Phakoscope; Blind Spot; Yellow Spot; Colour vision; Complementary colours.

(Honours Course.)

Additional Experiments.
The induction coil—Break extra-current of Faraday.
The Rhoonome—Effect of sudden variation of current.
Isotomic and isometric contraction.
Influence of veratrine on muscular contraction.
Indefatigability of nerve.
Excitation of muscle by constant current, Polar excitation of a muscle.
Electrotonus. Electrotonic changes in excitability of a nerve.
Kuhne's experiment of contraction without metals.
Examination of currents in muscle nerve and heart by means of the reflecting galvanometer.
Frog's heart.—Minimal stimulus causes maximal contraction.
"Staircase effect." Single contraction of the ventricle.
Tetanisation. Refractory period. Stimulation of the vagus.
Action of drugs (Muscaring digitalin, Pilocarpin and Atropin) on the heart.
Voice and Speach, Laryngoscope.
Vision, Ophthalmoscope, Perimeter.

EXPERIMENTAL PSYCHOLOGY

The subject is to be studied as defined by the syllabus. Students are recommended to use one or more of the following books :—

(Pass Course.)

1. General Psychology—

Yerkes	...	Introduction to Psychology.
Wundt	...	Human and Animal Psychology.
Titchener	...	Text-book of Psychology.
Lickley	...	The Nervous System (Longmans & Co.).
Angell	...	Psychology.

Preparatory Reading.—Students are advised to read Titchener's Primer of Psychology before joining the regular class.

2. Experimental Psychology—

Sanford	...	Course in Experimental Psychology.
Myer	...	Text-books of Experimental Psychology, Part I—Text-book.

Preparatory Reading.—Students are advised to read Myer's Primer of Experimental Psychology before joining the regular class.

(*Laboratory Course.*)

Titchener's Experimental Psychology, Vol. I, Part I, and Vol. II, Part I (Student's Manual, Qualitative and Quantitative).
Myer's Text-book of Experimental Psychology, Part II (Laboratory Course).

(Honours Course.)

I. General Psychology—

(Same as in Pass Course with the addition of Kulpe's Outlines of Psychology.)

II. Physiological and Comparative Psychology—

Wundt	...	Principles of Physiological Psychology, Vol. I, Part I. (The Bodily Substrate of Mental Life.)
Ladd	...	Elements of Physiological Psychology.
Lloyd Morgan	...	Comparative Psychology.
M. Greenwood (Jr.)	...	Physiology of Senses.
McDougall	...	Physiological Psychology (Home University Library).
Holmes	...	Evolution of Animal Intelligence.

III. Experimental Psychology—In addition to the books recommended for the Pass Course the following :—

Scripture	...	New Psychology.
Titchener	...	Lectures on the Psychology of the Thought Processes.
Titchener	...	Instructor's Manual—Quantitative (Introduction).

Anthropology.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 21st September, 1927, and is hereby promulgated for general information :—

ACT NO. XVII OF 1927.

An Act to consolidate and amend the law relating to the provision, maintenance and control of lighthouses by the Government in British India.

WHEREAS it is expedient to consolidate and amend the law relating to the provision, maintenance and control of lighthouses by the Government in British India; It is hereby enacted as follows:—

PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Lighthouse Act, 1927.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "Customs-collector" means an officer of customs exercising the powers of a Customs-collector under the Sea Customs Act, 1878, and includes any person appointed by the Governor General in Council to discharge the functions of a Customs-collector under this Act; VIII of 1878.

(*b*) "district" means an area defined as a district for the purposes of this Act under section 3;

(*c*) "general lighthouse" means any lighthouse which the Governor General in Council may, by notification in the Gazette of India, declare to be a general lighthouse for the purposes of this Act;

(*d*) "lighthouse" includes any light-vessel, fog-signal, buoy, beacon, or any mark, sign or apparatus exhibited or used for the guidance of ships;

(*e*) "local lighthouse" means any lighthouse which is not a general lighthouse;

(*f*) "local lighthouse authority" means a Local Government, local authority or other person having the superintendence and management of a local lighthouse;

(*g*) "owner" includes any part-owner, charterer, or mortgagee in possession and any agent to whom a ship is consigned;

(*h*) "port" means any port, as defined in the Indian Ports Act, 1908, to which that Act extends; and XV of 1908.

(*i*) words and expressions used in this Act and not otherwise defined have the same meanings respectively as in the Indian Merchant Shipping Act, 1923. XXI of 1923

Appointment of officers.

5. The Governor General in Council may, by notification in the Gazette of India,—

(*a*) define areas to be districts for the purposes of this Act;

(*b*) appoint a person to be the Superintendent of Lighthouses in each district;

(*c*) appoint a person to be the Chief Inspector of Lighthouses in British India; and

(*d*) appoint persons to be Inspectors of Lighthouses.

Advisory Committees.

6. (*1*) The Governor General in Council shall appoint a Central Advisory Committee and shall consult it in regard to—

(*a*) the erection or position of lighthouses or of any works appertaining thereto;

(*b*) additions to, or the alteration or removal of, lighthouses;

(*c*) the variation of the character of any lighthouse or of the mode of use thereof;

(*d*) the cost of any proposals relating to lighthouses; or

(*e*) the making or alteration of any rules or rates of dues under this Act.

(*2*) The Governor General in Council may, if he thinks fit, appoint an Advisory Committee for any district for the purpose of advising in regard to any of the matters specified in sub-section (*1*) in so far as the interests of the district are affected thereby.

(*3*) Advisory Committees shall consist of persons representing interests affected by this Act or having special knowledge of the subject-matter thereof.

GENERAL LIGHTHOUSES.

Management of general lighthouses by the Governor General in Council and delegation of management.

7. (*1*) The superintendence and management of all general lighthouses are vested in the Governor General in Council.

(*2*) The Governor General in Council may require any local lighthouse authority to undertake the superintendence and management of any general lighthouse situated in or adjacent to the local limits within which the authority exercises its powers, and shall pay to the authority such sums to defray the cost of superintendence and management as he may determine.

LOCAL LIGHTHOUSES.

Power to inspect local lighthouses.

8. (*1*) The Chief Inspector of Lighthouses may, at any time, and any Superintendent or Inspector of Lighthouses may, if authorised in this behalf by a general or special order in writing of the Governor General in Council, enter upon and inspect any local lighthouse and make such inquiries in respect thereof or of the management thereof as he thinks fit.

(*2*) Every person having the charge of, or concerned in the management of, any lighthouse shall be bound to furnish to any officer authorised by or under sub-section (*1*) to inspect the lighthouse all such information regarding the same as the officer may require.

(*3*) Every local lighthouse authority shall furnish to the Governor General in Council all such returns and other information in respect of the lighthouses under its supervision and management, or of any of them, as he may require.

Control of local lighthouses by the Governor General in Council

7. (*1*) If, after an inspection under section 6 or such other inquiry as he thinks fit, the Governor General in Council is satisfied that a direction under this sub-section is necessary or expedient for the safety, or otherwise in the interests, of shipping, he may direct any local lighthouse authority—

(*a*) to remove or discontinue or to refrain from moving or discontinuing any lighthouse under its superintendence and management or to make or refrain from making any variation in the character or mode of use of any such lighthouse, or

(*b*) to erect, place or maintain, or to refrain from erecting placing or maintaining, any lighthouse within the local limits within which the local lighthouse authority exercises its powers.

(*2*) A local lighthouse authority shall not erect, place, remove or discontinue any lighthouse or vary the character or mode of use of any lighthouse, unless it has given to the Governor General in Council at least one month's notice in writing of its intention so to do :

Provided that, in cases of emergency, a local lighthouse authority may take such action as it deems necessary and shall give immediate notice of the same to the Governor General in Council and, so far as is possible, to all shipping approaching or in the vicinity of the lighthouse.

(*3*) If a local lighthouse authority—

(*a*) fails to comply with any direction made under sub-section (*1*), or

(*b*) fails to exercise or perform, or exercises or performs in an improper, inefficient or unsuitable manner, any power or duty relating to the superintendence or management of lighthouses conferred or imposed upon it by or under any law for the time being in force or

(*c*) fails to make adequate financial provision for the performance of any such duty,

the Governor General in Council may, by order in writing, require the local lighthouse authority to comply with the direction, or to make arrangements to his satisfaction for the proper exercise of the power or performance of the duty, or to make financial provision to his satisfaction for the performance of the duty, as the case may be, within such period as he may specify.

(*4*) If the local lighthouse authority fails to comply with an order made under sub-section (*3*) within the specified period or within such further time as the Governor General in Council may allow, the Governor General in Council may exercise the power or perform the duty or make the requisite financial provision, as the case may be, and the local lighthouse authority shall be liable to repay the Governor General in Council any expenditure incurred by him in so doing.

Management of local lighthouses by the Governor General in Council

8. The Governor General in Council may, at the request of a local lighthouse authority, undertake the superintendence and management of any local lighthouse on its behalf, and the local lighthouse authority shall pay to the Governor General in Council such sums to defray the cost of superintendence and management as may be agreed.

LIGHT-DUES.

Levy and collection of light-dues

9. For the purpose of providing or maintaining or of providing and maintaining lighthouses for the benefit of ships voyaging to or from British India or between ports in British India, the Governor General in Council shall, subject to the provisions of this Act, cause light-dues to be levied and collected in respect of every ship arriving at or departing from any port in British India.

Rates of light-dues leviable

10. (*1*) The Governor General in Council may, by notification in the Gazette of India, prescribe rates, not exceeding two annas per ton, at which light-dues shall be payable, and may prescribe different rates for different classes of ships, or for ships of the same class when in use for different purposes or in different circumstances.

(*2*) Light-dues payable in respect of a ship shall be paid by the owner or master of the ship on its arrival at, and on its departure from, any port in British India :

Provided that, if light-dues have been paid in accordance with the provisions of this Act in respect of any ship, no further dues shall become payable in respect of that ship for a period of thirty days from the date on which the dues so paid became payable.

(*3*) An order under sub-section (*1*) imposing, abolishing or varying light-dues shall not take effect till the expiration of thirty days from the day on which the order was notified in the Gazette of India.

Receipts for light-dues.

11. Light-dues shall be paid to the Customs-collector who shall grant to the person paying the same a receipt in writing specifying—

(*a*) the port at which the dues have been paid ;

(*b*) the amount of the payment ;

(*c*) the date on which the dues became payable ; and

(*d*) the name, tonnage and other proper description of the ship in respect of which the payment is made.

Ascertainment of tonnage

12. (*1*) For the purpose of the levy of light-dues, a ship's tonnage shall be reckoned as under the Merchant Shipping Acts for dues payable on a ship's tonnage, with the addition required under section 85 of the Merchant Shipping Act, 1894, with respect to deck cargo. 57 & 58 Vict., c. 60.

(*2*) In order to ascertain the tonnage of any ship for the purpose of levying light-dues, the Customs-collector may—

(*a*) if the ship is registered under any law for the time being in force in British India or under the law of any foreign country in respect of which an Order in Council has been made under section 84 of the Merchant Shipping Act, 1894, that ships of that country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers (any such ship being hereafter in this section referred to as a registered ship), require the owner or master or other person having possession of the ship's register or other papers denoting her tonnage to produce the same for inspection and, if such owner, master or other persons refuses or neglects to produce the register or papers, as the case may be, or otherwise to satisfy the Customs-collector as to the tonnage of the ship, cause the ship to be measured and the tonnage to be ascertained ; or 57 & 58 Vict., c. 60

(*b*) if the ship is not a registered ship and the owner or master fails to satisfy the Customs-collector as to the true tonnage thereof according to the mode of measurement prescribed by the law for the time being in force for regulating the measurement of registered ships, cause the ship to be measured and the tonnage thereof to be ascertained according to such mode.

(*3*) If any person refuses or neglects to produce any register or other papers or otherwise to satisfy the Customs-collector as to the true tonnage of any ship when required to do so under this section, such persons shall be liable to pay the expenses of the measurement of the ship and of the ascertainment of the tonnage, and, if the ship is a registered ship, shall further, on conviction by a Presidency Magistrate or Magistrate of the first class having jurisdiction in the port where the ship lies or in any port to which she may proceed be punishable with fine which may extend to one thousand rupees.

Recovery of light dues, expenses and costs

13. (*1*) If the owner or master of any ship refuses or neglects to pay to the Customs-collector on demand the amount of any light-dues or expenses payable under this Act in respect of the ship, the Customs-collector may seize the ship and the tackle, apparel and furniture belonging thereto, or any part thereof, and detain the same until the amount of the dues or expenses, together with the costs of the seizure and detention, is paid.

(*2*) If any part of such dues, expenses or costs remains unpaid after the expiry of five days following the date of the seizure, the Customs-collector may cause the ship or other thing seized to be sold, and with the proceeds of the sale may satisfy the dues, expenses or costs remaining unpaid, together with the costs of the sale, and shall repay the surplus, if any, to the person by whom the same were payable.

Refusal of port-clearance

14. The officer whose duty it is to grant a port-clearance for any ship shall not grant the port-clearance until the amount of all light-dues, expenses and costs payable in respect of the ship under this Act and of any fines imposed thereunder has been paid, or until security for the payment thereof has been given to his satisfaction.

Determination of disputes as to liability for payment

15. If any dispute arises as to whether light-dues, expenses or costs are payable in respect of any ship under this Act or as to the amount of such dues, expenses or costs, the dispute shall, on application made in this behalf by either of the disputing parties, be heard and determined by a Presidency Magistrate or Magistrate of the first class having jurisdiction at the place where the dispute arises, and the decision of such Magistrate shall be final.

Light-dues payable at one port recoverable at another.

16. (*1*) If the master of any ship in respect of which any light-dues are payable at any port causes the ship to leave such port without having paid the same, the Customs-collector at that port may by writing require the Customs-collector at any other port in British India to which the ship may proceed or in which she may be to recover the dues remaining unpaid.

(*2*) Any Customs-collector to whom such a requisition is directed shall proceed to levy such sum as if it were payable under this Act at the port at which he is the Customs-collector, and a certificate by the Customs-collector at the port at which the light-dues first became payable, stating the amount payable, shall be sufficient proof in any proceeding under section 13 or section 15 that such amount is payable.

Penalty for evading payment of light-dues

17. (*1*) If the owner or master of a ship evades or attempts to evade the payment of any light-dues, expenses or costs payable in respect of the ship under this Act, he shall, on conviction by a Presidency Magistrate or Magistrate of the first class having jurisdiction in any port to which the vessel may proceed or in which she may be found, be punishable with fine which may extend to five times the amount of the sum payable.

(*2*) In any proceeding before a Magistrate in a prosecution under sub-section (*1*), any such certificate as is mentioned in sub-section (*2*) of section 16, stating that the owner or master has evaded such payment, shall be sufficient proof of the evasion, unless the owner or master shows to the satisfaction of the Magistrate that the departure of the vessel without payment of the sum was caused by stress of weather, or that there was lawful or reasonable grounds for such departure.

Exemption from payment of light-dues.

18. The following ships shall be exempted from the payment of light-dues under this Act, namely :—

(*a*) any ship belonging to His Majesty or the Government or to a foreign Prince or State and not carrying cargo or passengers for freight or fares ; and

(*b*) any ship of a tonnage of less than fifty tons ;

and the Governor General in Council may, by notification in the Gazette of India, exempt any other ships or classes of ships or ships performing specified voyages from such payment, either wholly or to such extent only as may be specified in the notification.

Refund of excess payments.

19. Where light-dues have been paid in respect of any ship in excess of the amount payable under this Act, no claim to refund of such excess payment shall be admissible, unless it is made within six months from the date of each payment.

ACCOUNTS.

Accounts, etc.

20. (*1*) The Governor General in Council shall cause to be maintained a separate account of all amounts received by way of light-dues, expenses, costs and fines under this Act and of all expenditure incurred for the purposes of this Act, and shall cause such account to be laid before the Central Advisory Committee, as soon as possible, after the close of each financial year.

(*2*) The Governor General in Council shall cause to be laid before the Central Advisory Committee before the close of each financial year a statement of the estimated receipts under, and expenditure for the purposes of, this Act during the forthcoming year.

RULES.

Power to make rules

21. (*1*) The Governor General in Council may make rules consistent with this Act to carry into effect the purposes thereof

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

(*a*) the powers and duties of the Chief Inspector of Lighthouses and of Superintendents and Inspectors of Lighthouses ;

(*b*) the procedure and conduct of business of Advisory Committees constituted under this Act ;

(*c*) the rate of travelling and subsistence allowance payable to members of Advisory Committees; and

(*d*) the period in respect of which and the form in which the separate account referred to in sub-section (*1*) of section 20 shall be kept and the forms in which that account and the statement referred to in sub-section (*2*) of that section shall respectively be presented to the Central Advisory Committee.

REPEALS.

Repeals

22. The enactments mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 21st September, 1927, and is hereby promulgated for general information :—

ACT No. XVI OF 1927.

An Act to consolidate the law relating to forests, the transit of forest-produce and the duty leviable on timber and other forest-produce.

WHEREAS it is expedient to consolidate the law relating to forests the transit of forest-produce and the duty leviable on timber and other forest-produce ; It is hereby enacted as follows :—

CHAPTER I.

PRELIMINARY.

Short title and extent

1. (*1*) This Act may be called the Indian Forest Act, 1927.

(*2*) It extends to Bombay, Bengal, Bihar and Orissa, the United Provinces, the Punjab, the Central Provinces and the North-West Frontier Province (except the District of Hazara).

(*3*) The Local Government of any other province may, by notification in the local official Gazette, extend this Act to the whole or any specified part of the province.

Interpretation clause.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "cattle" includes elephants, camels, buffaloes, horses, mares, geldings, ponies, colts, fillies, mules, asses, pigs, rams, ewes, ship, lambs, goats and kids ;

(*2*) "Forest officer" means any person whom the Governor General in Council, or the Local Government or any officer empowered by the Governor General in Council or the Local Government in this behalf, may appoint to carry out all or any of the purposes of this Act or to do anything required by this Act or any rule made thereunder to be done by a Forest-officer ;

(*3*) "forest-offence" means an offence punishable under this Act or under any rule made thereunder ;

(*4*) "forest-produce" includes—

(*a*) the following whether found in, or brought from, a forest or not, that is to say :—

"timber, charcoal, caoutchouc, catechu, wood-oil, resin, natural varnish, bark, lac, mahua flowers, mahua seeds and myrabolams, and

(*b*) the following when found in, or brought from, a forest, that is to say :—

(*i*) trees and leaves, flowers and fruits, and all other parts or produce not hereinbefore mentioned, or trees,

(*ii*) plants not being trees (including grass, creepers, reeds and moss), and all parts or produce of such plants,

(*iii*) wild animals and skins, tusks, horns, bones, silk, cocoons, honey and wax, and all other parts or produce of animals, and

(*5*) "river" includes, any stream, canal, creek or other channels, natural or artificial;

(*6*) "timber" includes trees when they have fallen or have been felled, and all wood whether cut up or fashioned or hollowed out for any purpose or not; and

(*7*) "tree" includes palms, bamboos, stumps, brush-wood and canes.

CHAPTER II.

OF RESERVED FORESTS.

Power to reserved forests.

3. The Local Government may constitute any forest-land or waste-land which is the property of Government, or over which the Government has proprietary rights, or to the whole or any part of the forest-produce of which the Government is entitled, a reserved forest in the manner hereinafter provided.

Notification by Local Government.

4. (*1*) Whenever it has been decided to constitute any land a reserved forest, the Local Government shall issue a notification in the local official Gazette—

(*a*) declaring that it has been decided to constitute such land a reserved forest;

(*b*) specifying, as nearly as possible, the situation and limits of such land, and

(*c*) appointing an officer (hereinafter called "the Forest Settlement Officer") to inquire into and determine the existence, nature and extent of any rights alleged to exist in favour of any person in or over any land comprised within such limits, or in or over any forest-produce, and to deal with the same as provided in this Chapter.

Explanation.—For the purpose of clause (*b*), it shall be sufficient to describe the limits of the forest by roads, rivers, ridges or other well-known or readily intelligible boundaries.

(*2*) The officer appointed under clause (*c*) of sub-section (*1*) shall ordinarily be a person not holding any forest-office except that of Forest Settlement Officer.

(*3*) Nothing in this section shall prevent the Local Government from appointing any number of officers not exceeding three, not more than one of whom shall be a person holding any forest-office except as aforesaid, to perform the duties of a Forest Settlement Officer under this Act.

Bar of accrual of forest-rights.

5. After the issue of a notification under section 4, no right shall be acquired in or over the land comprised in such notification, except by succession or under a grant or contract in writing made or entered into by or on behalf of Government or some person in whom such right was vested when the notification was issued; and no fresh clearings for cultivation or for any other purpose shall be made in such land except in accordance with such rules as may be made by the Local Government in this behalf.

Proclamation by Forest Settlement-officer.

6. When a notification has been issued under section 4, the Forest Settlement-officer shall publish in the local vernacular in every town and village in the neighbourhood of the land comprised therein, a proclamation—

(*a*) specifying, as nearly as possible, the situation and limits of the proposed forest ;

(*b*) explaining the consequences which, as hereinafter provided, will ensue on the reservation of such forest ; and

(*c*) fixing a period of not less than three months from the date of such proclamation, and requiring every person claiming any right mentioned in section 4 or section 5 within such period either to present to the Forest Settlement-officer a written notice specifying or to appear before him and state, the nature of such right and the amount and particulars of the compensation (if any) claimed in respect thereof.

Inquiry by Forest Settlement-officer

7. The Forest Settlement-officer shall take down in writing all statements made under section 6, and shall at some convenient place inquire into all claims duly preferred under that section, and the existence of any rights mentioned in section 4 or section 5 and not claimed under section 6 so far as the same may be ascertainable from the records of Government and the evidence of any persons likely to be acquainted with the same.

Powers of Forest Settlement-officer

8. For the purpose of such inquiry, the Forest Settlement-officer may exercise the following powers, that is to say :—

(*a*) power to enter, by himself or any offier authorised by him for the purpose, upon any land, and to survey, demarcate and make a map of the same ; and

(*b*) the powers of a Civil Court in the trial of suits.

Extinction of rights.

9. Rights in respect of which no claim has been preferred under section 6, and of the existence of which no knowledge has been acquired by inquiry under section 7, shall be extinguished, unless, before the notification under section 20 is published, the person claiming them satisfies the Forest Settlement-officer that he had sufficient cause for not preferring such claim within the period fixed under section 6.

Treatment of claims relating to practice of shifting cultivation.

10. (*1*) In the case of a claim relating to the practice of shifting cultivation, the Forest Settlement-officer shall record a statement setting forth the particulars of the claim and of any local rule or order under which the practice is allowed or regulated, and submit the statement to the Local Government, together with his opinion as to whether the practice should be permitted or prohibited wholly or in part.

(*2*) On receipt of the statement and opinion, the Local Government may make an order permitting or prohibiting the practice wholly or in part.

(*3*) If such practice is permitted wholly or in part, the Forest Settlement-officer may arrange for its exercise—

(*a*) by altering the limits of the land under settlement so as to exclude land of sufficient extent, of a suitable kind, and in a locality reasonably convenient for the purposes of the claimants, or

(*b*) by causing certain portions of the land under settlement to be separately demarcated, and giving permission to the claimants to practise shifting cultivation therein under such conditions as he may prescribe.

(4) All arrangements made under sub-section (3) shall be subject to the previous sanction of the Local Government.

(5) The practice of shifting cultivation shall in all cases be deemed a privilege subject to control, restriction and abolition by the Local Government.

Power to acquire land over which right is claimed.

11. (1) In the case of a claim to a right in or over any land, other than a right-of-way or right of pasture, or a right to forest-produce or a water-course, the Forest Settlement-officer shall pass an order admitting or rejecting the same in whole or in part.

(2) If such claim is admitted in whole or in part, the Forest Settlement-officer shall either—

(i) exclude such land from the limits of the proposed forest; or

(ii) come to an agreement with the owner thereof for the surrender of his rights; or

(iii) proceed to acquire such land in the manner provided by the Land Acquisition Act, 1894. I of 1894.

(3) For the purpose of so acquiring such land—

(a) the Forest Settlement-officer shall be deemed to be a Collector proceeding under the Land Acquisition Act, 1894; I of 1894.

(b) the claimant shall be deemed to be a person interested and appearing before him in pursuance of a notice given under section 9 of that Act;

(c) the provisions of the preceding sections of that Act shall be deemed to have been complied with; and

(d) the Collector, with the consent of the claimant, or the Court, with the consent of both parties, may award compensation in land, or partly in land and partly in money.

Order on claims to rights of pasture or to forest-produce.

12. In the case of a claim to rights of pasture or to forest-produce, the Forest Settlement-officer shall pass an order admitting or rejecting the same in whole or in part.

Record to be made by Forest Settlement-officer.

13. The Forest Settlement-officer, when passing any order under section 12, shall record, so far as may be practicable,—

(a) the name, father's name, caste, residence and occupation of the person claiming the right; and

(b) the designation, position and area of all fields or groups of fields (if any), and the designation and position of all buildings (if any) in respect of which the exercise of such rights is claimed.

Record where he admits claim

14. If the Forest Settlement officer admits in whole or in part any claim under section 12, he shall also record the extent to which the claim is so admitted, specifying the number and description of the cattle which the claimant is from time to time entitled to graze in the forest, the season during which such pasture is permitted, the quantity of timber and other forest-produce which he is from time to time authorised to take or receive, and such other particulars as the case may require. He shall also record whether the timber or other forest produce obtained by the exercise of the rights claimed may be sold or bartered.

Exercise of rights admitted.

15. (1) After making such record the Forest Settlement officer shall, to the best of his ability, and having due regard to the maintenance of the reserved forest in respect of which the claim is made, pass such orders as will ensure the continued exercise of the rights so admitted.

(2) For this purpose the Forest Settlement-officer may—

(a) set out some other forest tract of sufficient extent, and in a locality reasonably convenient, for the purposes of such claimants, and record an order conferring upon them a right of pasture or to forest-produce (as the case may be) to the extent so admitted ; or

(b) so alter the limits of the proposed forest as to exclude forest-land of sufficient extent, and in a locality reasonably convenient, for the purposes of the claimants ; or

(c) record an order, continuing to such claimants a right of pasture or to forest-produce, as the case may be, to the extent so admitted, at such seasons, within such portions of the proposed forest, and under such rules, as may be made in this behalf by the Local Government.

Commutation of rights.

16. In case the Forest Settlement-officer finds it impossible, having due regard to the maintenance of the reserved forest to make such settlement under section 15 as shall ensure the continued exercise of the said rights to the extent so admitted, he shall, subject to such rules as the Local Government may make in this behalf, commute such rights, by the payment to such persons of a sum of money in lieu thereof, or by the grant of land, or in such other manner as he thinks fit.

Appeal from order passed under section 11, section 12, section 15 or section 16

17. Any person who has made a claim under this Act, or any Forest-officer or other person generally or specially empowered by the Local Government in this behalf, may, within three months from the date of the order passed on such claim by the Forest Settlement-officer under section 11, section 12, section 15 or section 16, present an appeal from such order to such officer of the Revenue Department, of rank not lower than that of a Collector, as the Local Government may, by notification in the local official Gazette, appoint to hear appeals from such orders.

Provided that the Local Government may establish a Court (hereinafter called the Forest Court) composed of three persons to be appointed by the Local Government, and, when the Forest Court has been so established, all such appeals shall be presented to it.

Appeal under section 17.

18. (1) Every appeal under section 17 shall be made by petition in writing, and may be delivered to the Forest Settlement-officer, who shall forward it without delay to the authority competent to hear the same.

(2) If the appeal be to an officer appointed under section 17, it shall be heard in the manner prescribed for the time being for the hearing of appeals in matters relating to land-revenue.

(3) If the appeal be to the Forest Court, the Court shall fix a day and a convenient place in the neighbourhood of the proposed forest for hearing the appeal, and shall give notice thereof to the parties, and shall hear such appeal accordingly.

(4) The order passed on the appeal by such officer or Court, or by the majority of the members of such Court, as the case may be, shall, subject only to revision by the Local Government, be final.

Pleaders

19. The Local Government, or any person who has made a claim under this Act, may appoint any person to appear, plead and act on its or his behalf before the Forest Settlement-officer, or the appellate officer or Court, in the course of any inquiry or appeal under this Act.

Notification declaring forest reserved.

20. (*1*) When the following events have occurred, namely :—

(*a*) the period fixed under section 6 for preferring claims has elapsed, and all claims, if any, made under that section or section 9 have been disposed of by the Forest Settlement-officer ;

(*b*) If any such claims have been made, the period limited by section 17 for appealing from the orders passed on such claims has elapsed, and all appeals (if any) presented within such period have been disposed of by the appellate officer or Court ; and

(*c*) all lands (if any) to be included in the proposed forest, which the Forest Settlement-officer has, under section 11, elected to acquire under the Land Acquisition Act, 1894, have become vested in the Government under section 16 of that Act, I of 1894.

the Local Government shall publish a notification in the local official Gazette, specifying definitely, according to boundary marks erected or otherwise, the limits of the forest which is to be reserved, and declaring the same to be reserved from a date fixed by the notification.

(*2*) From the date so fixed such forest shall be deemed to be a reserved forest.

Publication of translation notification neighbourhood of forest.

21. The Forest-officer shall, before the date fixed by such notification, cause a translation thereof into the local vernacular to be published in every town and village in the neighbourhood of the forest.

Power to revise arrangement made under section 15 or section 18.

22. The Local Government may, within five years from the publication of any notification under section 20, revise any arrangement made under section 15 or section 18, and may for this purpose rescind or modify any order made under section 15 or section 18, and direct that any one of the proceedings specified in section 15 be taken in lieu of any other of such proceedings, or that the rights admitted under section 12 be commuted under section 16.

No right acquired over reserved forest, except as here provided.

23. No right of any description shall be acquired in or over a reserved forest except by succession or under a grant or contract in writing made by or on behalf of the Government or some person in whom such right was vested when the notification under section 20 was issued.

Rights not to be alienated without sanction.

24. (*1*) Notwithstanding anything contained in section 23, no right continued under clause (*c*) of sub-section (*2*) of section 15 shall be alienated by way of grant, sale, lease, mortgage or otherwise, without the sanction of the Local Government :

Provided that, when any such right is appendant to any land or house, it may be sold or otherwise alienated with such land or house.

(*2*) No timber or other forest-produce obtained in exercise of any such right shall be sold or bartered except to such extent as may have been admitted in the order recorded under section 14.

Power to stop ways and water-courses in reserved forests.

25. The Forest-officer may, with the previous sanction of the Local Government or of any officer duly authorised by it in this behalf, stop any public or private way or water-course in a reserved forest, provided that a substitute for the way or water-course so stopped, which the Local Government deems to be reasonably convenient, already exists, or has been provided or constructed by the Forest-officer in lieu thereof.

Acts prohibited in such forests

26. (*1*) Any person who—

(*a*) makes any fresh clearing prohibited by section 5, or

(*b*) sets fire to a reserved forest or, in contravention of any rules made by the Local Government in this behalf, kindles any fire, or leaves any fire burning, in such manner as to endanger such a forest; or who, in a reserved forest—

(*c*) kindles, keeps or carries any fire except at such seasons as the Forest-officer may notify in this behalf;

(*d*) trespasses or pastures cattle, or permits cattle to trespass;

(*e*) causes any damage by negligence in felling any tree or cutting or dragging any timber;

(*f*) fells, girdles, lops, taps or burns any tree or strips off the bark or leaves from, or otherwise damages, the same;

(*g*) quarries stone, burns lime or charcoal, or collects, subjects to any manufacturing process, or removes, any forest-produce;

(*h*) clears or breaks up any land for cultivation or any other purpose;

(*i*) in contravention of any rules made in this behalf by the Local Government hunts, shoots, fishes, poisons water or sets traps or snares; or

(*j*) in any area in which the Elephants' Preservation Act, 1879, is not in force, kills or catches elephants in contravention of any rules so made; VI of 1879

shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both, in addition to such compensation for damage done to the forest as the convicting Court may direct to be paid.

(*2*) Nothing in this section shall be deemed to prohibit—

(*a*) any act done by permission in writing of the Forest-officer, or under any rule made by the Local Government; or

(*b*) the exercise of any right continued under clause (*c*) of sub-section (*2*) of section 15, or created by grant or contract in writing made by or on behalf of Government under section 23.

(*3*) Whenever fire is caused wilfully or by gross negligence in a reserved forest, the Local Government may (notwithstanding that any penalty has been inflicted under this section) direct that in such forest or any portion thereof the exercise of all rights of pasture or to forest produce shall be suspended for such period as it thinks fit.

Power to declare forest no longer reserved.

27. (*1*) The Local Government may, subject to the control of the Governor General in Council, by notification in the local official Gazette, direct that, from a date fixed by such notification, any forest or any portion thereof reserved under this Act shall cease to be a reserved forest.

(*2*) From the date so fixed, such forest or portion shall cease to be reserved; but the rights (if any) which have been extinguished therein shall not revive in consequence of such cessation.

CHAPTER III.

OF VILLAGE-FORESTS.

Formation of village-forests.

28. (*1*) The Local Government may assign to any village-community the rights of Government to or over any land which has been constituted a reserved forest, and may cancel such assignment. All forests so assigned shall be called village-forests.

(*2*) The Local Government may make rules for regulating the management of village-forests, prescribing the conditions under which the community to which any such assignment is made may be provided with timber or other forest-produce or pasture, and their duties for the protection and improvement of such forest.

(*3*) All the provisions of this Act relating to reserved forests shall (so far as they are not inconsistent with the rules so made) apply to village-forests.

CHAPTER IV.

OF PROTECTED FORESTS.

Protected forests.

29. (*1*) The Local Government may, by notification in the local official Gazette, declare the provisions of this Chapter applicable to any forest-land or waste-land which is not included in a reserved forest, but which is the property of Government, or over which the Government has proprietary rights, or to the whole or any part of the forest-produce of which the Government is entitled.

(*2*) The forest-land and waste-lands comprised in any such notification shall be called a "protected forest".

(*3*) No such notification shall be made unless the nature and extent of the rights of Government and of private persons in or over the forest-land or waste-land comprised therein have been inquired into and recorded at a survey or settlement, or in such other manner as the Local Government thinks sufficient. Every such record shall be presumed to be correct until the contrary is proved :

Provided that, if, in the case of any forest-land or waste-land, the Local Government thinks that such inquiry and record are necessary, but that they will occupy such length of time as in the meantime to endanger the rights of Government, the Local Government may, pending such inquiry and record, declare such land to be a protected forest, but so as not to abridge or affect any existing rights of individuals or communities.

Power to issue notification reserving trees, etc.

30. The Local Government may, by notification in the local official Gazette,—

(*a*) declare any trees or class of trees in a protected forest to be reserved from a date fixed by the notification ;

(*b*) declare that any portion of such forest specified in the notification shall be closed for such term, not exceeding thirty years, as the Local Government thinks fit, and that the rights of private persons, if any, over such portion shall be suspended during such term, provided that the remainder of such forest be sufficient, and in a locality reasonably convenient, for the due exercise of the rights suspended in the portion so closed ; or

(*c*) prohibit, from a date fixed as aforesaid, the quarrying of stone, or the burning of lime or charcoal, or the collection or subjection to any manufacturing process, or removal of, any forest-produce in any such forest, and the breaking up or clearing for cultivation, for building, for herding cattle or for any other purpose, of any land in any such forest.

Publication of translation of such notification in neighbourhood.

31. The Collector shall cause a translation into the local vernacular of every notification issued under section 30 to be affixed in a conspicuous place in every town and village in the neighbourhood of the forest comprised in the notification.

Power to make rules for protected forests

32. The Local Government may make rules to regulate the following matters, namely :—

(*a*) The cutting, sawing, conversion and removal of trees and timber, and the collection, manufacture and removal of forest-produce, from protected forests ;

(*b*) the granting of licenses to the inhabitants of towns and villages in the vicinity of protected forests to take trees, timber or other forest-produce for their own use, and the production and return of such licences by such persons ;

(*c*) the granting of licences to persons felling or removing trees or timber or other forest-produce from such forests for the purposes of trade, and the production and return of such licences by such persons ;

(*d*) the payments, if any, to be made by the persons mentioned in clauses (*b*) and (*c*) for permission to cut such trees, or to collect and remove such timber or other forest-produce ;

(*e*) the other payments, if any, to be made by them in respect of such trees, timber and produce, and the places where such payment shall be made ;

(*f*) the examination of forest-produce passing out of such forests ;

(*g*) the clearing and breaking up of land for cultivation or other purposes in such forests ;

(*h*) the protection from fire of timber lying in such forests and of trees reserved under section 30 ;

(*i*) the cutting of grass and pasturing of cattle in such forests ;

(*j*) hunting, shooting, fishing, poisoning water and setting traps or snares in such forests, and the killing or catching of elephants in such forests in areas in which the Elephants' Preservation Act, 1879, is not in force ; VI of 1879.

(*k*) the protection and management of any portion of a forest closed under section 30 ; and

(*l*) the exercise of rights referred to in section (29 .

Penalties for acts in contravention of notification under section 30 or of rules under section 32.

33. (*1*) Any person who commits any of the following offences, namely :—

(*a*) fells, girdles, lops, taps or burns any tree reserved under section 30, or strips off the bark or leaves from, or otherwise damages, any such tree ;

(*b*) contrary to any prohibition under section 30, quarries any stone, or burns any lime or charcoal, or collects, subject to any manufacturing process, or removes any forest-produce ;

(*c*) contrary to any prohibition under section 30, breaks up or clears for cultivation or any other purpose any land in any protected forest ;

(*d*) sets fire to such forest, or kindles a fire without taking all reasonable precautions to prevent its spreading to any tree reserved under section 30, whether standing, fallen or felled, or to any closed portion of such forest ;

(*e*) leaves burning any fire kindled by him in the vicinity of any such tree or closed portion ;

(*f*) fells any tree or drags any timber so as to damage any tree reserved as aforesaid ;

(*g*) permits cattle to damage any such tree ;

(*h*) infringes any rule made under section 32 ;

shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

(*2*) Whenever fire is caused wilfully or by gross negligence in a protected forest, the Local Government may, notwithstanding that any penalty has been inflicted under this section, direct that in such forest or any portion thereof the exercise of any right of pasture or to forest-produce shall be suspended for such period as it thinks fit.

Nothing in this Chapter to prohibit acts done in certain cases.

34. Nothing in this Chapter shall be deemed to prohibit any act done with the permission in writing of the Forest-officer, or in accordance with rules made under section 32, or, except as regards any portion of a forest closed under section 30, or as regards any rights the exercise of which has been suspended under section 33, in the exercise of any right recorded under section 29.

CHAPTER V.

OF THE CONTROL OVER FORESTS AND LANDS NOT BEING THE PROPERTY OF GOVERNMENT.

Protection of forests for special purposes.

35. (*1*) The Local Government may, by notification in the local official Gazette, regulate or prohibit in any forest or waste-land—

(*a*) the breaking up or clearing of land for cultivation ;

(*b*) the pasturing of cattle ; or

(*c*) the firing or clearing of the vegetation ; when such regulation or prohibition appears necessary for any of the following purposes :—

(*i*) for protection against storms, winds, rolling stones, floods and avalanches ;

(*ii*) for the preservation of the soil on the ridges and slopes and in the valleys of hilly tracts, the prevention of landslips or of the formation of ravines and torrents, or the protection of land against erosion, or the deposit thereon of sand, stones or gravel ;

(*iii*) for the maintenance of a water-supply in springs, rivers and tanks ;

(*iv*) for the protection of roads, bridges, railways and other lines of communication ;

(*v*) for the preservation of the public health.

(*2*) The Local Government may, for any such purpose, construct at its own expense, in or upon any forest or waste-land, such work as it thinks fit.

(*3*) No notification shall be made under sub-section (*1*) nor shall any work be begun under sub-section (*2*), until after the issue of a notice to the owner of such forest or land calling on him to show cause, within a reasonable period to be specified in such notice, why such notification should not be made or work constructed, as the case may be, and until his objections, if any, and any evidence he may produce in support of the same, have been heard by an officer duly appointed in that behalf and have been considered by the Local Government.

Power to assume management of forests.

36. (*1*) In case of neglect of, or wilful disobedience to, any regulation or prohibition under section 35, or if the purposes of any work to be constructed under that section so require, the Local Government may, after notice in writing to the owner of such forest or land and after considering his objections, if any, place the same under the control of a Forest-officer, and may declare that all or any of the provisions of this Act relating to reserved forests shall apply to such forest or land.

(*2*) The net profits, if any, arising from the management of such forest or land shall be paid to the said owner.

Expropriation of forests in certain cases.

37. (*1*) In any case under this Chapter in which the Local Government considers that, in lieu of placing the forest or land under the control of a Forest-officer, the same should be acquired for public purposes, the Local Government may proceed to acquire it in the manner provided by the Land Acquisition Act, 1894. I of 1894

(*2*) The owner of any forest or land comprised in any notification under section 35 may, at any time not less than three or more than twelve years from the date thereof, require that such forest or land shall be acquired for public purposes, and the Local Government shall acquire such forest or land accordingly.

Protection of forests at request of owners.

38. (*1*) The owner of any land or, if there be more than one owner thereof, the owners of shares therein amounting in the aggregate to at least two-thirds thereof may, with a view to the formation or conservation of forests thereon, represent in writing to the Collector their desire—

(*a*) that such land be managed on their behalf by the Forest-officer as a reserved or a protected forest on such terms as may be mutually agreed upon; or

(*b*) that all or any of the provisions of this Act be applied to such land.

(*2*) In either case, the Local Government may, by notification in the local official Gazette, apply to such land such provisions of this Act as it thinks suitable to the circumstances thereof and as may be desired by the applicants.

CHAPTER VI.

OF THE DUTY ON TIMBER AND OTHER FOREST-PRODUCE.

Power to impose duty on timber and other forest-produce.

39. (*1*) The Local Government may levy a duty in such manner, at such places and at such rates as it may declare by notification in the local official Gazette on all timber or other forest-produce—

(*a*) which is produced in British India, and in respect of which the Government has any right;

(*b*) which is brought from any place outside British India:

Provided that a notification directing the levy of a duty, in the case of timber and other forest-produce brought from any place outside British India which is not under the control of the Local Government, shall not be issued without the previous sanction of the Governor General in Council.

(*2*) In every case in which such duty is directed to be levied *ad valorem*, the Local Government may fix by like notification the value on which such duty shall be assessed.

(*3*) All duties on timber or other forest-produce which at the time when this Act comes into force in any territory are levied therein under the authority of the Local Government, shall be deemed to be and to have been duly levied under the provisions of this Act.

Limit not to apply to purchase-money or royalty

40. Nothing in this Chapter shall be deemed to limit the amount, if any, chargeable as purchase-money or royalty on any timber or other forest-produce, although the same is levied on such timber or produce while in transit, in the same manner as duty is levied.

CHAPTER VII.

OF THE CONTROL OF TIMBER AND OTHER FOREST-PRODUCE IN TRANSIT.

Power to make rules to regulate transit of forest-produce

41. (*1*) The control of all rivers and their banks as regards the floating of timber as well as the control of all timber and other forest-produce in transit by land or water, is vested in the Local Government, and it may make rules to regulate the transit of all timber and other forest-produce.

(*2*) In particular and without prejudice to the generality of the foregoing power such rules may—

(*a*) prescribe the routes by which alone timber or other forest-produce may be imported, exported or moved into, from or within British India ;

(*b*) prohibit the import or export or moving of such timber or other produce without a pass from an officer duly authorised to issue the same, or otherwise than in accordance with the conditions of such pass ;

(*c*) provide for the issue, production and return of such passes and for the payment of fees therefor ;

(*d*) provide for the stoppage, reporting, examination and marking of timber or other forest-produce in transit, in respect of which there is reason to believe that any money is payable to Government on account of the price thereof, or on account of any duty, fee, royalty or charge due thereon, or, to which it is desirable for the purposes of this Act to affix a mark ;

(*e*) provide for the establishment and regulation of depôts to which such timber or other produce shall be taken by those in charge of it for examination, or for the payment of such money, or in order that such marks may be affixed to it ; and the conditions under which such timber or other produce shall be brought to, stored at and removed from such depôts ;

(*f*) prohibit the closing up or obstructing of the channel or banks of any river used for the transit of timber or other forest-produce, and the throwing of grass, brushwood, branches or leaves into any such river or any act which may cause such river to be closed or obstructed ;

(*g*) provide for the prevention or removal of any obstruction of the channel or banks of any such river, and for recovering the cost of such prevention or removal from the person whose acts or negligence necessitated the same ;

(*h*) prohibit absolutely or subject to conditions, within specified local limits, the establishment of saw-pits, the converting, cutting, burning, concealing or making of timber, the altering or effacing of any marks or the same, or the possession or carrying of marking hammers or other implements used for marking timber ;

(*i*) regulate the use of property marks for timber, and the registration of such marks ; prescribe the time for which such registration shall hold good ; limit the number of such marks that may be registered by any one person, and provide for the levy of fees for such registration.

(*3*) The Local Government may direct that any rule made under this section shall not apply to any specified class of timber or other forest-produce or to any specified local area.

Penalty for breach of rules made under section 41.

42. (*1*) The Local Governmnet may by such rules prescribe as penalties for the contravention thereof imprisonment for a term which may extend to six months, or fine which may extend to five hundred rupees, or both.

(*2*) Such rules may provide that penalties which are double of those mentioned in sub-section (*1*) may be inflicted in cases where the offence is committed after sunset and before sunrise, or after preparation for resistance to lawful authority, or where the offender has been previously convicted of a like offence.

Government and Forest-officers not liable for damage to forest-produce at depôt

43. The Government shall not be responsible for any loss or damage which may occur in respect of any timber or other forest-produce while at a depôt established under a rule made under section 41, or while detained elsewhere, for the purposes of this Act ; and no Forest-officer shall be responsible for any such loss or damage, unless he causes such loss or damage negligently, maliciously or fraudulently.

All persons bound to aid in case of accident at depôt

44. In case of any accident or emergency involving danger to any property at any such depot, every person employed at such depot, whether by the Government or by any private person, shall render assistance to any Forest-officer or Police-officer demanding his aid in averting such danger or securing such property from damage or loss.

CHAPTER VIII.

OF THE COLLECTION OF DRIFT AND STRANDED TIMBER.

Certain kinds of timber to be deemed property of Government until title thereto proved, and may be collected accordingly

45. (*1*) All timber found adrift, beached, stranded or sunk ;

all wood or timber bearing marks which have not been registered in accordance with the rules made under section 41, or on which the marks have been obliterated, altered or defaced by fire or otherwise ; and

in such areas as the Local Government directs, all unmarked wood and timber ;

shall be deemed to be the property of Government, unless and until any person establishes his right and title thereto, as provided in this Chapter.

(2) Such timber may be collected by any Forest-officer or other person entitled to collect the same by virtue of any rule made under section 51, and may be brought to any depot which the Forest-officer may notify as a depot for the reception of drift timber.

(3) The Local Government may, by notification in the local official Gazette, exempt any class of timber from the provisions of this section.

Notice to claimants of drift-timber

46. Public notice shall from time to time be given by the Forest-officer of timber collected under section 45. Such notice shall contain a description of the timber, and shall require any person claiming the same to present to such officer, within a period not less than two months from the date of such notice, a written statement of such claim.

Procedure on claim preferred to such timber

47. (1) When any such statement is presented as aforesaid, the Forest-officer may, after making such enquiry as he thinks fit, either reject the claim after recording his reasons for so doing, or deliver the timber to the claimant.

(2) If such timber is claimed by more than one person, the Forest-officer may either deliver the same to any of such persons whom he deems entitled thereto, or may refer the claimants to the Civil Courts, and retain the timber pending the receipt of an order from any such Court for its disposal.

(3) Any person whose claim has been rejected under this section may, within three months from the date of such rejection, institute a suit to recover possession of the timber claimed by him ; but no person shall recover any compensation or costs against the Government, or against any Forest-officer, on account of such rejection, or the detention or removal of any timber, or the delivery thereof to any other person under this section.

(4) No such timber shall be subject to process of any Civil, Criminal or Revenue Court until it has been delivered, or a suit has been brought, as provided in this section.

Disposal of unclaimed timber.

48. If no such statement is presented as aforesaid, or if the claimant omits to prefer his claim in the manner and within the period fixed by the notice issued under section 46, or on such claim having been so preferred by him and having been rejected, omits to institute a suit to recover possession of such timber within the further period fixed by section 47, the ownership of such timber shall vest in the Government, or, when such timber has been delivered to another person under section 47, in such other person free from all encumbrances not created by him.

Government and its officers not liable for damage to such timber

49. The Government shall not be responsible for any loss or damage which may occur in respect of any timber collected under section 45, and no Forest-officer shall be responsible for any such loss or damage, unless he causes such loss or damage negligently, maliciously or fraudulently.

Payments to be made by claimant before timber is delivered to him

50. No person shall be entitled to recover possession of any timber collected or delivered as aforesaid until he has paid to the Forest-officer or other person entitled to receive it such sum on account thereof as may be due under any rule made under section 51.

Power to make rules and prescribe penalties

51. (*1*) The Local Government may make rules to regulate the following matters, namely :—

(*a*) the salving, collection and disposal of all timber mentioned in section 45 ;

(*b*) the use and registration of boats used in salving and collecting timber ;

(*c*) the amounts to be paid for salving, collecting, moving, storing or disposing of such timber ; and

(*d*) the use and registration of hammers and other instruments to be used for making such timber.

(*2*) The Local Government may prescribe, as penalties for the contravention of any rules made under this section, imprisonment for a term which may extend to six months, or fine which may extend to five hundred rupees, or both.

CHAPTER IX.

PENALTIES AND PROCEDURE.

Seizure of property liable to confiscation

52. (*1*) When there is reason to believe that a forest-offence has been committed in respect of any forest produce, such produce, together with all tools, boats, carts or cattle used in committing any such offence, may be seized by any Forest-officer or Police-officer.

(*2*) Every officer seizing any property under this section shall place on such property a mark indicating that the same has been so seized, and shall, as soon as may be, make a report of such seizure to the Magistrate having jurisdiction to try the offence on account of which the seizure has been made :

Provided that, when the forest-produce with respect to which such offence is believed to have been committed is the property of Government, and the offender is unknown, it shall be sufficient if the officer makes, as soon as may be, a report of the circumstances to his official superior.

Power to release property seized under section 52.

53. Any Forest-officer of a rank not inferior to that of a Ranger who, or whose subordinate, has seized any tools, boats, carts or cattle under section 52, may release the same on the execution by the owner thereof of a bond for the production of the property so released, if and when so required, before the Magistrate having jurisdiction to try the offence on account of which the seizure has been made.

Procedure thereupon

54. Upon the receipt of any such report, the Magistrate shall, with all convenient despatch, take such measures as may be necessary for the arrest and trial of the offender and the disposal of the property according to law.

Forest-produce, tools, etc., when liable to confiscation.

55. (*1*) All timber or forest-produce which is not the property of Government and in respect of which a forest-offence has been committed, and all tools, boats, carts and cattle used in committing any forest-offence, shall be liable to confiscation.

(*2*) Such confiscation may be in addition to any other punishment prescribed for such offence.

Disposal, on conclusion of trial for forest-offence, of produce in respect of which it was committed.

56. When the trial of any forest-offence is concluded, any forest produce in respect of which such offence has been committed shall, if it is the property of Government or has been confiscated, be taken charge of by a Forest-officer, and, in any other case, may be disposed of in such manner as the Court may direct.

Procedure when offender not known or cannot be found

57. When the offender is not known or cannot be found, the Magistrate may, if he finds that an offence has been committed, order the property in respect of which the offence has been committed to be confiscated and taken charge of by the Forest-officer, or to be made over to the person whom the Magistrate deems to be entitled to the same:

Provided that no such order shall be made until the expiration of one month from the date of seizing such property, or without hearing the person, if any, claiming any right thereto, and the evidence, if any, which he may produce in support of his claim.

Procedure as to perishable property seized under section 52.

58. The Magistrate may, notwithstanding anything hereinbefore contained, direct the sale of any property seized under section 52 and subject to speedy and natural decay, and may deal with the proceeds as he would have dealt with such property if it had not been sold.

Appeal from orders under section 55, section 56 or section 57

59. The officer who made the seizure under section 52, or any of his official superiors, or any person claiming to be interested in the property so seized, may, within one month from the date of any order passed under section 55, section 56, or section 57, appeal therefrom to the Court to which orders made by such Magistrate are ordinarily appealable, and the order passed on such appeal shall be final.

Property when to vest in Government

60. When an order for the confiscation of any property has been passed under section 55 or section 57, as the case may be, and the period limited by section 59 for an appeal from such order has elapsed, and no such appeal has been preferred, or when, on such an appeal being preferred, the Appellate Court confirms such order in respect of the whole or a portion of such property, such property or such portion thereof, as the case may be, shall vest in the Government free from all incumbrances.

Saving of power to release property seized.

61. Nothing hereinbefore contained shall be deemed to prevent any officer empowered in this behalf by the Local Government from directing at any time the immediate release of any property seized under section 52.

Punishment for wrongful seizure

62. Any Forest-officer or Police-officer who vexatiously and unnecessarily seizes any property on pretence of seizing property liable to confiscation under this Act shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

Penalty for counterfeiting or defacing marks on trees and timber and for altering boundary-marks.

63. Whoever, with intent to cause damage or injury to the public or to any person, or to cause wrongful gain as defined in the Indian Penal Code— XLV of 1860

(*a*) knowingly counterfeits upon any timber or standing tree a mark used by Forest-officers to indicate that such timber or tree is the property of the Government or of some person, or that it may lawfully be cut or removed by some person, or

(*b*) alters, defaces or obliterates any such mark placed on a tree or on timber by or under the authority of a Forest officer, or

(*c*) alters, moves, destroys or defaces any boundary-mark of any forest or waste land to which the provisions of this Act are applied,

shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

Power to arrest without warrant

64. (*1*) Any Forest-officer or Police-officer may, without orders from a Magistrate and without a warrant, arrest any person against whom a reasonable suspicion exists of his having been concerned in any forest-offence punishable with imprisonment for one month or upwards.

(*2*) Every officer making an arrest under this section shall, without unnecessary delay and subject to the provisions of this Act as to release on bond, take or send the person arrested before the Magistrate having jurisdiction in the case, or to the officer in charge of the nearest police-station.

(*3*) Nothing in this section shall be deemed to authorise such arrest for any act which is an offence under Chapter IV unless such act has been prohibited under clause (*c*) of section 30

Power to release on a bond a person arrested

65. Any Forest-officer of a rank not inferior to that of a Ranger, who, or whose subordinate, has arrested any person under the provisions of section 64, may release such person on his executing a bond to appear, if and when so required, before the Magistrate having jurisdiction in the case, or before the officer in charge of the nearest police-station.

Power to prevent commission of offence

66. Every Forest-officer and Police-officer shall prevent, and may interfere for the purpose of preventing, the commission of any forest-offence.

Power to try offences summarily.

67. The District Magistrate or any Magistrate of the first class specially empowered in this behalf by the Local Government may try summarily, under the Code of Criminal Procedure, 1898, any forest-offence punishable with imprisonment for a term not exceeding six months, or fine not exceeding five hundred rupees, or both. V of 1898.

Power to compound offences

68. (*1*) The Local Government may, by notification in the local official Gazette, empower a Forest-officer—

(*a*) to accept from any person against whom a reasonable suspicion exists that he has committed any forest-offence, other than an offence specified in section 62, or section 63, a sum of money by way of compensation for the offence which such person is suspected to have committed, and

(*b*) when any property has been seized as liable to confiscation, to release the same on payment of the value thereof as estimated by such officer.

(*2*) On the payment of such sum of money, or such value, or both, as the case may be, to such officer, the suspected person, if in custody, shall be discharged, the property, if any, seized shall be released, and no further proceedings shall be taken against such person or property.

(*3*) A Forest-officer shall not be empowered under this section unless he is a Forest-officer of a rank not inferior to that of a Ranger and is in receipt of a monthly salary amounting to at least one hundred rupees, and the sum of money accepted as compensation under clause (*a*) of sub-section (*1*) shall in no case exceed the sum of fifty rupees.

Presumption that forest-produce belongs to Government

69. When in any proceedings taken under this Act, or in consequence of anything done under this Act, a question arises as to whether any forest-produce is the property of the Government, such produce shall be presumed to be the property of the Government until the contrary is proved.

CHAPTER X.

CATTLE-TRESPASS.

Cattle-trespass Act, 1871, to apply.

70. Cattle trespassing in a reserved forest or in any portion of the protected forest which has been lawfully closed to grazing shall be deemed to be cattle doing damage to a public plantation within the meaning of section 11 of the Cattle-trespass Act, 1871, and may be seized and impounded as such by any Forest-officer or Police-officer. I of 1871.

Power to alter fines fixed under that Act.

71. The Local Government may, by notification in the local official Gazette, direct that, in lieu of the fines fixed under section 12 of the Cattle-trespass Act, 1871, there shall be levied for each head of cattle impounded under section 70 of this Act such fines as it thinks fit, but not exceeding the following, that is to say :— I of 1871.

For each elephant	Ten rupees.
For each buffalo or camel	Two "
For each horse, mare, gelding, pony, colt, filly, mule, bull, bullock, cow or heifer ...	One rupee.
For each calf, ass, pig, ram, ewe, sheep, lamb, goat or kid	Eight annas.

CHAPTER IX.

OF FOREST-OFFICERS.

Local Government may invest Forest-officers with certain powers.

72. (*1*) The Local Government may invest any Forest-officer with all or any of the following powers, that is to say :—

(*a*) power to enter upon any land and to survey, demarcate and make a map of the same ;

(*b*) the powers of a Civil Court to compel the attendance of witnesses and the production of documents and material objects ;

(*c*) power to issue a search-warrant under the Code of Criminal Procedure, 1898 ; and V of 1898.

(*d*) power to hold an inquiry into forest-offences and, in the course of such inquiry to receive and record evidence.

(*2*) Any evidence recorded under clause (*d*) of sub-section (*1*) shall be admissible in any subsequent trial before a Magistrate, provided that it has been taken in the presence of the accused person.

Forest-officers deemed public servants.

73. All Forest-officers shall be deemed to be public servants within the meaning of the Indian Penal Code. XLV of 1860.

Indemnity for acts done in good faith.

74. No suit shall lie against any public servant for anything done by him in good faith under this Act.

Forest-officers not to trade.

75. Except with the permission in writing of the Local Government, no Forest-officer shall, as principal or agent, trade in timber or other forest-produce, or be or become interested in any lease of any forest or in any contract for working any forest, whether in or outside British India.

CHAPTER XII.

SUBSIDIARY RULES.

Additional power to make rules.

76. The Local Government may make rules :—

(*a*) to prescribe and limit the powers and duties of any Forest-officer under this Act ;

(*b*) to regulate the rewards to be paid to officers and informers out of the proceeds of fines and confiscation under this Act ;

(*c*) for the preservation, reproduction and disposal of trees and timber belonging to Government, but grown on lands belonging to or in the occupation of private persons ; and

(*d*) generally, to carry out the provisions of this Act.

Penalties for breach of rules

77. Any person contravening any rule under this Act, for the contravention of which no special penalty is provided, shall be punishable with imprisonment for a term which may extend to one month, or fine which may extend to five hundred rupees, or both.

Rules when to have force of law

78. All rules made by the Local Government under this Act shall be published in the local official Gazette, and shall thereupon, so far as they are consistent with this Act, have effect as if enacted therein.

CHAPTER XIII.

MISCELLANEOUS.

Persons bound to assist Forest-officers and Police-officers

79. (*1*) Every person who exercises any right in a reserved or protected forest, or who is permitted to take any forest-produce from, or to cut and remove timber or to pasture cattle in, such forest, and every person who is employed by any such person in such forest, and

every person in any village contiguous to such forest who is employed by the Government, or who receives emoluments from the Government for services to be performed to the community,

shall be bound to furnish without unnecessary delay to the nearest Forest-officer or Police-officer any information he may possess respecting the commission of, or intention to commit, any forest-offence, and shall forthwith take steps, whether so required by any Forest-officer or Police-officer or not,—

(*a*) to extinguish any forest fire in such forest of which he has knowledge or information ;

(*b*) to prevent by any lawful means in his power any fire in the vicinity of such forest of which he has knowledge or information from spreading to such forest,

and shall assist any Forest-officer or Police-officer demanding his aid—

(*c*) in preventing the commission in such forest of any forest-offence ; and

(*d*) when there is reason to believe that any such offence has been committed in such forest, in discovering and arresting the offender.

(*2*) Any person who, being bound so to do, without lawful excuse (the burden of proving which shall lie upon such person) fails—

(*a*) to furnish without unnecessary delay to the nearest Forest-officer or Police-officer any information required by sub-section (*1*) ;

(*b*) to take steps as required by sub-section (*1*) to extinguish any forest fire in a reserved or protected forest ;

(*c*) to prevent, as required by sub-section (*1*), any fire in the vicinity of such forest from spreading to such forest, or

(*d*) to assist any Forest-officer or Police-officer demanding his aid in preventing the commission in such forest of any forest-offence, or when there is reason to believe that any such offence has been committed in such forest in discovering and arresting the offender ;

shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to two hundred rupees, or with both.

Management of forests the joint property of Government and other persons.

80. (*1*) If the Government and any person be jointly interested in any forest or waste-land, or in the whole or any part of the produce thereof, the Local Government may either—

(*a*) undertake the management of such forest, waste-land or produce, accounting to such person for his interest in the same ; or

(*b*) issue such regulations for the management of the forest, waste-land or produce by the person so jointly interested as it deems necessary for the management thereof and the interests of all parties therein.

(*2*) When the Local Government undertakes under clause (*a*) of sub-section (*1*) the management of any forest, waste-land or produce, it may, by notification in the local official Gazette, declare that any of the provisions contained in Chapters II and IV shall apply to such forest, waste-land or produce, and thereupon such provisions shall apply accordingly.

Failure to perform service for which a share in produce of Government forest is enjoyed

81. If any person be entitled to a share in the produce of any forest which is the property of Government or over which the Government has proprietary rights or to any part of the forest-produce of which the Government is entitled, upon the condition of duly performing any service connected with such forest, such share shall be liable to confiscation in the event of the fact being established to the satisfaction of the Local Government that such service is no longer so performed :

Provided that no such share shall be confiscated until the person entitled thereto, and the evidence, if any, which he may produce in proof of the due performance of such service, have been heard by an officer duly appointed in that behalf by the Local Government.

Recovery of money due to Government

82. All money payable to the Government under this Act or under any rule made under this Act, or on account of the price of any forest-produce, or of expenses incurred in the execution of this Act in respect of such produce, may, if not paid when due, be recovered under the law for the time being in force as if it were an arrear of land-revenue.

Lien on forest-produce for such money

83. (*1*) When any such money is payable for or in respect of any forest produce, the amount thereof shall be deemed to be a first charge on such produce and such produce may be taken possession of by a Forest-officer until such amount has been paid.

(*2*) If such amount is not paid when due, the Forest-officer may sell such produce by public auction, and the proceeds of the sale shall be applied first in discharging such amount.

(*3*) The surplus, if any, if not claimed within two months from the date of the sale by the person entitled thereto, shall be forfeited to His Majesty.

Land required under this Act to be deemed to be needed for a public purpose under the Land Acquisition Act, 1894

84. Whenever it appears to the Local Government that any land is required for any of the purposes of this Act, such land shall be deemed to be needed for a public purpose within the meaning of section 4 of the Land Acquisition Act, 1894. I of 1894.

Recovery of penalties due under bond.

85. When any person, in accordance with any provision of this Act, or in compliance with any rule made thereunder, binds himself by any bond or instrument to perform any duty or act, or covenants by any bond or instrument that he, or that he and his servants and agents will abstain from any act, the whole sum mentioned in such bond or instrument as the amount to be paid in case of a breach of the conditions thereof may, notwithstanding anything in section 74 of the Indian Contract Act, 1872, be recovered from him in case of such breach as if it were an arrear of land-revenue. IX of 1872.

Repeals

86. The enactments mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 23rd September 1927, and is hereby promulgated for general information :—

ACT No. XXXI OF 1927.

An Act further to amend the Assam Labour and Emigration Act, 1901, for certain purposes.

WHEREAS it is expedient further to amend the Assam Labour and Emigration Act, 1901, for certain purposes hereinafter appearing; It is hereby enacted as follows :— VI of 1901.

Short title.

1. This Act may be called the Assam Labour and Emigration (Amendment) Act, 1927.

Amendment of section 116E, Act VI of 1901.

2. For sub-section (*2*) of section 116E of the Assam Labour and Emigration Act, 1901 (hereinafter referred to as the said Act), the following sub-section shall be substituted, namely :— VI of 1901.

"(*2*) Such cess shall be payable on every person deputed by an employer to engage or assist persons to emigrate and on every person assisted to emigrate to a labour district :

Provided that the rates at which the cess is levied shall not exceed the following rates, namely :—

Five rupees a year on each person so deputed ; and
Five rupees on each person assisted to emigrate."

Validation of recoveries prior to commencement of this Act.

3. Where any sum has been paid as cess under section 116E of the said Act before the commencement of this Act, notwithstanding that it was not so payable, and such sum would have been payable if this Act had been in force at the time of the payment, such sum shall be deemed to have been legally due as cess, and no claim shall lie in any Court for its refund.

Secretary to the Government of India (offg.).

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 22nd September, 1927, and is hereby promulgated for general information :—

ACT No. XXVI OF 1927.

An Act further to amend the Cantonments Act, 1924, for certain purposes.

WHEREAS it is expedient further to amend the Cantonments Act, 1924, for the purposes hereinafter appearing; It is hereby enacted as follows :— II of 1924

Short title

1. This Act may be called the Cantonments (Amendment) Act, 1927.

Amendment of section 4, Act II of 1924.

2. In sub-section (*1*) of section 4 of the Cantonments Act, 1924 (hereinafter referred to as the said Act), the word "immediate" shall be omitted. II of 1924.

Amendment of section 20, Act II of 1924.

3. To sub-section (*1*) of section 20 of the said Act the following proviso shall be added, namely :—

"Provided that when a military officer holding the office of President ceases to be the Officer Commanding the Station merely by reason of a temporary absence from the station on duty or on station leave, or during the transfer of his headquarters to a hill station, he shall not vacate the office of President."

Amendment of section 34, Act II of 1924.

4. For sub-section (*1*) of section 34 of the said Act, the following shall be substituted, namely :—

"(*1*) The Local Government may remove from a Board any member thereof who—

(*a*) becomes subject to any of the disqualifications specified in sub-section (*2*) of section 27, or in sub-section (*2*) of section 28 ; or

(*b*) has absented himself for more than three consecutive months from the meetings of the Board and is unable to explain such absence to the satisfaction of the Board ; or

(*c*) has knowingly contravened the provisions of section 32 ; or

(*d*) being a legal practitioner, acts or appears on behalf of any other person against the Board in any legal proceeding or against the Secretary of State in Council in any such proceeding relating to any matter in which the Board is or has been concerned, or acts or appears on behalf of any person in any criminal proceeding instituted by or on behalf of the Board against such person."

Substitution of new section for section 35, Act II of 1924

5. For section 35 of the said Act, the following section shall be substituted, namely :—

Consequences of removal.

"35. (1) A member removed under clause (*b*) of sub-section (*1*) of section 34 shall, if otherwise qualified, be eligible for re-election or re-nomination.

(*2*) A member removed under clause (*c*) or clause (*d*) of sub-section (*1*) of section 34 shall not be eligible for re-election or nomination for the period during which, but for such removal, he would have continued in office.

(3) A member removed under sub-section (2) of section 34 shall not be eligible for re-election or nomination until the expiry of three years from the date of his removal."

Amendment of section 60, Act II of 1924

6. To section 60 of the said Act the following proviso shall be added, namely :—

"Provided that, where the previous sanction of the Governor General in Council is required to the imposition of any tax in a municipality, such sanction shall also be required to its imposition in a cantonment."

Amendment of section 65, Act II of 1924.

7. In sub-section (1) of section 65, after the word "tax", where it appears for the second time, the word "assessed" shall be inserted.

Amendment of section 66, Act II of 1924.

8. In section 66, after the word "tax", the word "assessed" shall be inserted.

Amendment of section 75, Act II of 1924.

9. In section 75 of the said Act, for the words "the tax payable thereon" the words "any tax assessed on the annual value thereof" shall be substituted.

Amendment of section 76, Act II of 1924.

10. In section 76 of the said Act, for the words "the tax payable thereon" the words "any tax assessed on the annual value thereof and payable" shall be substituted.

Amendment of section77, Act II of 1924

11. In section 77 of the said Act,—

(a) for the words "the tax payable in respect of that year on the whole building", the words "any tax assessed on the annual value of the whole building and payable in respect of that year" shall be substituted ; and

(b) in the proviso for the words "Provided that no such remission" the words "No remission or refund under section 75, section 76, or section 77" shall be substituted, and

the proviso, as so amended, shall be numbered as section 77A.

Amendment of section 107, Act II of 1924.

12. For sub-section (3) of section 10 of the said Act, the following shall be substituted, namely :—

"(3) A Cantonment Authority may, from time to time, with the previous sanction of the Local Government, invest any portion of its cantonment fund in securities of the Government of India or in such other securities, including fixed deposits in banks, as the Local Government may approve in this behalf, and may dispose of such investments or vary them for others of a like nature."

Amendment of section 268, Act II of 1924.

13. In clause (*hh*) of sub-section (2) of section 280 of the said Act, for the words "of taxes may be made in respect" the words "may be made of taxes assessed on the annual value" shall be substituted.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 19th September, 1927 :—

L. A. BILL NO. 44 OF 1927.

A Bill further to amend the Inland Bonded Warehouses Act, 1896, for certain purposes.

WHEREAS it is expedient further to amend the Inland Bonded Warehouses Act, 1896, for the purposes hereinafter appearing ; It is hereby enacted as follows :— VIII of 1896

Short title

1. This Act may be called the Inland Bonded Warehouses (Amendment) Act, 192 .

Amendment of section 4, Act VIII of 1896

2. (*1*) In sub-section (*1*) of section 4 of the Inland Bonded Warehouses Act, 1896 (hereinafter referred to as the said Act), VIII of 1896

(*a*) the words "with the previous sanction of the Local Government" shall be omitted ; and

(*b*) the following proviso shall be added, namely :—

"Provided that, where a warehouse is to be wholly or partly in the charge of officers serving under a Local Government, it shall not be appointed or licensed as an inland bonded warehouse until the Local Government has signified its assent to such appointment or license."

(2) In sub-section (2) of the same section, the following words shall be added at the end, namely :—

"and, if the owner so desires, as if goods, in respect of which the procedure laid down in sections 90, 91 and 92 of the said Act has been complied with, were goods already warehoused at a warehousing port within the meaning of section 105 of the said Act."

Amendment of sections 5 and 7, Act VIII of 1896

3. In sections 5 and 7 of the said Act, for the words "Local Government" the words "Chief Customs-authority" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

It is the practice to allow goods intended for warehousing at an inland bonded warehouse to be removed there from the wharf or ship's side direct. It has been pointed out that under the law as it stands, strictly interpreted, no goods ought to be removed to an inland bonded warehouse unless they had previously been deposited in a warehouse at a customs-port; to enforce this would be a useless and expensive formality. It is, therefore, proposed that the existing practice should be regularised.

2. Some inland bonded warehouses are managed by officers of the Local Governments, others by officers directly subordinate to the Central Board of Revenue. With respect to the latter class, it is proposed, in pursuance of the principle of the Central Board of Revenue Act, 1924, that the Local Governments should be divested of authority, their authority in other cases being maintained by the provision that the Chief Customs-authority (*i.e.*, the Central Board of Revenue) must obtain the assent of the Local Government before appointing or licensing any inland bonded warehouse.

CALCUTTA, *the 12th November 1927.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for October 1927.

I. **Character of the season.**—During the month under review, the rainfall was decidedly below normal throughout the Presidency except in the districts of Jalpaiguri, Mymensingh, Chittagong and the Chittagong Hill Tracts, and in the Tripura State, where it was in excess of the normal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparatory tillage for the spring crops and the sowings, especially of the early varieties, continued under favourable conditions. Harvesting of autumn paddy was almost over.

III. **State of standing crops.**—The rainfall of the month, an important factor in the development of winter paddy, being defective, materially affected the condition of the late transplanted crop, specially in parts of Murshidabad, Burdwan, Birbhum, Bankura, Dinajpur, Bogra and Malda.

IV. **Prospects and probable outturn.**—The prospects of deep-water paddy were satisfactory, while those of transplanted paddy were generally fair except in parts of West and North Bengal, where the outturn is anticipated to be poor. The outturn of the sugarcane crop is expected to be about 80 per cent. of the normal.

V. **Damage to standing crops.**—Damage to *aman* paddy by insects in parts of the Chittagong district was reported during the third week of the month.

VI. **Condition of agricultural stock.**—The condition of livestock was generally fair. Sporadic cases of cattle-disease were, however, reported from eleven districts.

VII. **Failure of pasturage and fodder.**—The supply of fodder was generally sufficient except in parts of Murshidabad, Birbhum and Faridpur, where some insufficiency was reported.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the price of common rice of the cheapest quality rose in six districts, fell in six and remained stationary in the rest of the province. It varied from 4 seers 14 chitaks per rupee at Bogra to 7 seers in the Chittagong Hill Tracts.

IX. **Condition of agricultural population.**—The condition of the agricultural population was on the whole fair, except in parts of Birbhum, Dinajpur and Malda, where distress continues to prevail owing to a partial failure of the winter rice crop. Test relief works were opened and agricultural loans continued to be distributed. *Rabi* seeds were being distributed on loan by the Collectors assisted by the Agricultural Department.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 9th November 1927.

Summary.—Excepting light and scattered showers in Howrah and in parts of North and East Bengal, the week was practically rainless. Preparatory tillage for and sowings of spring crops continue favourably excepting in some West Bengal districts where lack of adequate moisture is being felt. Harvesting of the early variety of winter paddy has commenced in some East Bengal districts. Distress continues to prevail in parts of Birbhum, Bankura, Dinajpur and Malda. Test relief works continue at Nalhati and Tarapur in Birbhum where 48 and 220 persons respectively worked on the 6th November and also at Patnitola and Porsha police-stations in Dinajpur where 988 persons were employed on the 1st idem. The test relief work has been opened at Nachole thana in Malda where 800 men are working and also at Sonamukhi police-station in the district of Bankura on the 31st October. The number of persons attending at the latter place is very limited. The average price of common rice for the province has fallen by about 0·33 per cent. as compared with that of the previous week.

Howrah.

No 2542P.H.—The 18th November 1927.—The following draft of by-laws which have been framed by the Commissioners of the Bally Municipality, in the district of Howrah, under section 350 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 351 of the Act, is published for the information of persons affected thereby.

2. The draft will be taken into consideration on the 3rd January 1928, and any objection or suggestion received by the undersigned through the District Magistrate before that date will be duly considered :—

Draft By-Laws framed by the Commissioners of Bally Municipality, under section 350 of the Bengal Municipal Act.

Definitions.

1. In these by-laws,

(1) "Carriage" includes also a motor car.

(2) "Cattle" means cattle as defined in section 3 of the Cattle Trespass Act, 1871 (I of 1871), and

(3) "Cart" includes also a motor lorry.

General exception.

2. No act which constitutes an offence under section 34 of the Police Act (V of 1861) shall be punishable under by-laws Nos. 6, 7, 21, 31, 38, 62, 75 and 76.

Penalties.

3. *Fines.*—The penalty for infringement of any of these by-laws shall be—

(*a*) a fine not exceeding the sum stated at the foot of the by-law,

(*b*) in the case of a second or subsequent conviction for similar offence, a fine not exceeding the sum (if any) stated in that behalf at the foot of the by-law, and

(*c*) in the case of continuing offence, a further fine not exceeding the sum (if any) stated at the foot of the by-law as the daily fine which daily fine may be imposed for each day after written notice of the offence from the Commissioners.

Regulation of traffic on roads.

4. No owner of any carriage or cart shall allow it to be driven on any road by a driver under fourteen years of age.

Fine, Rs. 10.

5. No driver shall drive or have in his change on any road more than one carriage or cart, except in the case of two carts the hinder one of which is securely fastened to the preceding cart.

Fine, Rs. 10.

6. No person shall keep standing on any road any carriage, cart or animal in such a manner as to cause inconvenience to the public for any time longer than may reasonably be required for loading or unloading or for taking up or setting down passengers.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

7. No person shall leave any carriage, cart or animal on any road without a person in charge thereof.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

8. Any person driving a carriage or cart or riding a bicycle, or driving, leading or riding an animal or carrying a palanquin on any road, shall, when passing any vehicle coming from the opposite direction, keep to his left and shall, when overtaking any vehicle, keep to his right.

Fine, Rs. 10.

9. No person shall drive any of the undermentioned vehicle or animals or convey any palanquin on any road between half an hour after sunset and half an hour before sunrise, unless the lights are provided as follows :—

(*a*) every carriage must carry two conspicuous lights, one on each side,
(*b*) every cart must carry one conspicuous light,
